2022 Budget Reference: Fire: (Page 33), EMS: (Page 113)	

RECOMMENDATION:

Council **MOTION** to authorize the Mayor to sign an Interlocal Agreement with Snohomish County for Fire Mechanical Services.

SUMMARY:

The City has had an interlocal agreement (ILA) with Paine Field Fire Department for fire mechanical services for fire vehicles and equipment since 2011. The current agreement expired in June, 2022, with a 60-day extension due set to expire at the end of August, 2022. The extension allowed both parties to negotiate the terms of the new agreement, without the City losing the ability to access the County’s services.

Paine Field Fire Chief Cole and Acting Fire Chief Albright worked on the proposed successor ILA. The mechanical services offered at Paine Field provide a significant convenience factor for the City by reducing downtime transporting vehicles and equipment for repair and testing. The cost for the mechanical services is based on current market value.

ALTERNATIVES:

The proposed ILA meets the City’s needs and is the most cost-effective means for the City to have their fire apparatus repaired and maintained. Other means are not cost-effective and/or do not meet national standards.
