Subject: Interlocal Agreement with Yakima County for technology services.

Scope: The proposed interlocal agreement would allow for the continuation of information services from Yakima County’s data center to enhance and expand Snohomish County’s disaster recovery capabilities. These services include the physical co-location of Snohomish County information technology equipment in Yakima County’s data center, on-site ‘smart hands’ support by Yakima County IT staff, and internet access.

Fiscal Impact: Current Year Multi-Year N/A

Funds for these services are included in the IT 2025-2026 biennial budget. The maximum amount of services for the five-year term is \$179,663.75, and will be billed annually.

Expenditures	2025	2026	Total
505.5148614801 Enterprise Technology	\$35,932.75	\$35,932.75	\$179,663.75
Total			\$179,663.75

Duration: The proposed agreement would be from January 1, 2025, through December 31, 2029 (5-year term).

Authority Granted: Approve and authorize the Executive to execute the Interlocal Agreement and associated Amendments between Snohomish County and Yakima County to receive information technology services, under SCC 3.04.140(11).

Background: In 2019, Snohomish County IT entered into a five-year Interlocal Agreement with Yakima County to receive information services from that county to utilize the Yakima County’s data center to enhance and expand Snohomish County’s disaster recovery capabilities. The current ILA expires December 31, 2024, and a renewal has been negotiated.

Requested Action: For Council to consider the motion.
