- state the relative positions of the parties;
- state the Grantee's name, address, and Grant number; and

The respondent shall send a written answer to the requestor's statement to both the Director or the Director's designee and the requestor within five (5) working days.

The Director or designee shall review the written statements and reply in writing to both parties within ten (10) working days. The Director or designee may extend this period if necessary by notifying the parties.

The decision shall not be admissible in any succeeding judicial or quasi-judicial proceeding.

The parties agree that this dispute process shall precede any action in a judicial or quasi-judicial tribunal.

Nothing in this Grant shall be construed to limit the parties' choice of a mutually acceptable alternate dispute resolution (ADR) method in addition to the dispute hearing procedure outlined above.

13. DUPLICATE PAYMENT

COMMERCE shall not pay the Grantee, if the Grantee has charged or will charge the State of Washington or any other party under any other Grant or agreement, for the same services or expenses.

14. GOVERNING LAW AND VENUE

This Grant shall be construed and interpreted in accordance with the laws of the state of Washington, and the venue of any action brought hereunder shall be in the Superior Court for Thurston County.

CAPITAL STATE FUNDS**

The Grantee expressly agrees to indemnify, defend, and hold harmless the State for any claim arising out of or incident to the Grantee's or any Grantee's performance or failure to perform the Grant. Grantee's obligation to indemnify, defend, and hold harmless the State shall not be eliminated or reduced by any actual or alleged concurrent negligence of State or its agents, agencies, employees and officials.

The Grantee waives its immunity under Title 51 RCW to the extent it is required to indemnify, defend and hold harmless the state and its agencies, officers, agents or employees.

16. INDEPENDENT CAPACITY OF THE GRANTEE

The parties intend that an independent contractor relationship will be created by this Grant. The Grantee and its employees or agents performing under this Grant are not employees or agents of the state of Washington or COMMERCE. The Grantee will not hold itself out as or claim to be an officer or employee of COMMERCE or of the state of Washington by reason hereof, nor will the Grantee make any claim of right, privilege or benefit which would accrue to such officer or employee under law. Conduct and control of the work will be solely with the Grantee.

17. INDUSTRIAL INSURANCE COVERAGE

The Grantee shall comply with all applicable provisions of Title 51 RCW, Industrial Insurance. If the Grantee fails to provide industrial insurance coverage or fails to pay premiums or penalties on behalf of its employees as may be required by law, COMMERCE may collect from the Grantee the full amount payable to the Industrial Insurance Accident Fund. COMMERCE may deduct the amount owed by the Grantee to the accident fund from the amount payable to the Grantee by COMMERCE under this Grant, and transmit the deducted amount to the Department of Labor and Industries, (L&I) Division of Insurance Services. This provision does not waive any of L&I's rights to collect from the Grantee.

18. LAWS

The Grantee shall comply with all applicable laws, ordinances, codes, regulations and policies of local, state, and federal governments, as now or hereafter amended.

19. LICENSING, ACCREDITATION, AND REGISTRATION

The Grantee shall comply with all applicable local, state, and federal licensing, accreditation and registration requirements or standards necessary for the performance of this Grant.

20. LIMITATION OF AUTHORITY

Only the Authorized Representative or Authorized Representative's designee by writing (designation to be made prior to action) shall have the express, implied, or apparent authority to alter, amend, modify, or waive any clause or condition of this Grant. Furthermore, any alteration, amendment, modification, or waiver or any clause or condition of this Grant is not effective or binding unless made in writing and signed by the Authorized Representative.

21. NONDISCRIMINATION

A. Nondiscrimination Requirement. During the performance of this Grant, the Grantee, including any subcontractor, shall comply with all federal, state, and local nondiscrimination laws, regulations and policies, this shall include but not be limited to the following: Grantee, including any subcontractor, shall not discriminate on the bases enumerated at RCW 49.60.530(3). In addition, Grantee,

including any subcontractor, shall give written notice of this nondiscrimination requirement to any labor organizations with which Grantee, or subcontractor, has a collective bargaining or other agreement.

The funds provided under this Grant shall not be used to fund religious worship, exercise, or instruction. No person shall be required to participate in any religious worship, exercise, or instruction in order to have access to the facilities funded by this Grant.

- B. Obligation to Cooperate.** Grantee, including any subcontractor, shall cooperate and comply with any Washington state agency investigation regarding any allegation that Grantee, including any subcontractor, has engaged in discrimination prohibited by this Grant pursuant to RCW 49.60.530(3).
- C. Default.** Notwithstanding any provision to the contrary, COMMERCE may suspend Grantee, including any subcontractor, upon notice of a failure to participate and cooperate with any state agency investigation into alleged discrimination prohibited by this Grant, pursuant to RCW 49.60.530(3). Any such suspension will remain in place until COMMERCE receives notification that Grantee, including any subcontractor, is cooperating with the investigating state agency. In the event Grantee, or subcontractor, is determined to have engaged in discrimination identified at RCW 49.60.530(3), COMMERCE may terminate this Grant in whole or in part, and Grantee, subcontractor, or both, may be referred for debarment as provided in RCW 39.26.200. Grantee or subcontractor may be given a reasonable time in which to cure this noncompliance, including implementing conditions consistent with any court-ordered injunctive relief or settlement agreement.
- D. State Home Energy Assistance Program-Weatherization (HEAP-Wx)

Wx HEATING AND COOLING SYSTEM REPLACEMENT PROGRAM

Introduction:

The state Home Energy Assistance Program-Weatherization (HEAP-Wx) is administered by the Washington State Department of Commerce's Weatherization Unit within the Energy Division. In accordance with Senate Bill 5187 of the 2023 legislative session, households that qualify for the HEAP-EA program, "each household accessing energy bill assistance must be offered an energy assessment that includes determining the household's need for clean cooling and heating system upgrades that improve safety and efficiency while meeting Washington's climate goals. If beneficial, households may be offered grant funding to cover the replacement of inefficient, outdated, or unsafe home heating and cooling with more energy-efficient electric heating and cooling technologies, such as heat pumps."

Households that qualify for bill assistance through Home Energy Assistance Program-Energy Assistance (HEAP-EA) and have pre-qualified for HEAP-Wx, will be referred to Local Agencies that administer weatherization programs.

The Local Agency will receive the referral list from the local HEAP-EA office and contact the client for the home energy assessment to determine the need for heating and cooling system replacement.

Low-income households that qualify for HEAP-Wx, may also be eligible for additional weatherization assistance through federal and state contracts at the Local Agency.

Policy 5.0 Client Eligibility

Clients will be approved and referred by the HEAP-EA program. *(See Policy 1.0.0-1.5.2 of the HEAP-EA Policy and Procedures Manual)*

1. To qualify for assistance, a household must earn at or below 80% of the Area Median Income and live in a community with high environmental health disparities.
2. Client eligibility for the HEAP-Wx program will be determined by HEAP-EA income eligibility requirements and the completion of the HEAP-EA Referral Questionnaire.
3. The client may be eligible to receive a replacement of inefficient, outdated, or unsafe home heating and cooling systems with more energy-efficient electric heating and cooling technologies, such as heat pumps.
4. The Referral Questionnaire consists of 3 questions to determine if there is a need for an energy assessment in the clients' home. The questions are as follows:
 - a. What type of heat source do you have in your home?
 - b. Does the heat source adequately heat the entire home?

State Home Energy Assistance Program-Weatherization (HEAP-Wx) Wx HEATING AND COOLING SYSTEM REPLACEMENT PROGRAM

- c. Is your heating source more than five (5) years old?

Policy 5.1 Administration

The Local Agency shall abide by all policies and procedures set forth in State HEAP-EA Policy Manual and State HEAP-Wx Policy Manual.

Policy 5.2 Referrals

Local Agencies will work in partnership with their local LIHEAP Energy Assistance office to obtain the referral list for the HEAP-Wx program. HEAP-EA contact information is listed below to assist with any communication needs.

1. The referral list is titled Report 814: Outreach for Weatherization.
2. Local Agencies will obtain the referral list from the local Energy Assistance office.
3. Agencies shall prioritize clients by their Certification Date, oldest to newest.
4. Weatherization households can be referred to the local HEAP-EA office for eligibility determination.
5. Only households that have been referred and approved through the HEAP-EA bill assistance program are eligible to receive HEAP-Wx funded replacements. All ineligible households will be considered a disallowed cost.

Policy 5.3 Contract Funding Allocation

The Weatherization Unit of the Department of Commerce will administer the HEAP-Wx contract. HEAP-Wx allocations were formulated through population data and environmental health disparities mapping tools.

State Home Energy Assistance Program-Weatherization (HEAP-Wx) Wx HEATING AND COOLING SYSTEM REPLACEMENT PROGRAM

HEAP-Wx grant funds will be allocated per the below budget line items:

- Administration is capped at 10% of total grant.
- Program Support is capped at 35% of Program Operations.
- Direct Services (all repair and installation measures and associated costs) 65% Program Operations.
- No more than 60% of funds may be used to target multifamily residential buildings.

Policy 5.4 Determining Scope of Work

The Local Agency will conduct a home site visit to determine whether the client's heating and cooling system needs repair or replacement.

1. A BPI-certified energy auditor will complete an energy assessment of the existing heating/cooling system to determine qualification based on one or more of the following factors:
 - a. The existing unit is inefficient
 - b. The existing unit is outdated (5 years or older)
 - c. The existing unit is unsafe
2. Building the Scope of Work
 - i. The Local Agency will determine the Scope of Work and assign an in-house HVAC crew or HVAC contractor/subcontractor to replace the existing unit.
 - ii. The energy auditor should keep all change orders to the Scope of Work in the client file.
 - iii. Upon completion of the replacement, an itemized invoice must be provided to the Local Agency for billing purposes.
3. There is no cost cap for replacing the existing heating/cooling system. All replacements must be more energy efficient and support Washington's decarbonization goals. All local codes and regulations must be followed.
4. Energy panel upgrades are an allowable expense if necessary for the installation of the replacement system.
5. Cadet/Convection heaters may be added as allowable expenses when conditions require.
6. When an existing unit is not electric and the home would benefit from replacing it with an electrical heating/cooling unit, it is up to the agency to determine whether to:

State Home Energy Assistance Program-Weatherization (HEAP-Wx)

Wx HEATING AND COOLING SYSTEM REPLACEMENT PROGRAM

- a. Install an electric heating/cooling system and leave the existing system as a back-up;
- b. Perform a fuel-switch using HEAP-Wx funding; or
- c. Leverage fuel-switch funds from the state Wx+Health program to complete fuel-switch.
 - i. Fuel-Switch through Wx+Health requires agencies to follow the Wx Policy Manual *Section 6.9.1.2 Tier 2 – Provisional State Wx+H Fuel Switch Measures*.
- a. The replacement of the existing unit with an electrical unit must be of higher efficiency than existing unit.
- b. The replacement to an electrical unit must not create additional operating expenses to the client. Fuel-switch must be more economical and efficient to the client.

Policy 5.5 Prevailing Wage

Any HEAP-Wx services that require the work of laborers are held to the State of Washington's Prevailing Wage Law. An intent and affidavit must be filed with the Department of Labor & Industries (L&I) before any payment may be issued for work performed by laborers. Reimbursements for completed work will not be approved for payment without the following documentation submitted in CMS:

- Copy of completed HEAP-EA [Report 214: Outreach for Wx](#)
- Photo of installed unit
- Itemized invoice
- Installation Completion Form ([Exhibit A](#)) signed by the client and final inspector or other qualified Local Agency staff

Policy 5.11 Reporting Requirements - Energy Assistance Program
