5  
6 ORDINANCE NO. 24-044

7  
8 RELATING TO GROWTH MANAGEMENT AND UPDATES TO DEVELOPMENT REGULATIONS PURSUANT TO  
9 RCW 36.70A.130; SUPPORTING THE DEVELOPMENT OF PERMANENT SUPPORTIVE, EMERGENCY  
10 HOUSING, EMERGENCY SHELTERS, AND AFFORDABLE HOUSING; AMENDING CHAPTERS 30.22, 30.28,  
11 AND 30.91 OF THE SNOHOMISH COUNTY CODE  
12

13 WHEREAS, the Growth Management Act (GMA), chapter 36.70A of the Revised Code of  
14 Washington (RCW) requires Snohomish County (the "County") to plan for and accommodate housing  
15 affordable to all economic segments of the community, promote a variety of residential densities and  
16 housing types, and encourage preservation of existing housing stock; and  
17

18 WHEREAS, RCW 36.70A.130(5) requires the County to review and update the Growth  
19 Management Act Comprehensive Plan (GMACP) and development regulations by December 31, 2024,  
20 and every 10 years thereafter; and  
21

22 WHEREAS, since the previous GMACP update in 2015 the state legislature has passed a number  
23 of laws relating to emergency housing, emergency shelters, permanent supportive housing, and  
24 affordable housing; and  
25

26 WHEREAS, RCW 36.70A.545, originally adopted in 2019 as House Bill 1377, requires that the  
27 County allow an increased density bonus for any affordable housing development on property owned or  
28 controlled by a religious organization within an urban growth area; and  
29

30 WHEREAS, the Snohomish County development regulations currently only provide an affordable  
31 density bonus for housing developed in the Urban Core zoning designation and do not provide an  
32 affordable housing bonus for religious owned properties located outside that zone; and  
33

34 WHEREAS, RCW 36.01.290, amended in 2020 with House Bill 1754, requires that the county  
35 permit religious organizations to host the homeless on property that they own or control; and  
36

37 WHEREAS, the Snohomish County Code does not currently address hosting the homeless on  
38 religious-owned property; and  
39

40 WHEREAS, RCW 36.01.227, originally adopted in 2021 as Senate Bill 5235, requires that the  
41 County not limit the number of unrelated persons that may occupy a household or dwelling unit; and  
42

1 WHEREAS, Snohomish County Code (SCC) defines family to include up to six unrelated persons  
2 in SCC 30.91F.080; and

3  
4 WHEREAS, Chapter 30.70A RCW, amended in 2021 with House Bill 1220, requires that the  
5 Housing Element portion of the GMACP identify sufficient capacity of land for emergency housing,  
6 emergency shelters, and permanent supportive housing; and

7  
8 WHEREAS, SCC 30.91H.095 contains the definition of Health and Social Services Facilities (HSSF)  
9 Levels I-III uses, which are the most appropriate uses to contain emergency housing, emergency  
10 shelters, and permanent supportive housing uses; and

11 WHEREAS, on January 23, 2024, the Snohomish County Planning Commission (the “Planning  
12 Commission”) was briefed by PDS staff about the proposed code amendments contained in this  
13 ordinance; and

14  
15 WHEREAS, the Planning Commission held a public hearing on February 27, 2024, to receive  
16 public testimony concerning the proposed code amendments contained in this ordinance; and

17  
18 WHEREAS, at the conclusion of the Planning Commission’s public hearing, the Planning  
19 Commission deliberated on the proposed code amendments and voted to recommend approval of the  
20 code amendments relating to emergency housing, emergency shelters, permanent supportive housing,  
21 and affordable housing as shown in its recommendation letter dated March 15, 2024; and

22  
23 WHEREAS, on \_\_\_\_\_, 2024, the County Council held a public hearing after proper  
24 notice, and considered public comment and the entire record related to the code amendments  
25 contained in this ordinance; and

26  
27 WHEREAS, following the public hearing, the County Council deliberated on the code  
28 amendments contained in this ordinance;

29  
30 NOW, THEREFORE, BE IT ORDAINED:

31  
32 Section 1. The County Council adopts the following findings in support of this ordinance:

33  
34 A. The foregoing recitals are adopted as findings as if set forth in full herein.

35  
36 B. This ordinance amends chapter 30.22 SCC in the following manner:

- 37  
38 1. This ordinance amends SCC 30.22.100, the Urban Zone Categories Use Matrix, to allow  
39 Health and Social Services Facility (HSSF) Level III as a permitted use in the NB zone  
40 subject to existing reference note 136, consistent with the Hotel/Motel use, and adds a  
41 new reference note 139 for the HSSF Level III use. The ordinance adds a new reference  
42 note 140 to Dwelling, Attached Single Family; Dwelling, Cottage Housing; Dwelling,

1 Duplex; Dwelling, Mobile Home; Dwelling, Multiple Family; Dwelling, Single Family; and  
2 Dwelling Townhouse uses. These changes support the county in demonstrating  
3 sufficient capacity of emergency housing and emergency shelters, in line with the new  
4 requirements that HB 1220 made to RCW 36.70A.070 and with Washington State  
5 Department of Commerce guidance.  
6

7 2. Additionally, the ordinance adds a new use to the Urban Zone Categories Use Matrix,  
8 SCC 30.22.100, Emergency Shelter, Religious-Owned Property, with a new reference  
9 note, 141. This use is allowed in all urban zones. This change supports the new  
10 requirements that HB 1754 made to RCW 36.01.290.  
11

12 3. This ordinance amends SCC 30.22.110, the Rural and Resource Zone Categories Use  
13 Matrix, to allow HSSF Level III as a permitted use in the Rural Business (RB) and Rural  
14 Freeway Service (RFS) zone subject to a new reference note 139. This change supports  
15 the county in demonstrating sufficient capacity for emergency housing and emergency  
16 shelters, in line with the new requirements that HB 1220 made to RCW 36.70A.070. The  
17 ordinance adds a new use to the Rural and Resource Zone Categories Use Matrix,  
18 Emergency Shelter, Religious-Owned Property, with a new reference note, 141. This use  
19 is allowed in the Rural Diversification (RD), Rural 5-Acre (R-5), Rural Business (RB), and  
20 Clearview Rural Commercial (CRC) zones, to align with zones where the use church is  
21 currently allowed. This change supports the new requirements that HB 1754 made to  
22 RCW 36.01.290 and is consistent with Washington State Department of Commerce  
23 Guidance regarding emergency housing and emergency shelters and rural areas.  
24

25 4. This ordinance amends SCC 30.22.130 to add reference note 139 for HSSF Level III uses  
26 to specify that emergency shelters and emergency housing as defined in RCW  
27 36.70A.030 are the only Level III HSSF allowed in rural zones, as well as a reference note  
28 140 directing the reader to the new SCC provision for affordable housing located on  
29 property owned by a religious organization and reference note 141 directing the reader  
30 to the new SCC provision for emergency shelters on property owned by a religious  
31 organization.  
32

33 C. This ordinance amends Chapter 30.28 SCC in the following manner:

34 1. This ordinance adds a new section to Chapter 30.28 SCC to address affordable housing  
35 located on property owned or controlled by a religious organization. The new SCC  
36 30.28.130 outlines a density bonus incentive for affordable housing on a property  
37 owned by a religious organization. This change is in line with the requirements of RCW  
38 36.70A.545.  
39

40 2. This ordinance adds a new section to Chapter 30.28 SCC to address emergency shelters  
41 located on property owned by a religious organization. The new SCC 30.28.131  
42 addresses a new use "Emergency Shelter, Religious-Owned Property," which includes

1 indoor shelters, outdoor shelters, temporary small housing on site, and vehicle resident  
2 safe parking. This change is in line with RCW 36.01.290.

3  
4 D. This ordinance amends Chapter 30.91 SCC in the following manner:

5  
6 1. This ordinance amends SCC 30.91F.080, which defines “family” to remove the limit on  
7 the number of unrelated persons living together in a household. This change complies  
8 with RCW 36.01.227 that establishes that jurisdictions may not limit the number of  
9 unrelated persons in a household.

10  
11 2. This ordinance amends SCC 30.91H.095, which defines “Health and social services  
12 facilities.” This change clarifies that permanent supportive housing, as defined in RCW  
13 36.70A.030, is a HSSF Level I use and that emergency housing and emergency shelters  
14 are a HSSF Level III use. This change is in line with RCW 36.70A.070.

15  
16 E. In developing the proposed amendments, the County considered the GMA goal related to housing.  
17 In particular, the proposed amendments are consistent with and promote:

18  
19 GMA Goal 4 – “Housing. Plan for and accommodate housing affordable to all economic  
20 segments of the population of this state, promote a variety of residential densities and housing  
21 types, and encourage preservation of existing housing stock.”

22  
23 The code amendments support the housing goal by encouraging the development of affordable housing,  
24 emergency housing, emergency shelters, and permanent supportive housing. The proposed changes  
25 include establishing an affordable housing density bonus for affordable housing built on property owned  
26 or controlled by religious organizations. The changes also amend the definition of HSSF to explicitly  
27 include permanent supportive housing, emergency housing, and emergency shelters, and establish a  
28 new use Emergency Shelter, Religious-Owned Property.

29 F. The proposed amendments support achievement of the housing goal in the Multicounty Planning  
30 Policies (MPP) from the Puget Sound Regional Council VISION 2050 and maintain consistency with  
31 the following MPPs:

32  
33 MPP-H-3 – Achieve and sustain – through preservation, rehabilitation, and new development – a  
34 sufficient supply of housing to meet the needs of low-income, moderate-income, middle-  
35 income, and special needs individuals and households that is equitably and rationally distributed  
36 throughout the region.

37  
38 MP-H-4 – Address the need for housing affordable to low- and very low-income households,  
39 recognizing that these critical needs will require significant public intervention through funding,  
40 collaboration, and jurisdictional action.

1 MPP-H-11 Encourage interjurisdictional cooperative efforts and public-private partnerships to  
2 advance the provision of affordable and special needs housing.  
3

4 The proposed code amendments include amending the definition of HSSF uses to make permanent  
5 supportive housing a Level I use and emergency housing and emergency shelters a Level III, which  
6 would support the development of permanent supportive housing, emergency housing, and  
7 emergency shelters which are all types of special need housing. Following guidance provided by the  
8 Washington State Department of Commerce, the proposed code changes expand the zones in which  
9 HSSF Level III is a permitted use to match the zones in which the use Hotel/Motel is permitted to  
10 address the need for emergency housing and emergency shelters. The code amendments expand  
11 the definition of family, consistent with RCW 36.01.227, and remove a barrier to unrelated persons  
12 sharing a household. These changes support the intent of MPP-H-3 to achieve and maintain a  
13 sufficient supply of housing to meet the needs of low-income households and special needs  
14 households. The proposed amendments also include code provisions to facilitate the development  
15 of both permanent affordable housing, emergency housing, and emergency shelters on property  
16 owned or controlled by religious organizations. These changes support the intent of MPP-H 4 and  
17 MPP H-11 to engage in cooperative efforts to advance the provision of affordable and special needs  
18 housing.  
19

20 G. The proposed amendments are consistent with the following countywide planning policies (CPP):  
21

22 HO-3 The county and cities should participate in multi-jurisdictional affordable housing  
23 programs and engage in other cooperative efforts to promote and contribute to an adequate  
24 supply of affordable, special needs, and diverse housing countywide.  
25

26 HO-14 The county and cities should incentivize and promote the development and preservation  
27 of long-term affordable housing through the use of zoning, taxation, and other tools, including  
28 height or density bonuses, property tax incentives and parking requirement reductions. The  
29 incentives should apply where feasible to encourage affordable housing.  
30

31 The proposed amendments include code provisions to facilitate the development of both  
32 permanent affordable housing and emergency housing and emergency shelters on property owned  
33 or controlled by religious organizations. This supports the intent of CPP HO-3 to engage in  
34 cooperative efforts to advance the provision of affordable and special needs housing. The proposed  
35 amendments also include a density bonus for affordable housing on property owned or controlled  
36 by religious organizations; this supports the intent of CPP-HO-14 which direct the county and cities  
37 to implement density bonuses and other tools support the development of affordable housing.  
38

39 H. The proposed amendments maintain consistency with the Snohomish County Growth Management  
40 Act Comprehensive Plan (GMACP) General Policy Plan (GPP). The following policies apply to the  
41 proposed code amendments:  
42

1 HO Policy 1.C.3 The county shall encourage for-profit and non-profit sector production of new  
2 housing units that are affordable to and occupied by low income households.

3  
4 Subsection a. Explore and evaluate various fiscal and regulatory tools and funding resources and  
5 strategies to encourage housing providers to increase the supply of affordable housing units  
6 generally, and particularly within mixed-income developments and communities.

7  
8 Subsection b. Provide incentives that encourage for-profit and non-profit residential developers  
9 to address low- and moderate-income housing needs, such as priority permit processing and  
10 exemptions or reductions in impact fee mitigation payments for low-income projects with long-  
11 term affordability commitments.

12  
13 Subsection c. Evaluate the feasibility of reducing minimum permitted lot sizes in non-PRD  
14 developments.

15  
16 Subsection d. Encourage through incentives and other techniques a balance of affordable and  
17 market-rate housing within urban centers and along transit emphasis corridors.

18  
19 HO Policy 1.C.12 The county should encourage developments that include units affordable to a  
20 spectrum of incomes, including low and moderate income households.

21  
22 The proposed amendments maintain consistency with the goal of the GMACP by implementing state  
23 law that encourages religious organizations to develop affordable housing by providing a density  
24 bonus and by implementing state law that encourages religious organizations to host the homeless  
25 on property owned or controlled by them. The amendments include establishing an affordable  
26 housing density bonus for 100 percent affordable housing developments on property owned or  
27 controlled by religious organizations.

28  
29 I. Procedural requirements.

- 30  
31 1. Under Snohomish County Code, this ordinance is a Type 3 legislative action pursuant to SCC  
32 30.73.010.  
33  
34 2. As required by RCW 36.70A.106(1), a notice of intent to adopt this ordinance was transmitted to  
35 the Washington State Department of Commerce on February 6, 2024.  
36  
37 3. State Environmental Policy Act (SEPA), chapter 43.21C RCW, requirements with respect to this  
38 non-project action have been satisfied through the completion of an environmental checklist  
39 and the issuance of a determination of non-significance on February 6, 2024.  
40

- 1 4. The public participation process used in the adoption of this ordinance complies with all  
2 applicable requirements of the GMA and the SCC, including but not limited to, RCW 36.70A.035,  
3 RCW 36.70A.140, and chapter 30.73 SCC.  
4
- 5 5. The Planning Commission was briefed on the proposed amendments at its January 23, 2024,  
6 meeting and conducted a public hearing on the proposed amendments at its February 27, 2024,  
7 meeting, resulting in its letter of March 15, 2024, recommending approval. The version of the  
8 code amendments that the Planning Commission recommended for approval, through a  
9 typographical error, omitted the use Dwelling, Cottage Housing in the Urban Zone Categories  
10 Use Matrix in SCC 30.22.100 and therefore did not show the proposed inclusion of new  
11 reference note 140 to that use. The code amendments contained within this ordinance have  
12 corrected that omission.  
13
- 14 6. The Washington State Attorney General last issued an advisory memorandum, as required by  
15 RCW 36.70A.370, in September of 2018 entitled “Advisory Memorandum: Avoiding  
16 Unconstitutional Takings of Private Property” to help local governments avoid the  
17 unconstitutional taking of private property. The process outlined in the State Attorney  
18 General’s 2018 advisory memorandum was used by Snohomish County in objectively evaluating  
19 the regulatory changes proposed by this ordinance.  
20

21 J. This ordinance is consistent with the record.  
22

- 23 1. The County is required to identify sufficient capacity of land for emergency housing, emergency  
24 shelters, and permanent supportive housing. Existing code language classifies these uses as  
25 HSSF uses, however, it is not clear which level of use applies. The proposed code amendments  
26 clarify that permanent supportive housing is a HSSF Level I use and emergency housing and  
27 emergency shelters are a HSSF Level III use. The amendments also expand emergency housing  
28 and emergency shelter uses as a permitted use in the same zones that hotels and motels are  
29 allowed as a permitted use, in keeping with Commerce guidance.  
30
- 31 2. Existing code language includes a definition of family that limits the number of unrelated  
32 persons in a household to six. The code amendments would bring the definition of family into  
33 line with state law, removing the limit on the number of unrelated persons in a household.  
34
- 35 3. The code amendments proposed by this ordinance support the development of emergency  
36 housing, emergency shelters, and affordable housing which furthers the County’s housing goal  
37 in planning for housing affordable to economic segments. The amendments establish an  
38 affordable housing density bonus for affordable housing built on religious-owned property and  
39 create a new use for emergency shelters and emergency housing on religious-owned property.  
40

41 Section 2. The County Council makes the following conclusions:  
42

- 1 A. The amendments proposed by this ordinance comply with the GMA, Washington State law, and the
- 2 SCC.
- 3
- 4 B. The amendments proposed by this ordinance are consistent with the MPPs and the CPPs.
- 5
- 6 C. The amendments proposed by this ordinance comply with the Snohomish County GMACP.
- 7
- 8 D. The County has complied with all SEPA requirements in respect to this non-project action.
- 9
- 10 E. The public participation process used in the adoption of this ordinance complies with all applicable
- 11 requirements of the GMA and Title 30 SCC.
- 12
- 13 F. The amendments proposed by this ordinance do not result in an unconstitutional taking of private
- 14 property for a public purpose.
- 15

16 Section 3. The Snohomish County Council bases its findings and conclusions on the entire record  
 17 of the County Council, including all testimony and exhibits. Any finding, which should be deemed a  
 18 conclusion, and any conclusion which should be deemed a finding, is hereby adopted as such.

31 shelter, temporary small housing on site, or vehicle resident safe parking for the unhoused on  
32 property owned or controlled by that organization.

34 (3) Prior to the opening of an emergency shelter the county shall require the religious organization, and  
35 any managing agency using property owned or controlled by the religious organization for providing  
36 emergency shelter, to enter into a memorandum of understanding to protect public health and  
37 safety under RCW 36.01.290. The memorandum of understanding shall, at a minimum, include:

**Subject:** Code amendment – Response to legislation.

**Scope:** **Staff Report #2.** Ordinance 24-044 would adopt code amendments in Chapters 30.22, 30.28 and 30.91 SCC regarding emergency housing, emergency shelters, permanent supportive housing, and affordable housing.

- Amendment #1 Housekeeping
- Amendment #2 Clarifying Requirements

**Duration:** N/A

**Fiscal Impact:**  Current Year  Multi-Year  **N/A**

**Authority Granted:** None

**Background:**

This staff report #2 addresses timing and two amendments for Ordinance 24-044 (Ord 24-044). The first staff report addresses the main ordinance and accompanied council discussion of the ordinance and possible amendments that began in June 18, and continued to July 2, 2024. Because this ordinance and an unrelated Ordinance 24-065, which was part of the 2024 Comprehensive Plan Update, both proposed amendments to the use matrices in Chapter 30.22 SCC, the County Council continued discussion of Ord 24-044 until after the December 4, 2024, adoption of the plan update to avoid creating inadvertent conflicts within code.

Amendment #1 would make housekeeping changes. It was prepared by Planning and Development Services for consistency with changes to the use matrices adopted on December 4 as part of Ordinance 24-065. There are no policy-level considerations in this amendment.

Amendment #2 is co-sponsored by Councilmembers Low and Nehring to clarify requirements for emergency shelters. Legislation leading to Ord 24-044 requires that Snohomish County allow emergency shelters<sup>1</sup> on properties owned or controlled by religious organizations. That legislation allows counties to impose conditions that are “necessary to protect public health and safety and that do not substantially burden the decisions or actions of a religious organization regarding the location of housing or shelter” [RCW 36.01.290](#). Amendment #2 clarifies that emergency shelter applicants must meet requirements related to:

- a. Compliance with conditional use permits that may already be in effect on the site;
- b. Demonstration of compliance regarding sewer connection or on-site sewage disposal (septic) as appropriate; and
- c. Consistency with fire code requirements, including having adequate water availability to the site.

**MEMORANDUM**

**TO:** Snohomish County Planning Commission

**Dave Somers**  
*County Executive*

**FROM:** Amber Piona, Senior Planner

**SUBJECT:** Proposed Code Amendments Relating to Permanent Supportive, Emergency Housing, Emergency Shelters, and Affordable Housing

**DATE:** January 4, 2024

**INTRODUCTION**

The purpose of this staff report is to outline and provide information regarding a non-project proposal to amend portions of the Snohomish County Code (SCC) that address permanent supportive housing, emergency housing, emergency shelters, and affordable housing. These amendments are proposed as part of addressing recent changes in state law regarding housing.

**BACKGROUND**

Prior to the adoption of the 2024 Update to the Comprehensive Plan, the county is required to review and update regulations to comply with any relevant changes in state legislation that have been enacted since the previous comprehensive plan update in 2015. This process is known as compliance review. The Washington State legislature has in recent years passed a number of laws relating to housing, specifically regarding permanent supportive housing, emergency housing, emergency shelters, and affordable housing. The new legislation and how it will be incorporated into Snohomish County Code (SCC) is described below.

*HB 1377*

In 2019, the state legislature passed House Bill (HB) 1377, which requires cities and counties fully planning under the Growth Management Act (GMA) to allow an increased density bonus for any affordable housing development located on property owned or controlled by religious organizations within urban growth areas (UGAs). The provisions of HB 1377 applicable to counties are found at RCW 36.70A.545. The SCC currently only offers a density bonus for affordable housing when it is located within the Urban Center zone (SCC 30.34A.035). The proposed amendments would introduce a 100 percent density bonus increase for affordable housing on property owned or controlled by a religious organization within a new section in Chapter 30.28 SCC. The proposed development project can be for rental or ownership dwelling units to attain the density bonus. All of the units provided must be affordable to low-income households (households making less than 80% of the Area Median Income) and must remain affordable for at least fifty years.

*HB 1754*

In 2020, the state legislature passed HB 1754 regarding the ability of religious organizations to host the homeless on property owned or controlled by the religious organization. This law, which amended RCW 36.01.290, limits what regulations counties can set regarding indoor shelters, outdoor encampments, temporary small housing, and vehicle resident safe parking activities that religious organizations can provide on property that they own or control. These uses are included as types of emergency shelter housing (see discussion of emergency shelters below). The Snohomish County Code currently does not make it clear that religious organizations can provide emergency shelters on property they own or control. The proposed amendments add a new use to the SCC 30.22.100 entitled “Emergency Shelters, Religious Properties” and a section in Chapter 30.28 SCC to clarify that emergency housing is an allowed use on property owned or controlled by a religious organization and establishes regulations for that use in line with state law.

*HB 1220*

In 2021, the state legislature passed HB 1220 which substantively amended the housing-related provisions of the GMA and requirements for comprehensive plan housing elements. Jurisdictions are now required to plan for and accommodate housing affordable to all economic segments of the population. Housing elements must identify sufficient capacity of land for emergency housing, emergency shelters, and permanent supportive housing as well as housing for moderate, low, very low, and extremely low-income households. The majority of the requirements of HB 1220 will be implemented through the adoption of the 2024 update to the Comprehensive Plan, however, some code changes related to permanent supportive housing, emergency housing, and emergency shelters are necessary to fully implement the legislation. Snohomish County Tomorrow, through the Housing Characteristics and Needs in Snohomish County report, adopted a distribution of the countywide housing need by income band in May 2023. This included permanent supportive housing, emergency housing, and emergency shelters. To meet the unincorporated housing needs adopted in the report, the county must demonstrate that there is sufficient capacity of land appropriately zoned to accommodate 5,012 units of permanent supportive housing and 3,128 emergency housing and emergency shelter beds.<sup>1</sup> Currently, the Snohomish County Code does not define emergency housing, emergency shelters, or permanent supportive housing. The state definitions of emergency housing, emergency shelters, and permanent supportive housing are found in RCW 36.70A.030:

(14) “Emergency housing” means temporary indoor accommodations for individuals or families who are homeless or at imminent risk of becoming homeless that is intended to address the basic health, food, clothing, and personal hygiene needs of individuals or families. Emergency housing may or may not require occupants to enter into a lease or an occupancy agreement.

(15) “Emergency shelter” means a facility that provides a temporary shelter for individuals or families who are currently homeless. Emergency shelter may not require occupants to enter into a lease or an occupancy agreement. Emergency shelter facilities may include day and warming centers that do not provide overnight accommodations.

....

(31) “Permanent supportive housing” is subsidized, leased housing with no limit on length of stay that prioritizes people who need comprehensive support services to retain tenancy and utilizes admissions practices designed to use lower barriers to entry than would be typical for other subsidized or unsubsidized rental housing, especially related to rental history, criminal history, and personal behaviors. Permanent supportive housing is paired with on-site or off-site voluntary services designed to support a person living with a complex and disabling behavioral

health or physical health condition who was experiencing homelessness or was at imminent risk of homelessness prior to moving into housing to retain their housing and be a successful tenant in a housing arrangement, improve the resident's health status, and connect the resident of the housing with community-based health care, treatment, or employment services...

Although Snohomish County Code does not currently define emergency housing, emergency shelters, or permanent supportive housing, the existing uses that most closely match would be Health and Social Services Facilities, defined in SCC 30.91H. Under the current code there are three levels of Health and Social Services Facility (HSSF):

- Level I HSSF is a use which occupies a residential structure used by the disabled as a residence along with their family members and caregivers. This also includes group homes, foster homes, and community group care facilities.
- Level II HSSF is a use which is licensed or regulated by the state to provide emergency medical treatment on a 24-hour per day basis or which houses persons in an institutional setting that provides chronic care or medical service on a regular recurring basis to its residents. Level II HSSFs can include hospitals, nursing homes, alcoholism, and drug residential treatment centers, and assisted living facilities.
- Level III HSSF is a use, including commercial enterprises and charitable institutions, which provides social, medical, counseling, or other forms of treatment in a clinical setting or on an outpatient basis. Homeless and transient shelters are included as a Level III HSSF.

The proposed amendments would expand the Level I HSSF use to explicitly include permanent supportive housing. Permanent supportive housing is most appropriate as a Level I HSSF use because it does not involve the provision of 24-hour emergency medical care, nor does it provide housing in an institutional setting as in a Level II HSSF use. Additionally, permanent supportive housing is a form of permanent housing, is not a shelter, and does not provide treatment in a clinical setting as in a Level III HSSF use. Establishing permanent supportive housing as a Level I HSSF use would generally allow permanent supportive housing in the same zones where single family and multifamily residential uses or hotel/motel uses are allowed, which would be in line with the Washington State Department of Commerce (Commerce) guidance for meeting housing needs for permanent supportive housing.<sup>2</sup> The proposed change would support the county in both demonstrating sufficient capacity of land for permanent supportive housing and removing a barrier to the creation of much needed housing in the county.

The proposed amendments would also clarify that emergency housing and emergency shelters are a Level III HSSF. Commerce's guidance<sup>3</sup> states that a jurisdiction can adequately demonstrate a sufficient land capacity for emergency housing and emergency shelter, if the zones that allow hotels as a permitted use all allow for emergency housing as a permitted use, and there are not regulations that limit the occupancy, spacing, or intensity of emergency housing.<sup>4</sup> In many communities, emergency housing needs are not addressed through new development and are instead addressed through the

---

<sup>2</sup> Sections 3-5 of HB 1220 establish that cities must allow permanent supportive housing and transitional housing everywhere that residential and hotel uses are allowed. Commerce's guidance assumes that jurisdictions (cities and counties) allow permanent supportive housing where residential uses are allowed, and therefore assumes that a zone suitable for providing extremely low-income housing should also be considered suitable for permanent supportive housing.

acquisition and conversion of existing facilities, such as older motels or hotels. The County’s existing regulations would require a few changes to meet this standard. Snohomish County Code (SCC) 30.22.100 currently allows Level III HSSF as a permitted use in 5 out of 6 urban zones that also allow hotels as a permitted use. To align the uses within all 6 zones in which hotels are allowed, the proposed amendments would change Level III HSSF uses in the Neighborhood Business (NB) zone from a conditional use to a permitted use. Currently, there are no rural zones that permit emergency housing, however, there are two rural zones that permit hotels: Rural Business (RB) and Rural Freeway Services (RFS). Proposed amendments will allow emergency housing and emergency shelters as the only type of Level III HSSF use in the RB and RFS zones. The code currently does not have regulations that limit occupancy, spacing, or intensity of emergency housing. These changes will help the county meet its housing needs and comply with the changes in state law related to housing.

**SB 5235**

In 2021, the state legislature passed Senate Bill (SB) 5235, which prevents cities and counties from regulating or limiting the number of unrelated persons that may occupy a household or dwelling unit. See RCW 36.01.227. This change does not prevent jurisdictions from enforcing lawful limits on occupant load per square foot or other generally applicable health and safety provisions. The current definition of family, located in SCC 30.91F.080, defines family as “one or more persons related by blood, marriage, or adoption, or a group of not more than six persons (excluding servants,) not related by blood or marriage, living together as a single housekeeping unit in a dwelling unit.” The proposed changes would remove the limit on unrelated persons that qualify as a household.

**PROPOSED CODE AMENDMENTS**

Table 1 outlines all proposed code changes and provides findings for each proposed update.

<b>TABLE 1: SUMMARY OF PROPOSED CODE CHANGES AND FINDINGS</b>	
<b>Proposed Change</b>	<b>Finding</b>
<b>SCC 30.22.100 Urban Zone Categories Use Matrix</b> See <b>Table 2</b>	Amends the Urban Zone Categories Use Matrix, to allow Health and Social Service Facility (HSSF) Level III as a permitted use in the NB zone with a footnote instead of a conditional use. These changes support the county in demonstrating sufficient capacity of emergency housing and emergency shelters, in line with the new requirements that HB 1220 made to RCW 36.70A.070. Adds a new use to the Urban Zone Categories Use Matrix, Emergency Shelter, Religious Properties, with a footnote. This use is allowed in all urban zones. This change supports the new requirements that HB 1377 made to RCW regarding religious organizations and their ability to host the unhoused on property they own or control. Also adds a footnote to Dwelling, Attached Single Family; Dwelling, Duplex; Dwelling, Mobile Home; Dwelling, Multiple Family; Dwelling, Single Family; and Dwelling Townhouse.
<b>SCC 30.22.110 Rural and Resource Zone Categories Use Matrix</b>	Amends Rural and Resource Zone Categories Use Matrix, to allow HSSF Level III as a

	<p>permitted use in the RB and RFS zone with a footnote. The footnote clarifies that emergency housing and emergency shelters are the only permitted HSSF III use allowed in the rural zones. The proposed amendment will help Snohomish County Code comply with the changes to the GMA made by HB 1220.</p>
<p><b>SCC 30.22.130 Reference notes of use matrices</b></p> <p><u>(139) Health and Social Services Uses – Level III - Emergency shelters or emergency housings, as defined in RCW 36.70A.030, are the only allowed Level III Health and Social Service Facilities within the rural zones.</u></p> <p><u>(140) See SCC 30.28.130, Affordable housing located on property owned by a religious organization.</u></p> <p><u>(141) See SCC 30.28.131 Emergency shelters on property owned by a religious organization.</u></p>	<p>Footnote 139 is added to clarify that emergency housing and emergency shelters are the only allowed Level III HSSF use within the rural zone. There is a need to provide emergency housing and emergency shelters within the rural portions of the county, and Commerce has set guidance that zones that permit hotels are also appropriate for emergency housing and emergency shelters. Hotels are permitted in the RB and RFS zones, and this amendment would allow emergency housing in these zones as well without the other more intense Level III HSSF uses. This amendment will help the County comply with the changes to the GMA made by HB 1220.</p> <p>Footnote 140 is also added to direct the reader to the relevant section of the code that addresses affordable housing located on property owned by a religious organization. These proposed amendments will help the County comply with the changes to RCW 36.70A.545 made by HB 1377.</p> <p>Footnote 141 added to direct the reader to the relevant portion of the code that addresses emergency shelters on property owned by a religious organization. These amendments will help the County comply with the changes to RCW 36.01.290 made by HB 1754.</p>
<p><b>SCC 30.28.130 Affordable housing located on property owned by a religious organization.</b></p> <p><u>(1) For purposes of this section "religious organization" has the same meaning as in RCW 36.01.290.</u></p> <p><u>(2) For any affordable housing development located on property owned or controlled by a religious organization, the maximum number of dwelling units permissible shall be 200 percent of the maximum number of dwelling units permitted by the underlying zone as determined in subsection (3) of this section, except that existing dwelling units may be retained as part of new development without counting towards the maximum number of new units, provided that:</u></p>	<p>HB 1377 (2019), codified at RCW 36.70A.545, requires counties to provide a density bonus consistent with local needs for any affordable housing development on real property owned or controlled by a religious organization. The proposed changes establish a new section within Chapter 30.28 SCC to address affordable housing located on property owned by a religious organization.</p> <p>The first subsection links the definition of religious organization to the definition in the Revised Code of Washington (RCW), as</p>

<p><u>(a) The residential use is allowed within the underlying zone and one hundred percent of the proposed dwelling units are to be occupied exclusively by low-income households, defined in this section as households with incomes that are less than 80% of the HUD Area Median Income. These units shall be at a sales price or rent amount that may not exceed thirty percent of the household income limits for low-income housing units;</u></p> <p><u>(b) The affordable housing development is part of a lease or other binding obligation that requires the development to be used exclusively for affordable housing purposes for at least fifty years, even if the religious organization no longer owns the property; and</u></p> <p><u>(c) The affordable housing development does not discriminate against any person who qualifies as a member of a low-income household based on race, creed, color, national origin, sex, veteran or military status, sexual orientation, or mental or physical disability; or otherwise act in violation of the federal fair housing amendments act of 1988 (42 U.S.C. Sec. 3601 et seq.).</u></p> <p><u>(3) The maximum number of affordable housing dwelling units permitted on property owned or controlled by a religious organization shall be computed as follows:</u></p> <p><u>(a) Determine the site area on the project site.</u></p> <p><u>(b) Divide the site area by the minimum lot area permitted by the underlying zone, or where LDMR and MR standards apply, by 4,000 square feet and 2,000 square feet respectively.</u></p> <p><u>(c) Multiply the resulting number of dwelling units from subsection (2)(b) of this section by 2.</u></p> <p><u>(4) Whenever the calculated number of affordable housing dwelling units results in a fractional equivalent of five-tenths or greater, the fraction shall be rounded up to the next whole number. Fractions of less than five-tenths shall be rounded down.</u></p> <p><u>(5) An affordable housing development created by a religious institution must be located within an urban growth area as defined in RCW 36.70A.110.</u></p> <p><u>(6) The religious organization developing the affordable housing development must pay all fees, mitigation costs, and other charges required through the development of the affordable housing development.</u></p> <p><u>(7) This section applies to any religious organization rehabilitating an existing affordable housing development.</u></p>	<p>specified by RCW 36.70A.545(7).</p> <p>Subsection (2) would allow affordable housing developments located on property owned or controlled by religious organizations to develop at double the maximum number of dwelling units permitted by the underlying zone. The project must be entirely affordable housing units, which is defined in RCW 36.70A.545 as having a sales price or rent amount that does not exceed thirty percent of the income limits for households with incomes that are less than 80% of the HUD Area Median Income. The housing units must be used exclusively for affordable housing purposes for at least fifty years. In keeping with federal fair housing law, the affordable housing development itself cannot discriminate. These changes follow the requirements in RCW 36.70A.545 for an increased density bonus for affordable housing developments located on property owned or controlled by a religious organization.</p> <p>The proposed subsections (3) and (4) outline the process for calculating the density bonus and clarify how fractional units are handled.</p> <p>The proposed subsections (5) through (7) clarify that the affordable housing development must be located within the UGA, that the religious organization must pay all fees and charges required through the development of affordable housing, and that this section applies to the rehabilitation of existing affordable housing. This follows the requirements in RCW 36.70A.545 for an increased density bonus for affordable housing located on property owned or controlled by a religious organization.</p>
<p><b><u>SCC 30.28.131 Emergency shelters on property owned by a religious organization.</u></b></p> <p><u>(1) For purposes of this section "religious organization" and "managing agency" have the same meaning as in RCW</u></p>	<p>HB 1754 (2020) amended provisions in RCW 36.01.290 regarding hosting the unhoused on property owned or controlled by a religious organization. This change would bring the code in line with RCW 36.01.290.</p> <p>Subsection (3) outlines that the county shall require the religious organization and any managing agency to enter into a memorandum of understanding to protect public health and safety of both the residents of the county and people using the emergency housing. RCW 36.01.290 has a list of public health and safety concerns that the county can address through an MOU with the religious organization and management agency, including fire safety, parking access, provisions of restrooms, and the rights of emergency housing residents.</p> <p>Subsection (4) establishes the noticing requirements for religious organizations seeking to open an emergency shelter. These noticing requirements reflect state law.</p>

The term "family" shall also include consensual living arrangements of any number of disabled persons living in a family-like setting which are protected by the provisions of the Federal Fair Housing Act and the Washington Housing Policy Act, RCW 36.70.990 and 36.70A.410.</p>	<p>SB 5235 (2021) established that jurisdictions may not limit the number of unrelated persons living together as a household. **ANALYSIS**

The following analysis provides a summary of the proposed code amendments’ compliance with state law, regional, countywide, and county comprehensive plan policies.

**Compliance with State Law**

The GMA planning goals, contained in RCW 36.70A.020, guide the development of local comprehensive plans and development regulations. The following planning goal applies to the proposed code change:

*GMA Goal 4- “Housing. Plan for and accommodate housing affordable to all economic segments of the population of this state, promote a variety of residential densities and housing types, and encourage preservation of existing housing stock.”*

Analysis: The proposed code amendments would support the housing goal by encouraging the development of affordable housing, emergency housing, and emergency shelters. The proposed changes include establishing an affordable housing density bonus for affordable housing built on property owned or controlled by religious organizations. The changes also amend the definition of HSSF to explicitly include permanent supportive housing, emergency housing, and emergency shelters.

See the Background section above for a discussion of how these changes support RCW 36.01.227 (Unrelated persons occupying a household or dwelling unit), RCW 36.01.290 (Hosting the homeless by religious organizations), RCW 36.70A.030 (definitions of emergency housing, permanent supportive housing, and emergency shelters), and RCW 36.70A.545 (Increased density bonus for affordable housing located on property owned by a religious organization).

**Compliance with the Multi-County Planning Policies**

The proposed amendments are consistent with the following multicounty planning policy (MPP) from the Puget Sound Regional Council VISION 2050:

*MPP-H-3 – Achieve and sustain – through preservation, rehabilitation, and new development – a sufficient supply of housing to meet the needs of low-income, moderate-income, middle-income, and special needs individuals and households that is equitably and rationally distributed throughout the region.*

Analysis: The proposed code amendments would support the development of permanent supportive housing, emergency housing, and emergency shelters which are all types of special need housing.

*MPP-H-11 Encourage interjurisdictional cooperative efforts and public-private partnerships to advance the provision of affordable and special needs housing.*

Analysis: The proposed amendments include establishing two programs to facilitate the development of both permanent affordable housing, emergency housing, and emergency shelters on property owned or controlled by religious organizations. This supports the intent of MPP H-11 to engage in cooperative efforts to advance the provision of affordable and special needs housing.

### **Compliance with the Countywide Planning Policies**

The proposed amendments are consistent with the following countywide planning policies (CPPs):

*HO-3 The county and cities should participate in multi-jurisdictional affordable housing programs and engage in other cooperative efforts to promote and contribute to an adequate supply of affordable, special needs, and diverse housing countywide*

Analysis: The proposed amendments include two programs to facilitate the development of both permanent affordable housing and emergency housing and emergency shelters on property owned or controlled by religious organizations. This supports the intent of CPP HO-3 to engage in cooperative efforts to advance the provision of affordable and special needs housing.

### **Compliance with the Snohomish County Comprehensive Plan**

The proposed amendments would be consistent with and help implement the Snohomish County Growth Management Act Comprehensive Plan (GMACP) – General Policy Plan (GPP). The following policy applies to the code amendments as proposed in this report.

*HO Policy 1.C.3 The county shall encourage for-profit and non-profit sector production of new housing units that are affordable to and occupied by low income households.*

*Subsection a. Explore and evaluate various fiscal and regulatory tools and funding resources and strategies to encourage housing providers to increase the supply of affordable housing units generally, and particularly within mixed-income developments and communities.*

*Subsection b. Provide incentives that encourage for-profit and non-profit residential developers to address low- and moderate-income housing needs, such as priority permit processing and exemptions or reductions in impact fee mitigation payments for low-income projects with long-term affordability commitments.*

*Subsection c. Evaluate the feasibility of reducing minimum permitted lot sizes in non-PRD developments.*

*Subsection d. Encourage through incentives and other techniques a balance of affordable and market-rate housing within urban centers and along transit emphasis corridors.*

Analysis: The proposed amendments would encourage religious organizations in developing affordable housing, emergency housing, and emergency shelters. The amendments include establishing an affordable housing density bonus for 100 percent affordable housing developments on property owned or controlled by religious organizations.

**Environmental Review**

Staff is in the process of completing a State Environmental Policy Act (SEPA) checklist for this proposed code amendment and will issue a likely Determination of Nonsignificance in early January. The fourteen-day public comment period will conclude prior to the Planning Commission hearing scheduled for January 23, 2024.

**Notification of State Agencies**

Pursuant to RCW 36.70A.106, a notice of intent to adopt the proposed regulations and standards was transmitted to the Washington State Department of Commerce on \_\_\_\_\_.

**Staff Recommendation:**

Staff recommends approval of the proposed code amendments and findings contained in this staff report.

**Action Requested**

The Planning Commission is requested to hold a public hearing, consider the proposed code amendments, and provide a recommendation to the County Council. The Planning Commission can recommend approval of the amendments with supporting findings of fact as proposed or modified, deny the proposal with findings, or amend the proposal with appropriate findings.

Dear Snohomish County Council:

On behalf of the Snohomish County Planning Commission, I am forwarding our recommendation to amend regulations for permanent supportive housing, transitional housing, and emergency housing; the definition of family; religious organizations hosting the homeless; and density bonus for religious owned affordable housing. The Planning Commission had a briefing on this topic on January 23, 2024 and conducted a public hearing on February 27, 2024.

There was one (1) written comment received by the Planning Commission from the public prior to the October 27<sup>th</sup> hearing, and no members of the public commented at the public hearing.

#### **PLANNING COMMISSION RECOMMENDATION**

At the February 27, 2024, Planning Commission meeting, Commissioner Campbell made a motion, seconded by Commissioner Pedersen, recommending APPROVAL of the proposed amendments contained in the staff report.

Ordinance 24-044, relating to Growth Management and Updates to Development Regulations Pursuant to RCW 36.70A.130; Supporting the Development of Permanent Supportive, Emergency Housing, Emergency Shelters, and Affordable Housing; Amending Chapters 30.22, 30.28, and 30.91 of the Snohomish County Code

**..body**

**DEPARTMENT:** Planning and Development Services

**ORIGINATOR:** Amber Piona, Senior Planner

**EXECUTIVE RECOMMENDATION:** Approved by Ken Klein 5/10/24

**PURPOSE:** To adopt amendments to portions of the Snohomish County Code that address permanent supportive housing, emergency housing, emergency shelters and affordable housing as part of addressing recent changes in state law regarding housing.

**BACKGROUND:** Prior to the adoption of the 2024 update to the Comprehensive Plan, the county is required to review and update regulations to comply with any relevant changes in state legislation that has been enacted since the previous comprehensive update. The Washington State legislature has in recent years passed a number of laws relating to housing, specifically regarding permanent supportive housing, emergency housing, emergency shelters and affordable housing. This ordinance would bring the county’s development regulations in line with state law.

**Subject:** Code amendment – Response to legislation.

**Scope:** Ordinance 24-044 would adopt code amendments in Chapters 30.22, 30.28 and 30.91 SCC regarding emergency housing, emergency shelters, permanent supportive housing, and affordable housing.

**Duration:** N/A

**Fiscal Impact:**  Current Year  Multi-Year  **N/A**

**Authority Granted:** None

**Background:** Ordinance 24-044 responds to the following legislation:

- HB 1377 (2019) Affordable housing on religious organization property
- HB 1754 (2020) Hosting the homeless by religious organizations
- SB 5235 (2021) Removing arbitrary limits on housing options
- HB 1220 (2021) Housing Elements

The changes proposed in the ordinance are to comply with state law as revised by the legislation above. PDS staff provided a briefing to the County Council during the June 18, 2024, Planning and Community Development Committee (PCDC) meeting. The Council continued the discussion to July 2, 2024, to get more information on the proposal. Specifically, there were questions about use a memorandum of understanding to guide management and mitigation of emergency shelters in on religious properties in non-urban settings. These topics are an area where the proposed ordinance complies with the legislative requirements, but the County Council also has discretion to determine the appropriate requirements for mitigation and compatibility that the ordinance will require. December 31, 2024, is the date by which Snohomish County needs to comply with the relevant legislation.

Ordinance 24-044 raises a sequencing issue with other pending code amendments. Among its changes, Ordinance 24-044 would amend SCC 30.22.100 and .130. Ordinance 24-057 (warehouse as a permitted use in the PCB zone) would amend these same two sections for unrelated reasons and as part of the 2024 Comprehensive Plan Update. Also, for the 2024 Update, PDS will be submitting another ordinance to Council establishing a Mixed-Use Corridor (MUC) zone. The MUC ordinance will change some of the same sections as Ord 24-044 and Ord 24-057. As drafted, all three ordinances would amend present-day codes. None of the ordinances pre-supposes passage of any of the others. If one passes, then technical amendments to the subsequent ordinances may be necessary to reflect the earlier changes.

The hearing for the 2024 Update will likely being on August 19 and continue to at least August 21. Council staff suggests scheduling the hearing for Ordinance 24-044 at least three weeks after that date to allow time to update Ord. 24-044 to reflect changes made separately.

**Request:** Move Ordinance 24-044 to General Legislative Session to set date and time for a hearing. Suggested: September 11, 2024, at 10:30 a.m.

Snohomish County Council

Planning & Community Development Committee Briefing

June 18, 2024

Amber Piona, Senior Planner

- HB 1754 (2020) Hosting the homeless by religious organizations
- SB 5235 (2021) Removing arbitrary limits on housing options
- HB 1220 (2021) Housing Elements

# Affordable Housing on Religious Properties

# Emergency Shelters on Religious Properties

The newly proposed SCC 30.28.131 establishes regulations for emergency shelters on religious owned properties. Religious organizations may provide indoor overnight shelter, outdoor shelter, temporary small housing on site, or vehicle resident safe parking for the unhoused on property they own.

- A memorandum of understanding is required, which will include a management plan and a fire safety plan.
- Noticing requirements reflect state law

A new use ‘Emergency Shelters, Religious-Owned Property’ is added to the use tables. This use is permitted in all urban zones and in those rural zones that also allow ‘Church’.

# Definition of Family

The definition of Family in SCC 30.91F.080 is amended to remove the limit on the number of unrelated persons that can live together in a dwelling unit.

# Permanent Supportive Housing, Emergency Housing, Emergency Shelters

- Proposed amendments to SCC 30.91H.095 Health and Social Services Facilities (HSSF) Levels I, II, and III establish:
  - Permanent supportive housing as a HSSF Level I use
  - Emergency Housing and Emergency Shelters as a HSSF Level III use
- The use tables are amended to allow HSSF Level III in the same zones that hotels are allowed. Emergency housing and emergency shelters are the only HSSF Level III uses allowed in the rural zones.
