Total	\$160,000	\$60,000	Not to Exceed \$120,000	

**Duration:** The Agreement shall terminate on December 31, 2025.

**Authority Granted:** Approves the recommendation of SWM for the Snohomish County Flood Damage Reduction Grant Program regarding the distribution of the Grant Funds and authorizes the distribution of those funds in the manner as described. Authorizes the County Executive to execute the Interlocal Agreement between Snohomish County and Snohomish County Marshland Flood Control District for Flood Damage Reduction as agreed.

**Background:** Snohomish County has established a Flood Damage Reduction Grant Program and approved a total funding amount of \$150,000 in the Surface Water Management Budget to benefit flood management in Snohomish County. The County’s DCRN SWM division publicized the existence of the grant program and solicited and accepted applications. The District submitted an application to SWM requesting Grant Funds for the use of removing hazard trees on the levee in 2023, 2024, and 2025. After evaluating all applications submitted, SWM recommended allocating Grant Funds to the District not to exceed \$120,000 for the tree removal project.

**Requested Action:** For Council to move to GLS on February 28, 2024, to set time and date for a Public Hearing, suggested March 20, 2024, at 10:30 am.
