Subject: Master Services Agreement with Gateway International 360, LLC.

Scope: Provide Electric Vehicle Supply Equipment (EVSE) and Charge Management Software (CMS), including collaboration with the County's subcontractors (such as electrical engineers, construction and relevant trades) for the installation of Level 2 and Level 3 EVSE infrastructure.

GW1360 will provide Level 2 charging equipment, CMS software, communication, commissioning and integration, training for Fleet personnel, and post-installation service and support to Snohomish County Fleet Services for two initial projects:

- Main Campus: 20 - Dual port wall box - Atom Power E50 Series (AEV-48WB-D)
- Cathcart Way Operations Center: 10 - Dual port pedestal - Atom Power E50 Series (AEV-48CMPED-D)

Fiscal Impact: ☐ Current Year ☒ Multi-Year ☐ N/A

The proposed projects were in the adopted 2024 budget and continued into the adopted 2025-2026 biennial budget. Due to funding requirements these initial projects are to be completed in 2025. Additional EV projects are planned and as grant funds become available, matching funds have been anticipated.

Duration: Execution through June 31, 2030. May be extended or renewed for up to two (2) additional five (5) year terms.

Authority Granted: Approves and authorizes the County Executive to execute a master contract for the provisions of Electric Vehicle Supply Equipment and related services pursuant to the Requests for Proposals, under SCC 3.04.140.

Background: Gateway International 360 LLC was the highest scoring firm that responded to RFP-24-0328RB-S and was selected through established Federal, State and County policies and practices to provide phased, comprehensive Electric Vehicle Charging Solutions that include fleet, public-facing and workplace charging infrastructure.

Requested Action: For Council to move the motion to GLS on September 3, 2025, for consideration.
