3. Scope of Services.

- A. For the purposes of this Agreement, “Traffic Control Devices” are all existing and future electrically powered traffic signals, pedestrian crossing beacons, and school zone flashing beacons that are located within the City’s municipal boundaries and for which the City is responsible for maintaining at the locations identified in Exhibit B of this Agreement, attached hereto and incorporated herein by this reference, together with all future Traffic Control Devices as requested by the City.
- B. For the purposes of this Agreement, “Street Lights” refers to those street lights, trail lights, and pedestrian lights for which the City is responsible for maintaining.
- C. For the purpose of this Agreement, “Traffic Control Device Maintenance Services,” “Street Light Maintenance Services,” “Engineering Services,” “Construction Services,” and other services as agreed upon by the Parties from time to time hereinafter referred to collectively as the “Services,” shall be as described and defined in Exhibit A, attached and incorporated by reference into this Agreement, to the extent such Services are not subject to mandatory competitive bidding, as determined by either the County or the City in accordance with applicable state statutes.
- D. For the purpose of this Agreement, “General Materials” shall be limited to those materials that are not required to be purchased through competitive bidding, as determined by the County in accordance with applicable law, are used in conjunction with Traffic Control Device Maintenance Services and Street Light Maintenance Services, and where the County has included the cost of those materials in the yearly budget in the year in which the materials are purchased.

- E. For the purpose of this Agreement, "Other Materials" shall be limited to those materials that are not General Materials, are required in conjunction with work being completed on a Work Order pursuant to Section 5 of the Agreement and are not required to be purchased through competitive bidding, as determined by the County in accordance with applicable law; PROVIDED, that the City, by May 31st of each year, shall provide the County a preliminary list and cost estimate of all the Other Materials that the City wants the County to purchase the following calendar year. The City, by September 1st of each year, shall provide the County a final list and cost estimate of all the Other Materials. The County reserves the right to accept or reject the purchase of Other Materials requested by the City.
- F. The County agrees to perform Services for the City, and when approved by the County, services for Construction and Engineering or other work not specifically set out in Exhibit A and as requested by Work Order, subject to the availability of sufficient personnel, equipment and materials to perform the requested Services without disrupting the normal operation and functions of the County.
- G. The Administrators identified in Section 2 above are authorized to act on behalf of the County and City respectively, and shall develop working procedures associated with the Services.
- H. Nothing herein contained shall be construed as in any way divesting the City of any of its powers with respect to the supervision, management, and control of streets within its boundaries.
- I. By entering into this Agreement, the Parties intend for the County to provide Services to the City and the City to pay the County for such Services as required under the terms of this Agreement. The County shall not assume, nor does the City expect the County to gain, any greater responsibility and/or liability than it would normally have imposed upon it by law for the performance of Services generally for the citizens of unincorporated Snohomish County.
- J. The County shall act as an independent contractor under this Agreement. Control, supervision, direction and discipline of County personnel, who shall be employees and agents of the County and not the City, shall be the responsibility of the County. The County has the express right to direct and control the County's activities in providing the Services in accordance with the specifications set out in this Agreement. The City shall only have the right to inspect, accept, or reject the completed work.

4. Performance of Services.

- A. For the purpose of performing Services under this Agreement, the County shall furnish and supply all necessary labor, supervision, machinery, equipment, materials, and supplies, when requested, except to the extent machinery, equipment, and/or materials are supplied by the City as agreed to by the County in writing. In addition, the County may perform material sampling and equipment testing. Both Parties agree that they and their officers and agents shall cooperate in the performance of the Services and that the County shall have full authority, possession and necessary control of the work and work area, and with the full assistance from the police of the City to assist in traffic control for safety purposes when requested by the County at least 48 hours prior to the start of any work for non-emergency Services and as needed for emergency Services.
- B. For the purpose of facilitating the performance of the Services under this Agreement, it is hereby agreed that the City, upon reasonable request in writing by the County or its duly authorized representative, and at no cost to the County, shall temporarily close any streets, or portions thereof, that the County, in its sole discretion, finds necessary to be closed, before any work is commenced thereon. The City will be responsible for furnishing the materials and labor needed to temporarily close any street or streets while Services are being performed unless the otherwise agreed by the County.
- C. The Services provided by the County under this Agreement shall be pursued with care and diligence to City standards. The County will make efforts to accommodate pertinent schedules of the City. The County shall notify the City in writing of any hardship or other inability to perform under this Agreement, including delaying the performance of Services under this Agreement when the normal workload of County personnel so requires.
- D. The County shall serve as the lead agency for the Services.

5. Work Order Requests.

No work order request is necessary for Traffic Control Device Maintenance Services or Street Light Maintenance Services set out in Exhibit A, which services will be performed on a regularly scheduled or emergency basis. Requests for Construction Services, Engineering Services and other work not specifically set out in Exhibit A as Maintenance Services shall be processed through Work Order Requests in accordance with the following:

- A. If the City desires the County perform Services other than Maintenance Services specifically listed in Exhibit A, then the City shall direct a Work Order Request to the County Administrator. These Work Orders Requests shall adequately describe the scope of the work to be performed and indicate a desired completion date. The County may require the City to prepare a road plan and profile or sketches to adequately describe the scope, intent and detail of the work.
- B. Upon receipt of a Work Order Request, the County shall review the Services requested therein. The County, in its sole discretion, may agree to accept or reject the Work Order Request. Should the County reject the Work Order Request, it shall advise the City to that effect. Should the County accept the Work Order Request, it shall (1) advise the City of such, and (2) prepare an estimate of the time and costs to complete the work, which it will provide to the City. The estimate is non-binding and does not constitute a bid or contract maximum, and the City shall remain liable for the entire actual cost as described in Section 6 below.
- C. Upon receipt of the approval of the Work Order Request and estimate, the City may either issue a written Notice to Proceed which authorizes the County to perform the requested work or a written notice rejecting the County's estimate. The issuance of a Notice to Proceed shall constitute a representation by the City that the schedule of charges and basis of payment are acceptable and sufficient funds are appropriated to pay for the work. The issuance of a rejection by the City shall relieve the County of all obligations to perform any work identified in the Work Order Request. If no written Notice to Proceed is received by the County from the City within twenty-one (21) days from the date of the County's response approving the Work Order and estimate, then the County will treat the response and estimate as if they had been rejected.
- D. The City may make changes to the requested Services by submitting a new Work Order Request outlining in detail the desired changes to the Services. The County may, in its sole discretion, accept or reject the new Work Order Request, PROVIDED HOWEVER that the County's acceptance is not required where the City is terminating work pursuant to Section 14 below. The City shall be liable for all increases in cost, if any, which may be incurred by changes to the Services, including but not limited to clean-up and any non-cancelable costs.
- E. After issuance of a Notice to Proceed, the County shall provide the City with written notification of any changes to the Work Order Request required by the County when such changes will substantially alter the nature of the Services or the estimate. The County shall obtain the City's written approval to any such changes before implementing them.

6. Basis of Payment.

- A. Unless otherwise provided in this Agreement, the City shall pay to the County Treasurer, for Services within the scope of this Agreement, the entire cost to the County of performing such Services, including: salaries, wages, and benefits of all employees engaged therein; costs of clerical work and travel expenses incurred in the performance of the Services, including mileage of employees; prorated departmental overhead; office supplies; materials; all other costs and incidental expenses; and depreciation on machinery and equipment. The County agrees that only those costs directly allocable to the Services under generally accepted accounting procedures will be charged to the City. In computing the cost of the use of machinery and equipment, the full cost to the County of rental machinery and equipment and any operator furnished therewith, and the County equipment rental rate on County-owned machinery and equipment shall be included.
- B. The County shall be reimbursed in full by the City for Services provided by the County in accordance with the schedule of estimated costs set forth in Exhibit C incorporated herein or as otherwise incurred in connection with approved work order requests. The estimated costs set forth in Exhibit C are as of the effective date of this Agreement. Estimated costs may be adjusted annually to reflect current labor, material, and equipment costs.
- C. The County shall invoice the City monthly, or on any other schedule that is mutually convenient and agreed to by the Parties. The County shall document all costs for labor, materials, and equipment with its billing to the City. The County agrees that only those costs directly allocable to Services under accepted accounting procedures will be charged.
- D. The County shall be reimbursed in full by the City for General Materials purchased by the County that are used in conjunction with Traffic Control Device Maintenance Services and Street Light Maintenance Services. The County shall also be reimbursed in full by the City for Other Materials purchased by the County that are used in conjunction with Work Orders approved by the City.
- E. For the purpose of determining the compensation to be paid by the City to the County for the Services rendered, it is hereby agreed that there shall be included in each billing, to cover administrative costs, an amount not to exceed the County administrative rate. This rate is currently set at 20% of the total labor cost incurred by the County in performing Services for the City during any given billing period under this Agreement. This rate may be adjusted administratively by the County annually to reflect changes in actual administrative costs, and such adjustment shall not be subject

to the amendment process as indicated in Section 15 of this Agreement. The County shall notify the City of any change to the rate.

- F. The City shall remain liable for complete and timely payment of all amounts invoiced. Invoices may be sent monthly, quarterly or on any other schedule that is mutually convenient to the Parties. The County shall include in each invoice documentation of all costs for labor, materials and equipment included in the invoice. Unless the City delivers written notice to the County disputing the amount of a particular invoice, the City agrees to make payment on billings submitted by the County within thirty (30) days following receipt by the City of said billing.

7. Records.

The County shall maintain accurate time and accounting records related to performing Services under this Agreement in the same manner as prescribed for normal County road projects. Such records shall be available for inspection in the County Department of Public Works for a period of three (3) years following final payment of billings for such project. The City shall have the right to inspect, review and copy such records at all times with reasonable notice to the County.

8. Facilities To Be Provided By The City.

- A. The City certifies to the County that the City owns or controls the real property or rights-of-way upon which the Services shall be rendered and additional real property or right-of-ways are not needed to complete the Services. The City further grants to the County, for the purpose of performing Services pursuant to this Agreement, permission and right-of-entry on, over, under, above and through real property owned by the City and those City rights-of-way and WSDOT rights-of-way that the City is responsible for maintaining that are necessary or convenient for the County to access in performing the Services.
- B. At least thirty (30) days prior to the delivery of any requested Services, the City shall obtain and provide to the County copies of all permits necessary for the Services.
- C. All electrical power billings for the operation of the traffic control devices and street lighting systems will be paid by the City.

9. Indemnification/Hold Harmless.

- A. The County shall indemnify and hold harmless the City and its officers, agents, and employees, or any of them from any and all claims, actions, suits, liability, loss, costs, expenses, and damages of any nature whatsoever, by any reason of or arising out of

any negligent act or omission of the County, its officers, agents, and employees, or any of them relating to or arising out of performing services pursuant to this Agreement. In the event that any such suit based upon such a claim, action, loss, or damages is brought against the City, the County shall defend the same at its sole cost and expense; provided that the City reserves the right to participate in said suit if any principle of governmental or public law is involved; and if final judgment in said suit be rendered against the City, and its officers, agents, and employees, or any of them, or jointly against the City and the County and their respective officers, agents, and employees, or any of them, the County shall satisfy the same.

- B. The City shall indemnify and hold harmless the County and its officers, agents, and employees, or any of them from any and all claims, actions, suits, liability, loss, costs, expenses, and damages of any nature whatsoever, by any reason of or arising out of any negligent act or omission of the City, its officers, agents, and employees, or any of them relating to or arising out of performing services pursuant to this Agreement. In the event that any suit based upon such a claim, action, loss, or damages is brought against the County, the City shall defend the same at its sole cost and expense; provided that the County reserves the right to participate in said suit if any principle of governmental or public law is involved; and if final judgment be rendered against the County, and its officers, agents, and employees, or any of them, or jointly against the County and the City and their respective officers, agents, and employees, or any of them, the City shall satisfy the same.
- C. In executing this agreement, the County does not assume liability or responsibility for or in any way release the City from any liability or responsibility which arises in whole or in part from the existence or effect of City ordinances, policies, rules or regulations. If any cause, claim, suit, action or administrative proceeding is commenced in which the enforceability and/or validity of any such City ordinance, policy, rule or regulation is at issue, the City shall defend the same at its sole expense and, if judgment is entered or damages are awarded against the City, the County, or both, the City shall satisfy the same, including all chargeable costs and reasonable attorney's fees.
- D. The foregoing indemnity is specifically intended to constitute a waiver of each party's immunity under Washington's Industrial Insurance Act, Title 51 RCW, as respects the other party only, and only to the extent necessary to provide the indemnified party with a full and complete indemnity of claims made by the indemnitor's employees. The Parties acknowledge that these provisions were specifically negotiated and agreed upon by them.
- E. Should a court of competent jurisdiction determine this Agreement is subject to the provisions of RCW 4.24.115, then each party shall protect, defend, indemnify, and

hold harmless the other, their officers, officials, employees, and agents, from any and all claims, demands, suits, penalties, losses, damages, judgments, or costs of any kind whatsoever (hereinafter “claims”), arising out of or in any way resulting from the Indemnifying party’s officers, employees, agents, and/or subcontractors of all tiers, acts or omissions, performance or failure to perform this Agreement, to the maximum extent permitted by law or as defined by RCW 4.24.115, now enacted or as hereinafter amended.

10. Insurance.

Each Party shall maintain its own insurance and/or self-insurance for its liabilities from damage to property and /or injuries to persons arising out of its activities associated with this Agreement as it deems reasonably appropriate and prudent. The maintenance of, or lack thereof of insurance and/or self-insurance shall not limit the liability of the indemnifying part to the indemnified party(s).

11. Compliance with Laws.

In the performance of its obligations under this Agreement, each party shall comply with all applicable federal, state, and local laws, rules and regulations.

12. Default and Remedies.

- A. Default. If either the County or the City fails to perform any act or obligation required to be performed by it hereunder, the other party shall deliver written notice of such failure to the non-performing party. The non-performing party shall have thirty (30) days after its receipt of such notice in which to correct its failure to perform the act or obligation at issue, after which time it shall be in default (“Default”) under this Agreement; provided, however, that if the non-performance is of a type that could not reasonably be cured within said thirty (30) day period, then the non-performing party shall not be in Default if it commences cure within said thirty (30) day period and thereafter diligently pursues cure to completion.
- B. Remedies. In the event of a party’s Default under this Agreement, then after giving notice and an opportunity to cure pursuant to Section 12.A. above, the non-Defaulting party shall have the right to exercise any or all rights and remedies available to it in law or equity.

- C. Renewal. This Agreement may be renewed administratively by the Agreement administrators for no more than two (2) additional terms of six (6) years each if, at or prior to each termination date, the Agreement administrators provide notice that each agree to such renewals.

In the event that funding from any source is withdrawn, reduced, limited, or not appropriated by either party's legislative authority after the Effective Date of this Agreement, this Agreement may be terminated by either party immediately upon notice to the other party.
- C. Upon termination of this Agreement by either party as provided in this section:
 - i. The County shall notify the City within 30 days of termination of all remaining costs for any equipment purchased by the County that is proprietary to the City's traffic control device or streetlight systems that has not been paid for by the City, as well as the costs of any and all non-cancelable obligations and/or purchases.
