Subject: Interlocal Agreement Re: Jetty Landing Launch.

Scope: Ordinance 24-103 would approve and authorize the County Executive to execute the *Interlocal Agreement Between the Port of Everett, City of Everett, and Snohomish County for Operation and Maintenance of Jetty Landing Launch*.

Duration: Date of Execution until Termination.

Fiscal Impact: ☐ Current Year ☐ Multi-Year ☒ N/A

Authority Granted:

1- Authorization for the Executive to execute the interlocal agreement (ILA).

2- Authorization for the director of the Department of Conservation and Natural Resources (DCNR) to approve amendments to the agreement on behalf of the County.

Background:

Snohomish County, the Port of Everett and City of Everett collectively acquired the 10th Street Boat Launch, with Jetty Landing Park facilities, in 1972 to provide recreation opportunities. Since that time, the three parties have collaborated on several projects including some formalized through previous ILAs. The parties are permittees under National Pollution Discharge Elimination System (NPDES) and State Waste Discharge General Permits (collectively the “Stormwater Permits”). Some of the upcoming work for the Stormwater Permit compliance falls outside the scope of current ILAs.

Ordinance 24-103 approves an ILA that delineates responsibilities for stormwater permit compliance that are outside the realm of tasks addressed by current ILAs. The parties intend for the Port to perform those obligations identified in this ILA and its exhibits. The Port’s obligations would include performing a variety of routine repair and maintenance activities that have special requirements for stormwater permit compliance.

Request:

Set time and date for a public hearing on Ordinance 24-103.

Suggested: Wednesday, January 8, 2025, at 10:30 am.
