☒ Commercial Recycling Firm

I request to be a ☒ voting member ☐ non-voting member

☐ Other Business (specify) \_\_\_\_\_

The Solid Waste Advisory Committee is tasked with providing an exchange of information between the County, municipalities, citizens, and industries in the County. It provides policy recommendations to the County on solid waste and resource recovery issues that reflects both the needs of residents and the most appropriate use of resources within the requirements of various laws and regulations. The Committee also reviews and comments on plans prepared by the Solid Waste Division.

With the goals of this Committee in mind, please explain why you are a qualified candidate to serve on the Solid Waste Advisory Committee. Include why you are interested and relevant personal or professional experience:

I am interested in being fully informed and sharing information to help us serve our communities and county to the best of our ability. For the last few months, I have been with the Public Sector division of WM in the Puget Sound. I manage several municipal contracts in King, Snohomish, and Skagit Counties. I regularly meet with city staff, attend city/council meetings and am getting up to speed on learning and managing municipal solid waste contracts. I am also learning what keeps solid waste staff and elected officials “up at night” and I hope to work to provide them clarity on their contracts and help them to create a more sustainable city. I am a problem solver and look forward to serving on SWAC to learn more about solid waste issues as well as Snohomish County issues. I hope to be of service to the County while learning more to help me reach my full potential in the solid waste industry.
