Subject: Approving award of School Based Health Centers project funds.

Scope: This project will add behavioral health services by partially funding several provider positions at the Community Health Center of Snohomish County School-based Health Centers in the Everett School District at Everett and Cascade High Schools and in the Edmonds School District at Meadowdale and Mountlake Terrace High Schools. Goals of this funding are to increase the number of providers available, decrease wait time for behavioral health services, and implement a “no wrong door” approach with a universal, broad-level, integrated screening tool will de-stigmatize student engagement with behavioral health screening. Rapid access to multiple care options, including brief interventions and individual, family, and group therapy will increase the identification and intervention of mental health and substance use issues in children, adolescents, and young adults seeking care. Contract is for a not to exceed amount of \$614,956.

Duration: Execution through August 30, 2026, with up to two additional one-year terms.

Authority Granted: Approves and authorizes the Executive to execute the agreement with Community Health Center of Snohomish County.

Background: Snohomish County secured Coronavirus Local Fiscal Recovery (CLFR) grant funds under the federal American Rescue Plan Act (ARPA). The County created the Office of Recovery & Resilience (ORR) through the budget to aid in the distribution of the ARPA funds. Community Health Center of Snohomish County has been contracted to operate school-based health centers at schools across Snohomish County to provide a private, convenient, and safe place for students to receive medical, dental, and mental health care.

Requested Action: For Council to move the motion to GLS on December 11th for consideration.
