Good morning Renae,

1. Change Order #4 addressed the Value Engineering and the impact on some of the COA DBE's individual bid items. The result of this change has not impacted the overall Commitment per each DBE.
2. Change Order #5 addressed the underrun for Dirt & Aggregate from $324,400 to $319,796 while reallocating that amount to Bella Terra to $320,987.48.

You OEO's concurrence on both change orders. Please inform the County that DMCS needs to be updated (since September 2021).

Have a great day.
