I would like to serve on the Park Advisory Board because I

Why would you like to serve on this board/commission?

deeply value the role that parks, natural spaces, and free recreation play in building healthy, connected communities. As someone who was born and raised in Edmonds and has spent my life enjoying the beauty and resources of Snohomish County, I feel a strong sense of responsibility to give back and help steward these assets for current and future generations.

My commitment to civic engagement and environmental appreciation has always been a central part of who I am. Serving on this board is a natural extension of those values—an opportunity to support the equitable development and preservation of our shared spaces. I believe in accessible nature for all, and I want to ensure our parks remain inclusive, sustainable, and responsive to community needs.

Please explain why you are a qualified candidate, including relevant professional experience, to serve on the board/commission.

I bring a unique blend of professional experience, community leadership, and personal dedication to this role. As someone who has worked extensively in nonprofit and spiritual leadership, I understand the importance of accessible, inclusive spaces that foster wellness, community, and connection. I've helped plan public events, supported community education, and coordinated volunteer programs—all skills that translate directly into thoughtful park stewardship.

In addition, I have a strong background in organizing and facilitating programs that bring people together in outdoor and community-centered spaces. I know how to listen deeply, collaborate effectively, and advocate for diverse voices. I also have experience balancing stewardship with sustainability, which is vital in maintaining the integrity of our county's natural resources.

As a lifelong Snohomish County resident and frequent park user, I'm not only invested professionally but personally in preserving and enhancing these spaces for everyone.

How did you learn of this opportunity?

I learned of this opportunity through a close friend and mentor(Dusty Dionne) who currently serves on the board. He has spoken passionately about how meaningful and enriching the experience has been for his work and service to the community. When he shared that a vacancy might be available, I felt called to step up and offer my time and skills in support of this vital public resource.
