Why would you like to serve on this board/commission?	I am passionate about improving the health and well-being of children in our community, particularly through prevention and early intervention. As a pediatric dentist, I see firsthand how social, economic, and access-related factors impact children's health outcomes. I would like to contribute my clinical and public health perspective to support programs and policies that improve access to care, promote health equity, and create healthier environments for children and families in Snohomish County.
Please explain why you are a qualified candidate, including relevant professional experience, to serve on the board/commission.	I am a practicing pediatric dentist with a background in public health, with experience serving diverse and often underserved pediatric populations. My work focuses on preventive care, early childhood oral health, and improving access to dental services. Through my clinical experience, I regularly collaborate with families, schools, and healthcare providers to address barriers to care. My training in public health allows me to approach these challenges from both an individual and systems-level perspective, making me well-positioned to contribute to discussions on policy, program development, and community health initiatives.
Please list community involvement/volunteer activities	I have been involved in community-focused efforts related to children's health, including patient education, preventive care initiatives, and outreach to families in underserved populations. My work often includes collaborating with caregivers and community partners to improve awareness of early childhood oral health and access to care. (Listed in my CV)
