THIS AGREEMENT is entered into by and between SNOHOMISH COUNTY, a political subdivision of the State of Washington, through its Department of Information Technology (hereinafter “County” or “SCIT”) and Snohomish Regional Fire and Rescue (hereinafter “Agency”) for the purpose of SCIT providing information technology services to Agency.

WHEREAS, this Agreement is made pursuant to the authority granted by Chapter 39.34 RCW, the Interlocal Cooperation Act; and

WHEREAS, Chapter 2.350 of the Snohomish County Code (SCC) provides for SCIT to provide for information services, information processing, software and purchased information services to public agencies and cash-on-delivery customers; and

WHEREAS, Agency is a “public agency” as that term is defined in SCC 2.350.020(13) and RCW 39.34.020; and

WHEREAS, Agency requires information technology services, which may include maintenance and support, assistance in the planning, management, control, operation, and use of information services, network, telecommunications, information processing, equipment, purchased services and proprietary software.

NOW, THEREFORE, and in consideration of the respective agreements set forth below and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the County and Agency agree as follows:

1. Scope of Information Technology Services:

- a. The County will provide information technology goods and information processing services as agreed upon in Work Order (WO). Each WO shall be executed by the County Executive, or designee, and an authorized agent for Agency, and subject to the general terms and conditions of this Agreement. Each WO will include a description of the specific services to be provided, the term, and the costs of such service from quotation or from the published rate or fee schedule, and any other terms or conditions applicable to that service. The scope of information technology goods and information services to be provided are limited to the following:

- A. Provide space in the Meet-Me-Room rack to mount Agency's network equipment in the SCIT data center;
- B. Provide cross-connects to connect to other agencies or services located in the SCIT data center;
- C. Assist in the planning, management, control, operation and use of integrated city, jurisdictional, government and County networks, telecommunications, information processing, systems and equipment required by Agency; provide Internet Service Provider (ISP) services;
- D. Coordination of the planning, management, control, operation, and use of information services, backbone network, telecommunications, information processing, equipment, purchased services and proprietary software required by Agency;

2. Contract Maximum: All Work Orders executed under this ILA shall not exceed an aggregate total of \$100,000.00.

3. TREATMENT OF ASSETS: COMPUTER APPLICATION PROGRAMS AND OTHER SOFTWARE SYSTEMS FURNISHED TO AGENCY BY THE COUNTY ARE FURNISHED ON AN "AS IS" BASIS WITH NO REPRESENTATIONS OR WARRANTIES REGARDING USE OR RESULTS INCLUDING ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR

PURPOSE, UNLESS INDICATED IN A WO FOR SERVICE.

Agency Data: "Agency Data" means the data provided or input by or on behalf of Agency, and User or Affiliate of Agency or any authorized Third-Party User for use with the services. Agency shall own all rights, title and interest in and be completely responsible for the Agency Data, which shall never be deemed to be property of the County, even if delivered or incorporated therewith into any custom software or service provided by the County. The County shall have no responsibility whatsoever for the accuracy, quality, integrity, legality, reliability, appropriateness, and intellectual property ownership of Agency Data, and the County shall not review, monitor or check the Agency Data except as necessary to provide the service to Agency. The County shall not be responsible for, or liable, in any way, for the deletion, destruction, damage, breach or loss of any Agency Data through no fault of the County or its providers.

Property: Title to all property furnished by the County shall remain in the County. Title to all property purchased by Agency for which Agency is not reimbursed by the County shall remain the property of Agency. Title to all property purchased by Agency for which Agency is reimbursed by the County and is used as a component of services provided under this Agreement shall pass to and vest in the County upon completion, termination, or cancellation of the relevant WO or this Agreement.

Any property of the County furnished to Agency shall, unless otherwise provided in this Agreement, or approved by the County, be used only for the performance of this Agreement or a WO. Agency shall be responsible for any loss or damage to County property that County furnishes to Agency.

If County property is lost, destroyed, or damaged, Agency shall immediately notify the County and shall take all reasonable steps to protect the property from further damage.

Surrender of Property: Agency shall surrender to County all property belonging to County upon completion, termination, or cancellation of this Agreement. Conversely, County shall surrender to Agency all property of Agency upon completion, termination, or cancellation of this Agreement.

4. Time of Performance: Pursuant to RCW 39.34.040 this Agreement shall become effective upon signature by both parties and either (a) listing of the Agreement by subject on either party's web site or (b) recording of the Agreement with the Snohomish County Auditor. The Agreement shall remain in force for a period up to five (5) years, unless terminated earlier by either party upon ninety (90) days prior written notice to the other party.
5. Compensation: At no additional cost to Agency, Agency may request an estimate or quotation of cost for proposed information technology goods or information processing services from County. Specific agreements addressing costs, term, schedules, and other factors will be described in an associated WO developed from initial estimates or quotations.

Agency will pay County for services provided hereunder and as set out in WOs.

Charges for information technology, goods and information processing services under this Agreement shall be based on the current published rate or fee schedule of the County in effect on the date of execution of this Agreement, unless the specific quotation described in the WO provides otherwise. Rate and Fee schedules are subject to change. The most current rate and fee schedule supersedes and replaces all previous published rate and fee schedules.

The County will submit an invoice or advice of charge to Agency annually in advance, or as defined in a WO, detailing charges for services rendered. Payment is due in full 30 days after receipt of the invoice by Agency and becomes delinquent sixty (60) days thereafter.

A late payment fee may be applied to any remaining balance sixty (60) days after receipt of invoice. Late payment charges, if any, will be imposed on the unpaid balance at a rate of one percent (1%) per month. If Agency fails to pay a WO invoice more than ninety (90) days past due, and fails to cure the same within 5 days written notice of the County, the County may terminate this Agreement or an applicable WO. Amounts disputed by Agency under Section 8 of this Agreement are not subject to late payment charges.

6. Obligations of Agency are as follows: As to all new Agency acquisitions of any information technology equipment, software or systems to be serviced under this Agreement, Agency shall undertake such acquisitions in accordance with guidelines, standards or procedures established by SCIT and shall secure written concurrence for any such procurement from the County Executive or his/her designee.

Agency shall make payment to County of all submitted invoices or advices of charge pursuant to Section 5 of this Agreement.

7. Mutual Covenants: Agency will promptly notify the County in writing of issues regarding invoices, or of services which Agency believes do not conform with the agreed upon terms of this Agreement and/or WO, within thirty (30) days of receipt of invoice or performance of services, whichever occurs later. Failure to give written notice within thirty (30) days after receipt of invoice or performance of services constitutes waiver of any objection to services or invoices.

Except as set forth in Section 5 of this Agreement, the parties shall attempt to resolve any issues arising under this Agreement and/or any applicable WO through negotiation and consultations. If that fails, the parties will seek to resolve disputes through the aid of a mutually selected, independent third party.

This Agreement may only be modified by a written amendment executed with the same formalities as are required for execution of this Agreement.

Both parties understand the County retains discretion regarding the operation and allocation

of the aggregate information processing capacity at its disposal, including the capacity covered by this Agreement. County agrees to allocate sufficient capacity to meet the existing processing requirements of Agency during the term of this Agreement.

8. County Review and Approval: Upon submittal of any request to execute a WO or to perform optional services under any executed WO, the County may, following review by the SCIT, agree to perform such work or reject it, or request such modification or additions as it deems appropriate.

At the outset of performance of each WO, or during performance of the WO to the extent the same is modified by the Parties, the County will either accept or reject Agency's systems and services as listed in the WO. The County will not invoice Agency until the County has accepted service and/or system delivery responsibility, and the WO has been approved per Section 1 of this Agreement. Agency is not required to pay for services or systems until the County accepts delivery responsibility for those services and/or systems.

9. Access to Books/Records: Each Party may, at reasonable times, and upon prior notification inspect the records of the other party relating to performance of this Agreement. County and Agency shall keep all records required by this Agreement in accordance with statutory archival requirements.

Subject to the liability limitations stated in Section 11 of this Agreement, County shall hold harmless, indemnify, and defend, at its own expense Agency, its elected and appointed officials, officers, employees and agents, from any loss or claim for damages of any nature whatsoever, except loss for data breach, arising out of County's performance of this Agreement, including claims by County employees or third parties, except for those losses or claims for damages solely caused by the negligence or willful misconduct of Agency, its elected and appointed officials, officers, employees or agents.

Subject to the liability limitations stated in Section 11 of this Agreement, in the event of liability for damages of any nature whatsoever arising out of the performance of this Agreement by Agency and County, including claims by Agency's and County's own officers, officials, employees, agents, volunteers, or third parties, caused by or resulting from the concurrent negligence of Agency and the County, their officers, officials, employees, agents and volunteers, each party's liability hereunder shall only be to the extent of that party's negligence.

11. Limitation of Liability: In no event will County or Agency be liable for any special, consequential, indirect, punitive or incidental damages, including but not limited to loss of data, loss of revenue, or loss of profits, arising out of or in connection with the performance of the County or Agency under this Agreement or any WO hereunder, even if the County or Agency has been advised of the possibility of such damages. Senior GIS Analyst Direct Support	\$95.00/hour

Support Services:

Each after-hours request to access the Data Center has an hourly fee of \$100, with a three-hour minimum charge. The hourly fee will be assessed for each major portion of an hour that access is needed, until the earlier of either 1) the incident resolution, or 2) resuming of County normal business hours. Once the after-hours access has exceeded twelve hours in duration, an additional \$200 flat fee will be assessed. After-hours access that exceeds 12 hours in duration will continue to incur a \$100 per hour fee.

Additional hardware and software requested by Agency may be acquired by the County under this Agreement, and the actual costs will be passed along to Agency on their monthly invoice following County payment for goods and/or services.

Internet usage to be reviewed by SCIT and Agency will be billed on the 95th percentile. Bandwidth data is measured from the customer's activated network interface port on SCIT internet colocation, gateway switch, and recorded in a log file every 1 minute. At the end of each month, the samples are sorted from highest to lowest, and the top 5% of bandwidth utilization data is discarded. The next highest measurement (95th percent) becomes the billable utilization for the month.

These graphs will be made available upon customer request. See example chart below:
