Subject: Project Administration Agreement between the Central Puget Sound Regional Transit Authority and Snohomish County for the Everett Link Extension (EVLE) and Operations and Maintenance Facility North Project.

Scope: The intent of the agreement is to establish a Task Order Process for Sound Transit to reimburse the County for certain costs not covered by the County's land use, permitting, or other fee schedules. It is anticipated that a separate agreement or amendments to the agreement may be needed and developed by the Parties for reimbursement of certain Project-related construction services and assistance.

Duration: From execution through mutual agreement.

Fiscal Impact: Current Year Multi-Year N/A

Sound Transit 3 Regional Transit System Plan was approved and funded by voters in November 2016 which included the Everett Link Extension project.

Authority Granted: Approve and authorize the County Executive to sign the Project Administration Agreement between the Central Puget Sound Regional Transit Authority and Snohomish County for the Everett Link Extension and Operations and Maintenance Facilities North Project, under SCC 3.04.140(1) and 3.04.210.

Background: The Cities of Everett and Lynnwood, Snohomish County, Community Transit and Sound Transit executed a Multi-Jurisdictional Partnering Agreement for the Project GA 0176-20 on August 15, 2023, to document and confirm a mutual understanding of general terms and conditions to advance the implementation on the Project.

Sound Transit's Project includes facilities to be constructed within the County's jurisdiction. The County and Sound Transit, by this agreement, will work together to prepare, review and approve agreements between one another, and Sound Transit will prepare construction plans and secure property rights, permits, and approvals from the County and other entities of the construction of Sound Transit facilities.

Requested Action: For Council to consider the motion.
