MEMORANDUM

DATE: June 24, 2011

TO: Dave Somers, Chair, Snohomish County Council

FROM: Aaron Reardon, Snohomish County Executive 

RE: Snohomish County Historic Preservation Commissioner Appointment

The Historic Preservation Commission was created to advise the county on historic preservation issues and to serve as the Design Review Board for special valuation, a state tax incentive for rehabilitation of historic properties. It surveys and inventories historic resources; nominates properties to local, state and national registers of historic places; reviews proposals to modify historic register structures; and conducts educational programming related to historic preservation and archaeological preservation. The commission is made up of 10 members. There are currently four vacancies.

Snohomish County received this application from Mr. Chris Jenkins who has over 35 years experience working with America's cultural resources. He is currently employed with the US Army Corp of Engineers as the Cultural Resources Program Manager and Tribal Specialist for the Seattle District's Regulatory Branch. Prior to his employment with the Corps, Mr Jenkins worked for the US Forest Service as a Forest Archeologist on the Daniel Boone National Forest. One of his many accomplishments was the restoration of the Clear Creek Iron Furnace on the Cumberland Ranger District.

It is the intention of Mr. Jenkins to share his expertise and experience to the Snohomish County Historic Preservation Commission. His preservation knowledge would be an asset to the commission.

Pursuant to SCC 2.03.030, I hereby recommend Council confirmation of Chris Jenkins to be appointed to the Snohomish County Historic Preservation Commission for a three year term expiring December 31, 2014.

Professional experience relevant to Board/Commission

I have over 35 years experience working with America's cultural resources. I am currently the Cultural Resource Program Manager and Tribal Specialist for the Seattle District's Regulatory Branch. I also have collateral duties with the Corps' Northwest Division office out of Portland as the Section 106 subject matter expert. Prior to my employment with the Corps, I worked for U. S. Forest Service. I was the Forest Archaeologist on the Daniel Boone NF from 2006 to 2009 and on the Clearwater NF in ID from 2003 to 2006. One of my accomplishments on the Daniel Boone was the successful restoration of an 1860s iron furnace that was funded with a Congressional Earmark and American Recovery and Reinvestment Act funds. Prior to that, I worked as a District Archaeologist for the Santa Fe NF, spent the better part of two decades working as a self employed cultural resource consultant, and worked as member of an international excavation team in Pakistan from 1988 until 2000. I have also worked at the State Historic Preservation offices in Oregon and Wisconsin.

Community involvement

My community involvement has centered around children's programs. I served on the community soccer board in Orofino, ID. The board raised funds to support the school's soccer programs and organized all the local recreation leagues. I have also coached soccer, basketball, and baseball. I've been active with the Cub Scouts and Boys Scouts. Over the years I attended and participated in public meetings on a variety of issues.

Do you serve on any other Snohomish County Board or Commission?* No

Reasons for serving/other comments

I see great value to the community in historic preservation and I'm interested in preserving America's past. I have experience and expertise that would benefit the Historic Preservation Commission.
