Why would you like to serve on this board/commission? As a resident of Snohomish County I am invested in the meaningful inclusion of ALL of our residents, especially the most historically underserved, isolated or under supported.

Supporting a service that provides connections and advocacy and supports Individuals with disabilities and their families is in alignment with my core values.

---

Please explain why you are a qualified candidate, including relevant professional experience, to serve on the board/commission.

I have been working in public education (special education) and partnering with county services from that angle for 22 years. I am also a BCBA with an emphasis in organizational behavior management (motivating human service staff). In addition, I also work with adults who were formerly incarcerated, unhoused and are recovering from Co-occurring disorders (behavioral health and addiction). I believe my work in social justice and my own continuing growth in identifying my own and systemic biases will be an asset to the board. In addition, years of listening to the voices and gestures of individuals with disabilities has taught me how to be an ally and that I need to continue to learn, listen and be open to new sources of wisdom.
