

**COUNTY ENGINEER’S REPORT**  
**FRANCHISE – WATER & SEWER FACILITIES**  
**CITY OF MARYSVILLE**

Pursuant to chapter 36.55.010 Revised Code of Washington (RCW), Section 9.20 Snohomish County Charter, and Title 13 of the Snohomish County Code (SCC), the City of Marysville has applied to Snohomish County (the “County”) for a franchise to construct, maintain, operate, replace, and repair its water distribution and wastewater conveyance facilities in County public rights-of-way, and for no other purpose or use whatsoever. Chapter 36.55 RCW and Snohomish County Charter Section 9.20 authorize the County to grant nonexclusive franchises for use of County public rights-of-way. Snohomish County’s franchise procedure is contained in Chapter 13.80 SCC. The County Engineer has examined the application and submits the following report to council in accordance with SCC 13.80.040.

**FINDINGS**

**1. Applicant**

The City of Marysville (“the City”), is a Washington municipal corporation that incorporated in 1891 and provides water and wastewater services to customers within the City limits and the City’s surrounding urban growth area in unincorporated Snohomish County, encompassing an approximate area of 25 square miles. The City was previously granted water franchises by Snohomish County via Ordinance 02-045 approved on October 16<sup>th</sup>, 2002 and recorded under Auditor’s File Number 200303240705, which expired on March 10<sup>th</sup>, 2018.

**2. Description of County Roads Included in the Proposed Franchise**

The proposed franchise includes all county rights-of-way located in the portions of unincorporated Snohomish County as shown in Exhibit A and within the township, range, and section below:

<u>Township</u>	<u>Range</u>	<u>Sections</u>
29N	5E	1, 2, 3, 4, 10, 11, 12
30N	5E	1-4, 9-16, 20-29, 31-36
31N	4E	23, 24, 25
31N	5E	17, 19-21, 27-36

**3. Description of Facilities**

The City’s municipal water is supplied the Edward Spring Wells, the Lake Goodwin Well, the Sunnyside Well, the Stillaguamish River, and also delivered from the City of Everett through a Joint Operating Agreement. The City owns and maintains the storage, transmission and

distribution systems within its service area with pipes primarily composed of cast iron and ductile iron pipe along with lesser amounts of galvanized iron, PVC, and asbestos cement. The City wastewater conveyance system is comprised of a network of gravity mains, force mains, and lift stations to move flows to the wastewater treatment plant located on the south side of the City along Ebey Slough.

Work proposed in the county right-of-way would consist of the construction, operation, and maintenance of the water and sewer facilities, such as water mains, water services, fire hydrants, blow-offs, sample stations, sewer mains, and sewer laterals that provide service to customers. Facility access is needed for reading water meters, fire hydrants usage, routine maintenance, and emergency repairs. All work shall be performed in compliance with all federal, state and local laws, rules and regulations (including, but not limited to, the County's comprehensive plan, zoning code, and other development regulations) that are applicable to any and all work or other activities performed by the District pursuant to or under authority of the Franchise as more fully described within the proposed franchise and Section 6 of this report.

#### **4. Insurance**

The City has agreed to obtain and maintain insurance for the term of the franchise in accordance with SCC 13.10.100 and Section 18 of the franchise. The Risk Management Division has reviewed and approved the insurance requirements in the proposed franchise. As provided in franchise Section 33, the franchise will not take effect until the City provides evidence of insurance acceptable to the Risk Management Division.

#### **5. Term of Franchise**

The initial term of the proposed franchise is for a period of ten (10) years (the "Initial Term"), beginning on the Effective Date as defined in Section 33 of the franchise, and automatically renew for an additional term of ten (10) years (the "Extended Term"). The County would have the right to unilaterally open negotiations with the City at any time after the Initial Term, as more fully described in franchise Section 3.3.

#### **6. Provisions of Franchise**

Under the proposed franchise, the City will:

- Obtain a right-of-way permit pursuant to Title 13 SCC prior to commencing any work within the public rights-of-way, as more fully described in franchise Section 4.
- Comply with the requirements of State law, County Charter, Title 13 SCC, the Engineering Design and Development Standards (EDDS), the county's Utility Accommodation Policy, and all right-of-way use permit application, review and construction standards, as more fully described in franchise Section 6.
- Promptly, at its own expense, relocate or remove its facilities from county rights-of-way when the County Engineer determines that it is necessary due to: traffic conditions; public safety; dedications, improvements and vacations of rights-of-way; and other reasons more fully described in franchise Section 9.

- Not in any event abandon in place all or a portion of their facilities without the express written consent of the county as more fully described in franchise Section 14.
- Compensate the county for its administrative expenses in preparing and processing the proposed franchise, as more fully described in franchise Section 15.2.
- Indemnify, defend and hold harmless any County Party from any and all claims, demands, liability, suits, and judgments, including costs of defense thereof, for bodily injury to persons, death, or property damage arising out of its use of public rights-of-way under the proposed franchise, as more fully described in franchise Section 16.
- Provide the county with adequate insurance appropriate for a water-sewer system franchise, as more fully described in franchise Section 18.
- Not assign any franchise rights or obligations without prior written consent of the county, as more fully described in franchise Section 22.
- Comply with Title VI Assurances and Non-Discrimination requirements, as more fully described in franchise Section 29.

### **COUNTY ENGINEER’S RECOMMENDATION**

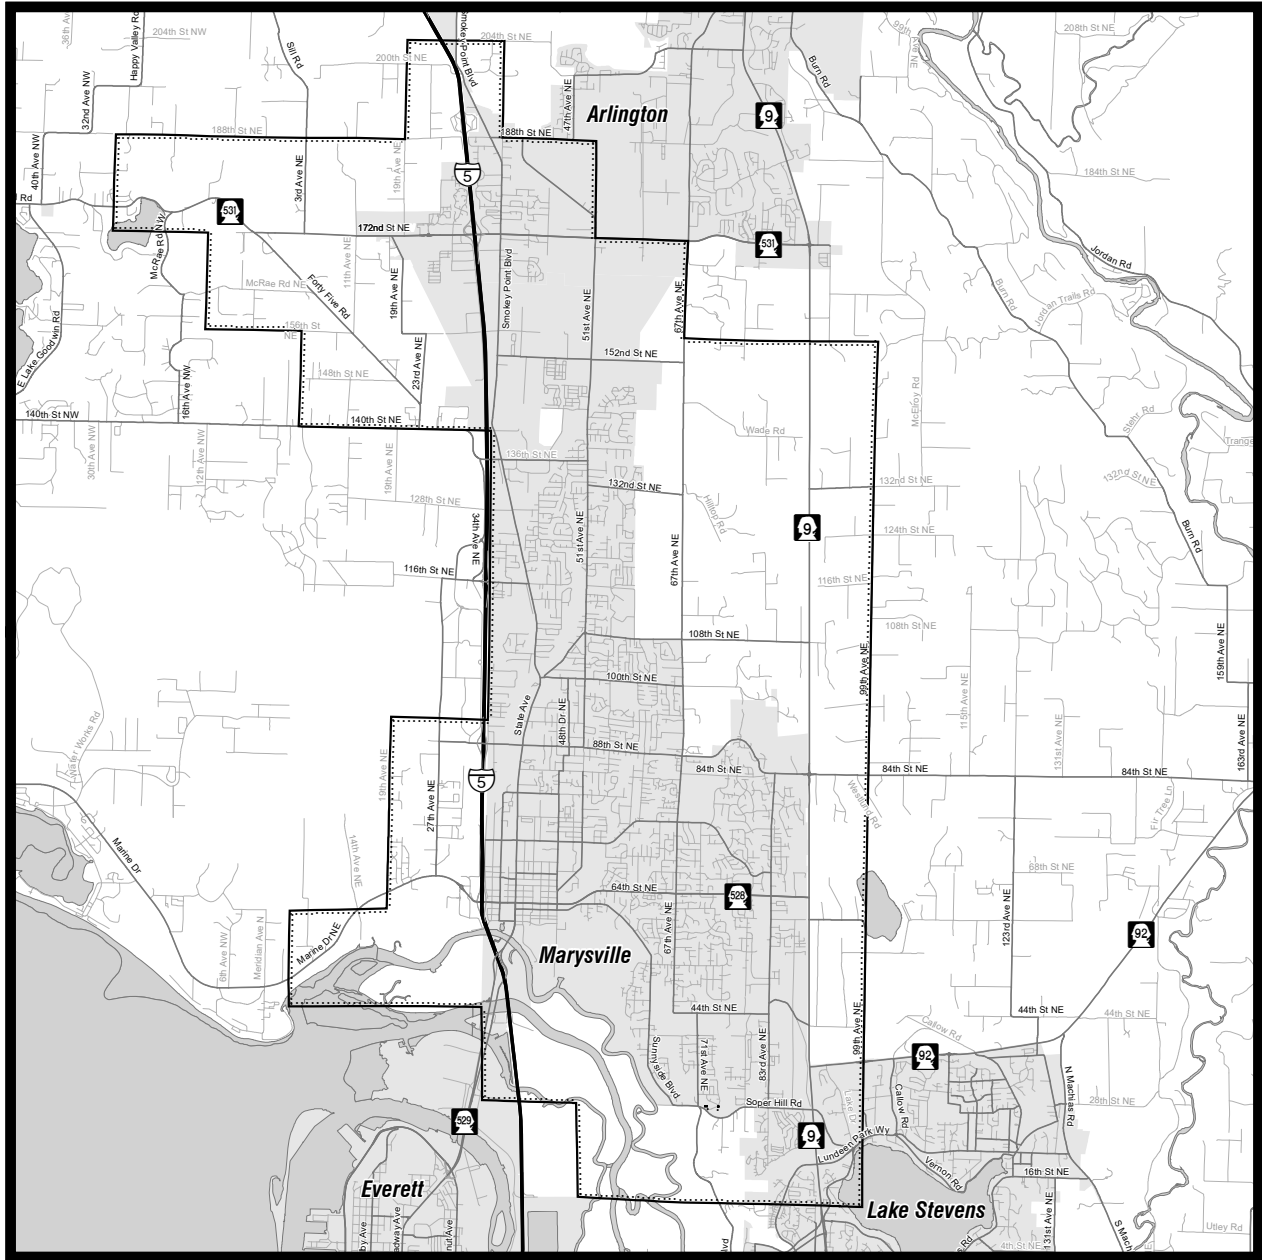

Based on the foregoing findings and pursuant to SCC 13.80.040, the County Engineer recommends the County Council grant a right-of-way franchise to the City of Marysville with an initial term of ten (10) years and an automatic renewal for an additional term of ten (10) years, under the terms and conditions of County Charter, County Code and the proposed ordinance granting a franchise.
