Stephen Phillips, Jr. PLS
Division Manager, Engineering Services
Snohomish County Planning & Development Services
3000 Rockefeller Ave, M/S 604
Everett, WA 98026

SUBJECT: Review of Stormwater and Subdivision Site Plans and Reports

Dear Mr. Phillips,

This letter requests a budget amendment to our existing task order for the review of site plans and reports submitted by applicants for land development permit applications. The purpose of the review is to determine the applicant's compliance with the Snohomish County Code, Snohomish County Drainage Manual and the Engineering Design and Development Standards, which is required before a land development permit may be issued. This review is part of the Planning & Development Services permit review process. The specific tasks and assumptions are as described most recently in our letter dated May 1, 2024.

The attached project cost estimate uses Billing Rates Per Hour under 2024-2025 Fee Schedule executed 8/14/2024.

If you have any questions about the Scope of Work, please contact me by phone at (425) 586-9769 or by email at aow@deainc.com.

Sincerely,

DAVID EVANS AND ASSOCIATES, INC.

Anthony Wilen, PE
Senior Associate/Project Manager
