

1 Adopted:

2 Effective:

3 SNOHOMISH COUNTY COUNCIL
4 SNOHOMISH COUNTY, WASHINGTON

5
6 ORDINANCE NO. 25-084

7
8 RELATING TO GROWTH MANAGEMENT; REVISING MINIMUM PARKING REGULATIONS; AMENDING
9 CHAPTERS 30.23A AND 30.26 OF THE SNOHOMISH COUNTY CODE

10
11 WHEREAS, Revised Code of Washington (RCW) 36.70A.130 directs counties planning under the
12 Growth Management Act (GMA) to consider amendments and revisions to the GMA Comprehensive
13 Plan (GMACP) or development regulations on a regular basis; and

14
15 WHEREAS, RCW 36.70A.622, as enacted through Substitute Senate Bill 6015 (2024), updates the
16 minimum residential parking requirements for jurisdictions planning under the GMA; and

17
18 WHEREAS, to be consistent with the new minimum residential parking standards in RCW
19 36.70A.622, the county must update the bulk regulations in chapter 30.23A and the parking regulations
20 in chapter 30.26 of the Snohomish County Code (SCC); and

21
22 WHEREAS, Objective HO 3.A of the GMACP directs the county to encourage land use practices,
23 development standards, and building permit requirements that reduce housing production costs; and

24
25 WHEREAS, reducing the number of parking spaces for cottage housing and multifamily housing
26 developments allows for increasing housing density and reducing the costs associated with building
27 more parking spaces; and

28
29 WHEREAS, HO Policy 3.A.2 of the GMACP requires that development standards and building
30 permit requirements shall be reviewed on a continual basis to ensure clarity and consistency while
31 providing for a timely, fair, and predictable application processing outcome; and

32
33 WHEREAS, the amendments to chapter 30.26 SCC in this ordinance streamline the application of
34 the required parking standards so they are simplified and easier to understand; and

35
36 WHEREAS, on August 26, 2025, the Snohomish County Planning Commission ("Planning
37 Commission") was briefed by Snohomish County Planning and Development Services (PDS) staff about
38 the code amendments contained in this ordinance; and

39
40 WHEREAS, the Planning Commission held a public hearing on September 23, 2025, to receive
41 public testimony concerning the code amendments contained in this ordinance; and

42
43 WHEREAS, at the conclusion of the Planning Commission's public hearing, the Planning
44 Commission deliberated on the proposed amendments and voted to recommend approval of the
45 amendments contained in this ordinance, as shown in its recommendation letter dated September 25,
46 2025; and

ORDINANCE NO. 25-084

RELATING TO GROWTH MANAGEMENT; REVISING MINIMUM PARKING REGULATIONS; AMENDING CHAPTERS 30.23A AND 30.26 OF THE
SNOHOMISH COUNTY CODE

PAGE 1 OF 35

1
2 WHEREAS, on ____ ___, 20___, the County Council held a public hearing after proper notice, to
3 receive public testimony and consider the entire record related to the code amendments contained in
4 this ordinance; and

5
6 WHEREAS, following the public hearing, the County Council deliberated on the code
7 amendments contained in this ordinance;

8
9 NOW, THEREFORE, BE IT ORDAINED:

10
11 Section 1. The County Council makes the following findings:

- 12
13 A. The County Council adopts and incorporates the foregoing recitals as findings as if set forth fully
14 herein.
15
16 B. This ordinance will adopt new parking standards that adhere to the updated state minimum parking
17 regulations codified in RCW 36.70A.622. This ordinance amends SCC chapters 30.23A and 30.26 to
18 meet the minimum parking regulations, parking design standards, tandem parking, multifamily
19 design, parking stall dimensions, parking lot surfacing, and configuration that conforms to RCW
20 36.70A.622.
21
22 C. This ordinance amends SCC 30.26.030(1) to reduce the minimum number of parking spaces required
23 from two (2) to one (1) per dwelling unit for cottage housing and multifamily dwelling units, and
24 removes guest-parking requirements for single-family detached units to increase developer
25 flexibility in design, which could result in more housing units.
26
27 D. The amendments are consistent with the following goal of the GMA:

28
29 GMA Goal 2 – Reduce sprawl. Reduce the inappropriate conversion of undeveloped land into
30 sprawling, low-density development.

31
32 The amendments reduce the parking requirements for residential development, which will support the
33 development of denser, more compact housing and can therefore reduce sprawl. The code
34 amendments to relax the minimum parking regulations in chapter 30.26 SCC can serve to create higher
35 density development.
36

- 37 E. The amendments will better achieve, comply with, and implement the goals and policies of the
38 Puget Sound Regional Council's VISION 2050, the Multicounty Planning Policies (MPPs), including:

39
40 MPP-H-10: Encourage jurisdictions to review and streamline development standards and
41 regulations to advance their public benefit, provide flexibility, and minimize additional costs to
42 housing.
43

44 MPP-RGS-6: Encourage efficient use of urban land by optimizing the development potential of
45 existing urban lands and increasing density in the urban growth area in locations consistent with
46 the Regional Growth Strategy.

1
2 MPP-DP-47: Streamline development standards and regulations for residential and commercial
3 development and public projects, especially in centers and high-capacity transit station areas, to
4 provide flexibility and to accommodate a broader range of project types consistent with the
5 regional vision.
6

7 The code amendments streamline the minimum parking requirements into simplified tables and figures.
8 These amendments also allow for higher residential densities by reducing the number of required
9 parking spaces for some types of dwellings. Reducing the number of parking spaces required supports
10 the policy of streamlining residential development standards for building more housing and increased
11 reliance on public transit use.
12

13 F. The amendments will better achieve, comply with, and implement the goals and policies contained
14 within the Countywide Planning Policies (CPPs), including:
15

16 DP-16: Jurisdictions should encourage the use of innovative development standards, design
17 guidelines, regulatory incentives, and applicable low impact development measures to provide
18 compact, high-quality communities.
19

20 The amendments reduce the parking required for different housing types, which allows the
21 development of more compact communities. With less surface area dedicated to creating parking stalls,
22 it also allows for more housing development in zones intended for higher densities.
23

24 G. The amendments will better achieve, comply with, and implement the goals, objectives, and policies
25 of the GMAP, including:
26

27 Objective HO 3.A Encourage land use practices, development standards, and building permit
28 requirements that reduce housing production costs.
29

30 HO Policy 3.A.2: Development standards and building permit requirements shall be reviewed on
31 a continual basis to ensure clarity and consistency while providing for a timely, fair, and
32 predictable application processing outcome.
33

34 LU Policy 2.A.5: The county shall encourage urban residential infill and redevelopment
35 in underutilized lands, centers, and other appropriate areas within UGAs.
36

37 The code amendments reduce the parking requirements for residential development, which reduces
38 housing production costs. This change also supports infill development in UGAs. Additionally, the code
39 amendments streamline the minimum parking requirements into simplified tables and figures, which
40 increases the clarity of the code.
41

42 H. Procedural requirements.
43

- 44 1. Under Snohomish County Code, this ordinance is a Type 3 legislative action pursuant to SCC
45 30.73.010 and 30.73.020.
46

2. As required by RCW 36.70A.106(1), a notice of intent to adopt this ordinance was transmitted to the Washington State Department of Commerce for distribution to state agencies on August 12, 2025.
 3. State Environmental Policy Act (SEPA), chapter 43.21C RCW, requirements with respect to this non-project action have been satisfied through the completion of an environmental checklist and the issuance of a determination of non-significance on August 12, 2025.
 4. The public participation process used in the adoption of this ordinance complies with all applicable requirements of the GMA and the SCC including but not limited to RCW 36.70A.035, RCW 36.70A.140, and chapter 30.73 SCC.
 5. The Washington State Attorney General last issued an advisory memorandum, as required by RCW 36.70A.370, in October of 2024 entitled “Advisory Memorandum and Recommended Process for Evaluating Proposed Regulatory or Administrative Actions to Avoid Unconstitutional Takings of Private Property” to help local governments avoid the unconstitutional taking of private property. The process outlined in the State Attorney General’s 2024 advisory memorandum was used by Snohomish County in objectively evaluating the regulatory changes proposed by this ordinance.
- I. This ordinance is consistent with the record:
1. This ordinance amends SCC 30.26.025 Tandem parking standards to allow parking spaces in tandem to meet minimum parking requirements at the rate of one space for every 20 linear feet. SCC 30.23A.060 Multifamily design is also amended with standards for tandem parking spaces in front of townhouse units. SCC 30.26.032 is amended for consistency with the tandem parking standards. These changes align with RCW 36.70A.622.
 2. This ordinance amends SCC 30.26.065 Parking lot development standards with a new simplified table for minimum parking stall dimensions and parking configurations. It also amends SCC 30.26.070 Parking lot surfacing requirements to allow parking spaces with grass block pavers to count toward residential minimum parking requirements. These changes align with RCW 36.70A.622.
 3. This ordinance amends SCC 30.26.010 Applicability to make definitions for dwelling units and residential uses consistent across several sections in chapter 30.26 SCC.
 4. This ordinance amends SCC 30.26.030 Number of spaces required to reduce the minimum parking spaces for residential uses such as multifamily, and cottage housing, from 2 spaces to 1 space and removes guest parking requirements from single family detached units and cottage housing. These changes allow for higher density development by reducing the space required to be dedicated to parking and support compact development within the UGAs.
- J. The code amendments are consistent with the record as set forth in the PDS Staff Report dated August 26, 2025.

- 1 K. The amendments have been evaluated for their potential to create barriers to the implementation of
2 Low Impact Development (LID) principles and measures for stormwater management. The updates
3 to SCC will not impact LID principles or measures.
4
- 5 L. The amendments will not have an impact on the demand for capital facilities and utilities. County
6 and external service providers maintain long-range plans and financing strategies to meet projected
7 service demands that will not be impacted by these amendments.
8
- 9 M. The amendments have been evaluated for their potential impacts to housing and jobs in the county.
10 They will support the creation of more housing in the county by adjusting residential minimum
11 parking requirements. The amendments will not impact job creation in the County.
12

13 Section 2. The County Council makes the following conclusions:
14

- 15 A. The amendments proposed by this ordinance are consistent with the goals, policies, and objectives
16 of the MPPs, CPPs, and GMACP.
17
- 18 B. The amendments proposed by this ordinance are consistent with applicable federal, state, and local
19 laws and regulations.
20
- 21 C. The amendments proposed by this ordinance comply with the requirements of SEPA.
22
- 23 D. The public participation process used in the adoption of this ordinance complies with all applicable
24 requirements of the GMA and title 30 SCC.
25
- 26 E. The amendments proposed by this ordinance do not result in an unconstitutional taking of private
27 property for a public purpose.
28

29 Section 3. The Snohomish County Council bases its findings and conclusions on the entire record of
30 the County Council, including all testimony and exhibits. Any finding, which should be deemed a
31 conclusion, and any conclusion which should be deemed a finding, is hereby adopted as such.
32

33 Section 4. Snohomish County Code Section 30.23A.060, last amended by Amended Ordinance No.
34 17-061 on March 28, 2018, is amended to read:
35

36 **30.23A.060 Multifamily design standards.**
37

38 Multifamily dwellings shall comply with the following requirements:
39

40 *(1) Site layout and pedestrian circulation.*
41

42 (a) Multifamily development shall have pedestrian facilities pursuant to SCC 30.24.080.
43

44 (b) When a site has more than one multifamily building, the buildings shall be arranged in a
45 cohesive manner incorporating at least one of the following:
46

1 (i) Configure the buildings around a courtyard;
2

3 (ii) Limit the average number of dwellings per building to seven and cluster these into groups of
4 not more than four buildings with each group of buildings having designed common space and
5 internal circulation and parking separated from other groups of buildings; or
6

7 (iii) Buildings with 10 or more dwellings include an internal building courtyard or create several
8 smaller areas of common space that are located within 25 feet of a building entry.
9

10 (c) Pedestrian facilities should be visible from buildings or parking lots, and shall be designed to
11 avoid creating "dead ends" or isolated areas.
12

13 (d) The design standards of this section shall be implemented pursuant to the Snohomish County
14 Residential Design Manual.
15

16 (2) *Location of parking.*
17

18 (a) Surface parking spaces shall be located to the side or rear of buildings(~~(-)~~), or as tandem spaces
19 within the front setback of buildings as allowed in subsection (b).
20

21 (b) Tandem parking is allowed within the setback area from a drive aisle to the entrance of a
22 covered parking structure. Tandem parking must comply with the requirements of SCC 30.26.025,
23 except that tandem spaces are not required to be assigned to a specific dwelling unit.
24

25 ~~((b))~~ (c) ~~((Structured parking facilities))~~ Covered parking structures shall be located underneath
26 residential dwellings or to the side of the building.
27

28 ~~((e))~~ (d) Large parking areas shall be divided into small groupings of not more than 15 parking
29 spaces in a row. A landscaped island of at least 72 square feet shall be utilized to divide groups of
30 parking spaces.
31

32 ~~((d))~~ (e) Parking may be located in a rear or side setback area when vehicle access is from an alley
33 abutting the rear or side lot line.
34

35 ~~((e))~~ (f) Parking structures located entirely below the finished grade may have parking located
36 within a front or side setback area.
37

38 (3) *Exterior lighting.*
39

40 (a) Lighting shall illuminate building entries and surfaces intended for pedestrians or vehicles.
41

42 (b) Exterior lighting shall be used along pedestrian facilities to identify and distinguish the
43 pedestrian facilities from automobile circulation and parking areas.
44

45 (c) All building lighting for security or aesthetics will be full cut-off or a shielded type, not allowing
46 any upward distribution of light.

(4) Buildings shall be oriented pursuant to SCC 30.23A.070.

(5) *Architectural design elements.*

(a) When a multifamily building has shared entryways, the building entrances shall incorporate a canopy, awning or other architectural element that provides pedestrians protection from the weather.

(b) Each multifamily building shall incorporate variation to any facade of a building that faces a public or private right-of-way by incorporating at least three of the following elements:

(i) Incorporate changes in the roofline at intervals not greater than 40 continuous feet in length, such as variations in roof pitch, dormers, overhangs, projections and extended eaves;

(ii) Provide distinctive window patterns that are not repeated within groupings of up to six dwelling units;

(iii) Include balconies, bay windows, cornices, covered porches or other changes in the facade of the building;

(iv) Set back balconies and other architectural elements on the upper floors of multi-story buildings;

(v) Incorporate diminishing upper floors (gross floor area of upper story is smaller than the gross floor area of the lower story);

(vi) Provide variations in the setback of the building from the front lot line by at least five feet at horizontal intervals of 40 feet or less; or

(vii) Provide other architectural elements that the director determines accomplish the objective of visually dividing the structure into smaller identifiable sections.

(c) The architectural elements in this section shall be implemented pursuant to the Snohomish County Residential Design Manual.

Section 5. Snohomish County Code Section 30.26.010, last amended by Amended Ordinance No. 16-013 on March 8, 2017, is amended to read:

30.26.010 Applicability.

(1) Every new use and every building erected, moved, reconstructed, expanded, or structurally altered shall provide parking areas as provided in this chapter.

~~((2) Parking area shall be permanent and shall be permanently maintained for parking purposes.))~~

1 ~~((3))~~ (2) This chapter applies to ~~((any lot))~~ lots that have uses that require parking or any parcel of land
2 used as a public or private parking area and having a capacity of three or more vehicles, including any
3 vehicle sales area. ~~((This chapter shall not apply to permit applications for individual single family or
4 duplex residences.))~~

5
6 ~~((4))~~ (3) Temporary on-site and off-site construction-related parking is exempt from this chapter.

7
8 Section 6. Snohomish County Code Section 30.26.025, last amended by Amended Ordinance No. 17-
9 062 on October 18, 2017, is amended to read:

10
11 **30.26.025 Tandem parking.**

12
13 ~~((Tandem or stacked parking spaces))~~ For purposes of this chapter, "tandem parking" means parking
14 spaces for two or more vehicles, one in front of the other(s) with a single means of ingress and egress.
15 Tandem parking may be allowed for residential and commercial uses as follows:

16
17 (1) ~~((Each tandem space shall be at least eight and one-half feet wide and twice the depth required for a
18 standard space;))~~ Tandem parking spaces may count towards meeting the minimum residential or
19 commercial parking requirements in SCC Table 30.26.030(1) at a rate of one standard space according to
20 SCC Table 30.26.065(18) – Off-Street Parking – Minimum Stall Dimensions, and any necessary provisions
21 for turning radius;

22
23 ~~((2) A maximum of 30 percent of the required parking may be provided through tandem spaces, except
24 that for townhouse and mixed townhouse development a maximum of 100 percent of the required
25 parking for those residing in the development may be provided through tandem spaces when located
26 within individual unit garages.))~~

27
28 ~~((3))~~ (2) For residential uses, tandem parking spaces may be used to meet up to 100 percent of the
29 minimum parking requirements, provided that any use of tandem parking ((may only be used when it
30 can be documented that parking)) spaces ((will)) shall be assigned to specific units and ((tandem spaces
31 will)) may not be shared between units ((-and)). Multifamily developments are not required to assign
32 tandem parking spaces to specific units; and

33
34 ~~((4))~~ (3) For commercial uses, a maximum of 30 percent of the required parking may be provided
35 through tandem parking spaces. Commercial uses with no retail or customer service components may
36 use tandem parking only when it can be documented that the proposed parking will be managed to
37 accommodate employee access to vehicles and vehicle ingress and egress at all times.

38
39 Section 7. Snohomish County Code Section 30.26.030 last amended by Amended Ordinance No. 25-
40 033 on August 13, 2025, is amended to read:

41
42 **30.26.030 Number of spaces required.**

43
44 (1) The required number of off-street parking spaces shall be as set forth in SCC Table 30.26.030(1)
45 subject to provisions, where applicable, regarding:
46

- (a) Effective alternatives to automobile access (SCC 30.26.040);
 - (b) Joint uses (SCC 30.26.050 and 30.26.055); and
 - (c) Accessible routes of travel (SCC 30.26.065(7)).
- (2) The abbreviations in the table have the following meanings:
- (a) "GFA" means gross floor area;
 - (b) "GLA" means gross leasable area; and
 - (c) "SF" means square feet.
- (3) Any off-street parking spaces that are devoted to electric vehicle charging shall be counted toward the minimum number of parking spaces required.
- (4) For off-street parking requirements in the Urban Center (UC) zone, see SCC 30.26.032.

Table 30.26.030(1) Number of Parking Spaces Required

USE	Number of Spaces Required in R-9,600, R-8,400, R-7,200, WFB, T, MR, LDMR, GC, CB, NB, PCB, MUC, MHP, HI, LI, BP, and IP	Number of Spaces Required in RD, RRT-10, R-5, RB, CRC, RFS, RI, F, F&R, A-10, SA-1, RC, RU, R-20,000, R-12,500	NOTES
Accessory Dwelling Unit	No parking required	1 per unit	
Adult Entertainment Business/Use	See SCC 30.26.035	See SCC 30.26.035

Section 8. Snohomish County Code Section 30.26.032, last amended by Amended Ordinance No. 16-013 on March 8, 2017, is amended to read:

30.26.032 Additional parking requirements for the UC zone

In addition to the parking requirements contained in this chapter, developments in the UC zone shall also comply with the following:

(1) Development in the UC zone shall comply with the parking ratios established in SCC Table 30.26.032(1).

Table 30.26.032(1) Parking Ratios

Use	Minimum	Maximum	Bicycle Parking
Restaurants	2 stalls/1,000 net square feet	8 stalls/1,000 net square feet	5 spaces minimum
Retail	2 stalls/1,000 net square feet	4 stalls/1,000 net square feet	5 spaces minimum
Office	2 stalls/1,000 net square feet	4 stalls/1,000 net square feet	5 spaces minimum
Residential (units >1,000 sq. ft. each)	1.5 stalls per unit	2.5 stalls per unit	5 spaces minimum
Residential (units <1,000 sq. ft. each)	1 stall per unit	1.5 stalls per unit	5 spaces minimum
Retirement apartments or retirement housing	0.5 stall per unit	1 stall per unit	5 spaces minimum
All other uses	See SCC 30.26.035		5 spaces minimum

(2) Parking shall be located within, under, behind, or to the side of buildings, except that townhouse and mixed townhouse developments may allow parking in front.

(3) Parking lots shall be landscaped pursuant to SCC 30.25.022.

(4) The number of parking garage entrances shall be minimized. Where feasible, entrances shall be located to the side or rear of buildings. Lighting fixtures within garages shall be screened from view from the street. Exterior architectural treatments for parking garages and structures and free-standing garage buildings shall satisfy the requirements of SCC 30.34A.095.

(5) A reduction from the parking space requirements in SCC Table 30.26.032(1) may be approved pursuant to SCC 30.26.040.

Section 9. Snohomish County Code Section 30.26.065, last amended by Amended Ordinance No. 10-102 on January 19, 2011, is amended to read:

30.26.065 Parking lot development standards.

(1) No building permit shall be issued until plans or other documentation showing provisions for the required off-street parking have been submitted and approved as conforming to the standards of this chapter. Parking areas shall be permanently maintained for parking purposes.

(2) Interior site access lanes shall be designed to provide continuous, unrestricted vehicular movement and shall connect to public streets or private roads (~~(which)~~) that provide legal access to the site.

(3) Access lanes and emergency vehicle lanes shall not be less than 20 feet in width, and emergency access shall be provided pursuant to the provisions of chapter 30.53A SCC.

(4) Parking in emergency vehicle lanes shall be prohibited, and indicated as being unlawful by signs and/or painting on the lane/parking lot surface.

(5) Emergency access shall be provided to within 50 feet of any multifamily building.

(6) Parking lot area (square footage) devoted to accessible routes of travel may be credited toward reducing the number of required off-street parking stalls at the ratio of one parking stall per each 160 square feet of accessible route of travel within parking areas.

(7) Accessible routes of travel may cross driveways, access lanes, and emergency vehicle lanes, but not loading spaces.

(8) If any of the requirements of this section are impractical due to the peculiarities of the site and building, other provisions for emergency access may be approved by the fire marshal.

(9) All parking stalls and aisles shall be designed according to (~~SCC Table 30.26.065(14) or SCC Table 30.26.065(17), "Off-Street Parking,"~~) SCC Table 30.26.065(19), Off-Street Parking – Minimum Stall Dimensions, unless all parking is to be done by parking attendants on duty at all times that the parking lot is in use for the storage of automobiles.

(10) When parking standards require 10 or more parking spaces, up to 40 percent of the off-street parking spaces required by this chapter may be designed for compact cars in accordance with (~~SCC Table 30.26.065(16), "Compact Car Stall and Aisle Specifications" or SCC Table 30.26.065(19), "Interlocking – Compact Cars."~~) SCC Table 30.26.065(19), Off-Street Parking – Minimum Stall Dimensions. Such parking stalls shall be individually marked on the site plan and on each constructed parking stall as being for compact cars only.

(11) Parking at any angle other than those shown is permitted, providing the width of the stalls and aisles is adjusted by interpolation between the specified standards.

(12) Parking shall be so designed that automobiles shall not back out into public streets.

(13) *Electric Vehicle Charging.*

(a) Infrastructure for the charging of electric vehicles shall not intrude into nor diminish the dimensions of the aisle or parking stall(s) it is intended to serve.

(b) Where electric vehicle infrastructure is provided within an adjacent pedestrian circulation area, such as a sidewalk or accessible route to the building entrance, the infrastructure shall be located as to not interfere with accessibility requirements of WAC 51-50-005.

(14) Existing nonconforming gravel surfaced parking areas may be used to provide up to six parking spaces of off-street parking required by this chapter, provided each space meets the minimum dimensions for a standard non-residential space in SCC Table 30.26.065(19), Off-Street Parking – Minimum Stall Dimensions.

Section 10. Snohomish County Code Section 30.26.070, adopted by Amended Ordinance No. 02-064 on December 9, 2002, is amended to read:

30.26.070 Parking lot surfacing requirement.

The following requirements shall be complete prior to issuance of a certificate of occupancy:

(1) All off-street parking shall be graded and surfaced to standards for ~~((asphaltic)) asphalt~~, concrete, hard pavers, grass block pavers, or other surfacing sufficient to:

(a) Eliminate dust and mud;

(b) Provide for proper storm drainage; and

(c) Allow for marking of stalls, and installation of other traffic control devices as set forth by the director of the department of public works and this chapter;

(2) Any required accessible parking spaces shall be linked to an accessible route of travel on site, and both shall be paved;

(3) All traffic control devices such as parking strips designating car stalls, directional arrows or signs, curbs, and other developments shall be installed and completed as shown on the approved plans; and

(4) Hard-surfaced parking areas shall use paint or similar devices to delineate parking stalls and directional arrows.

1 (5) Gravel is prohibited for parking lot surfacing in Urban Growth Areas (UGAs) unless used as part of
2 low impact development or as an existing nonconforming parking area under SCC 30.26.065(14).

3
4 Section 11. Severability and Savings. If any section, sentence, clause or phrase of this ordinance
5 shall be held to be invalid by the Growth Management Hearings Board (Board), or unconstitutional by a
6 court of competent jurisdiction, such invalidity or unconstitutionality shall not affect the validity or
7 constitutionality of any other section, sentence, clause or phrase of this ordinance. Provided, however,
8 that if any section, sentence, clause or phrase of this ordinance is held to be invalid by the Board or
9 court of competent jurisdiction, then the section, sentence, clause or phrase in effect prior to the
10 effective date of this ordinance shall be in full force and effect for that individual section, sentence,
11 clause or phrase as if this ordinance had never been adopted.
