<b>Total</b>	<b>\$180,000</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$180,000</b>

**Authority Granted:** Authorization for the County Executive to execute the Interlocal, RCW 39.34, the Interlocal Cooperation Act.

**Background:** As a part of Snohomish County’s 2024 Budget for the Division of Surface Water Management (SWM), the County Council established a Snohomish County Flood Damage Reduction Grant Program having a total funding amount of \$180,000.

The districts manage their facilities to improve the farming and use of agricultural land along the Snohomish River and to drain flood waters after major floods. The purpose of the grant program is to help maintain flood protection to homes, farms and County roads.

SWM convened a grant review process for the program and these three districts were selected to receive grant funds based upon the criteria of the application process.

The ordinance authorizes the Executive to sign Interlocal Agreements with Snohomish County Dike Improvement District No. 1, French Slough Flood Control District and the Marshland. It further authorizes the Director of the Snohomish County Department of Conservation and Natural Resources to approve and execute a written amendment with those districts to extend or renew each Interlocal for up to one additional one-year term.

**Request:** Move Ordinance 24-004 to General Legislative Session on January 29, 2025, to set time and date for a public hearing. Suggested: February 19, 2025, at 10:30 am.
