Federal Funding Accountability and Transparency Act (FFATA) (Applies to federal grant awards.)

This statement of work is supported by federal funds that require compliance with the Federal Funding Accountability and Transparency Act (FFATA or the Transparency Act). The purpose of the Transparency Act is to make information available online so the public can see how the federal funds are spent.

To comply with this act and be eligible to perform the activities in this statement of work, the LHJ must have a Data Universal Numbering System (DUNS®) number.

Information about the LHJ and this statement of work will be made available on [USASpending.gov](#) by DOH as required by P.L. 109-282.

Program Manual, Handbook, Policy References

Exhibit A, Statement of Work

Emergency Response Plan (or equivalent)
Medical Countermeasure/Mass Vaccination Plan

Billing Requirements:

Monthly invoices must be submitted timely to the regional IMT/Organization for review/approval prior to submission to DOH for reimbursement.

Contract Master Index (MI) Code: 934V0200 General Mass Vaccination

BARS Revenue Code: 333.97.03 Mass Vaccination Reimbursement

Special Instructions:

The LHJ is considered a CONTRACTOR of DOH not a subrecipient for this portion of the statement of work. An allocation of funds is not provided as these FEMA funds are only available as reimbursement of costs associated with implementation of the mass vaccination plan.

Detailed documentation must be maintained as directed by the regional IMT/Organization and DOH to substantiate costs associated with these activities for submission to FEMA upon request by DOH.

Eligible costs from the timeframe of January 1, 2022 through April 1, 2022 include facility rentals, medical and support staff for planning, management, support, and operations; as well as wrap-around services for staff (i.e., meals, travel, lodging). Regular and overtime pay associated with this project is allowable for all staff working under this project and must be billed as a direct charge; timesheets are required documentation and must be available upon request by DOH. Indirect rates are not applicable to these funds. Eligible equipment includes facility infection control measures, personal protective equipment (PPE), storage equipment, coolers, freezers, temperature monitoring devices, portable vaccine units for transportation, supplies such as emergency medical supplies (for emergency medical care needs that may arise in the administration of the vaccine), containers for medical waste, as well as proper storage as needed for canisters of liquid nitrogen or dry ice. Eligible equipment purchase costs should not exceed \$5,000 per piece. Equipment over \$5,000 a piece must be preapproved by the IMT and should be leased rather than purchased. Any diversion from the list of pre-approved expenses will require a narrative on the purchase rationale and will be subject to IMT approval prior to reimbursement. Timesheets are required documentation for all activities related to this project. Staff time-in / time-out must be recorded, as well as a brief description of their activities. A general description of activities is acceptable for those working at the vaccine site; more detailed/specific description is required for those not working at the vaccine site.

Statement of Work Purpose: The purpose of this Statement of Work (SOW) is to continue to embed Vroom in Snohomish Health District's (SHD's) programs, initiatives, and ongoing practice building on SHD's work in 2021 and as described in SHD's response to DOH Essentials for Childhood (Essentials) Request for Proposals (RFP) 25654. Prioritize introducing Vroom to families who are underserved and have been historically marginalized. Use Vroom to support parents and caregivers to play a proactive role in children's early brain development by turning shared, everyday moments into brain-building moments. Use Vroom to connect with families and strengthen systems that support child health and development in your community. Honor and build on strengths within the your community.

Period of Performance: January 1, 2022 through June 30, 2023

Statement of Work Purpose: The purpose of this statement of work (SOW) is to specify how state funds for Foundational Public Health Services (FPHS) will be used for the period of performance. Per RCW 43.70.512, these funds are for the governmental public health system to deliver FPHS services statewide in the most effective, efficient and equitable manner possible with the funds available.

The FPHS Steering Committee with input from FPHS Subject Matter Expert (SME) Workgroups and the Tribal Technical Workgroup is the decision making body for FPHS. For the 2021 – 2023 biennium, the Steering Committee is using an iterative approach to decision making. Determining investments first for SFY22 (July 1, 2021 – June 30, 2022), then for SFY23 (July 1, 2022 – June 30, 2023). This means that additional tasks and/or funds may be added to an LHJ’s FPHS SOW as these decisions are made.

These funds are to be used as directed and allocated by the FPHS Steering Committee. As the global COVID-19 pandemic and the public health response to it continues and begins to abate, these FPHS funds can be braided with and used to supplement other short-term pandemic response funding as needed for FPHS activities during this period of performance through 06/30/22. Responding to pandemics, epidemics and public health emergencies are foundational services of the governmental public health system.

Note:

The total biennial funding allocation is for the period of July 1, 2021 through June 30, 2023. The 2021 – 2023 biennial funding allocations will be divided into four six-month lump sum amounts that will be disbursed at the beginning of each six month period as follows: July 1, 2021; January 1, 2022; July 1, 2022; January 1, 2023. Each year, the July payment will be disbursed upon completion of the FPHS Annual Report.

The SFY22 July 1, 2021 disbursement of funds was completed in the 2018-2021 consolidated contract and is included in this statement of work for informational purposes only. FPHS funds must be spent in the state fiscal year (SFY) in which they are appropriated by the legislature, allocated, and disbursed. Legislative appropriations lapse at the end of each state fiscal year. (RCW 43.88.140)

Spending and spending projections must be reported as required by the FPHS Steering Committee. Funds that are projected to be unspent by the close of the state fiscal year must be reallocated per the process developed by the FPHS Steering Committee to assure that all funds appropriated by the legislature can be spent by the governmental public health system to deliver FPHS within the year that the funds are appropriated. Unspent funds revert to the state treasury and must be returned to DOH by July 15th of each year for return to the Office of Financial Management.

| 5 | <p>Environmental Public Health (EPH) (FPHS definitions B.3 & 4) – These funds are to each LHJ to deliver services in their own jurisdiction. In coordination with the FPHS Steering Committee and Subject Matter Expert (SME) Workgroups, these funds are for each LHJ to deliver FPHS EPH services in their jurisdiction as defined in the most current version of the FPHS definitions and supplement existing funding specifically for:</p> <ul style="list-style-type: none"> Develop, implement and enforce laws, rules, policies and procedures for maintaining the health and safety of retail food service inspections and shellfish monitoring, that address environmental public health concerns. (B.3.b) Develop, implement and enforce laws, rules, policies and procedures for ensuring the health and safety of wastewater and facilities, including onsite septic design and inspections, wastewater treatment and reclaimed water, that address environmental public health concerns. (B.3.e) Develop, implement and enforce laws, rules, policies and procedures for ensuring the health and safety of solid waste and facilities, including hazardous waste streams (e.g. animal waste, solid waste permitting and solid waste inspections), that address environmental public health concerns. (B.3.f) Develop, implement and enforce laws, rules, policies and procedures for ensuring the health and safety of schools, including thorough education and plan review that address environmental public health concerns. (B.3.g) <p>These funds can be used to retain, hire and/or contract with other LHJs for staff time or services and for staff training as needed to provide the following FPHS EPH services that are not appropriately funded with fees. Each LHJ will be responsible to report on their progress on FPHS deliverables even if contracted with other LHJs (FPHS funds are intended to build capacity and not intended to justify the reduction of existing fee revenue):</p> <ul style="list-style-type: none"> Food Safety (FPHS definitions B.3.b.) – Respond to food safety concerns that are not appropriately funded such as foodborne illness threats, requests for technical assistance and addressing new and emerging business models. Every local jurisdiction in Washington is expected to respond to foodborne illness outbreaks, food safety inquiries and provide preventative education for the general public and technical assistance. Sewage Safety (FPHS definitions B.3.e-f) – Respond to sewage concerns and public health threats and provide technical assistance that are not appropriately funded to ensure that sewage is handled appropriately to limit potential exposure to sewage. Every local jurisdiction in Washington is expected to ensure sewage is properly managed. On-Site Septic (OSS) permitting, enforcement and providing technical assistance and education to OSS owners are fee funded activities and should be funded through fees or local government who sets the fees. These FPHS funds provide resources to support activities for which a fee cannot be charged such as: responding to OSS failures, surfacing sewage, OSS safety concerns, and similar issues. These funds can also be used for concerns related to large on-site sewage systems, other OSS-related concerns that do not involve locally permitable systems, and other sewage-related issues, regardless of whether they are related to a fee-for-service activity. Examples of activities FPHS funds can be used for: <ul style="list-style-type: none"> Work with partners to educate and inform public on OSS monitoring and maintenance Work with the public, policy makers and partners to assess needs and develop plans and solutions for wastewater management in their communities. Respond to complaints, act as needed, and assure that failing OSS are identified and promptly repaired. Conduct Pollution Identification and Correction (PIC) investigations where water quality is impaired to identify failing septic systems and other pollution sources. Ensure that sewage from both OSS and other sources is adequately handled to create barriers to potential exposure to sewage. Adequate qualified staff to evaluate proposals, inspect new installations and repairs, assess cause of OSS failure, and comply with requirements in state law. Schools Safety (FPHS definition B.3.g) – Assure safe and effective learning environments for children attending K-12 schools – public, private and parochial. Every local jurisdiction in Washington is expected to work collaboratively with DOH, ESDs and local school districts and use the model program to assure consistency to regularly evaluate each K-12 for health and safety concerns and provide mandated services per WAC 246-366. Initial priorities include: <ul style="list-style-type: none"> Build partnerships with school officials, local boards of education, parent teacher associations, education service districts, and other school focused entities. Participate with statewide public health groups to standardize school program implementation. Focus on schools that have not previously been inspected to assess current conditions Focus on existing elementary schools for first phase of inspections program | | | |

Special Instructions:

There are two different BARS Revenue Codes for “state flexible funds” to be tracked separately and reported separately on your annual BARS report. These two BARS Revenue Codes and definitions from the State Auditor’s Office (SAO’s) are listed below along with a link to the BARS Manual. 336.04.25 is the new BARS Revenue Code to use for the Foundational Public Health Services (FPBS) funds included in this statement of work.

336.04.24 – County Public Health Assistance

Use this account for the state distribution authorized by the 2013 2ESSB 5034, section 710. The local health jurisdictions are required to provide reports regarding expenditures to the legislature from this revenue source.

336.04.25 – Foundational Public Health Services

Use this account for the funding designated for the local health jurisdictions to provide a set of core services that government is responsible for in all communities in the WA state. This set of core services provides the foundation to support the work of the broader public health system and community partners. At this time the funding from this account is for delivering ANY or all of the FPBS communicable disease services (listed above) and can also be used for the FPBS capabilities that support FPBS communicable disease services as defined in the most current version of FPBS Definitions.

Program Manual, Handbook, Policy References:

Children and Youth with Special Health Care Needs Manual - <https://www.doh.wa.gov/ForPublicHealthandHealthcareProviders/PublicHealthSystemResourcesandServices/LocalHealthResourcesandTools/MaternalandChildHealthBlockGrant/ChildrenandYouthWithSpecialHealthCareNeeds>

Restrictions on Funds (i.e., disallowed expenses or activities, indirect costs, etc.):

1. At least 30% of federal Title V funds must be used for preventive and primary care services for children and at least 30% must be used for services for children with special health care needs. [Social Security Law, Sec. 505(a)(3)].
2. Funds may not be used for:
 - a. Inpatient services, other than inpatient services for children with special health care needs or high risk pregnant women and infants, and other patient services approved by Health Resources and Services Administration (HRSA).
 - b. Cash payments to intended recipients of health services.
 - c. The purchase or improvement of land, the purchase, construction, or permanent improvement of any building or other facility, or the purchase of major medical equipment.
 - d. Meeting other federal matching funds requirements.
 - e. Providing funds for research or training to any entity other than a public or nonprofit private entity.
 - f. Payment for any services furnished by a provider or entity who has been excluded under Title XVIII (Medicare), Title XIX (Medicaid), or Title XX (social services block grant). [Social Security Law, Sec 504(b)].
3. If any charges are imposed for the provision of health services using Title V (MCH Block Grant) funds, such charges will be pursuant to a public schedule of charges; will not be imposed with respect to services provided to low income mothers or children; and will be adjusted to reflect the income, resources, and family size of the individual provided the services. [Social Security Law, Sec. 505 (1) (D)].

Monitoring Visits: Telephone calls with DOH contract manager as needed.

Billing Requirements: Payment is contingent upon DOH receipt and approval of all deliverables and an acceptable A19-1A invoice voucher. Payment to completely expend the “Total Consideration” for a specific funding period will not be processed until all deliverables are accepted and approved by DOH. Invoices must be submitted quarterly by the 30th of each month following the quarter in which the expenditures were incurred and must be based on actual allowable program costs. Billing for services on a monthly fraction of the “Total Consideration” will not be accepted or approved.

Special Instructions: Contact DOH contract manager below for approval of expenses not reflected in approved budget workbook.

MCHBG funds may be expended on COVID-19 response activities that align with maternal and child health priorities. Examples may include:

- Providing support in educating the MCH population about COVID-19 through partnerships with other local agencies, medical providers, and health care organizations.
- Working closely with state and local emergency preparedness staff to assure that the needs of the MCH population are represented.
- Funding infrastructure that supports the response to COVID-19. For example, Public Health Nurses who are routinely supported through the Title V program may be able to be mobilized, using Title V funds or separate emergency funding, to support a call center or deliver health services.
- Partnering with parent networks and health care providers to provide accurate and reliable information to all families.
- Engaging community leaders, including faith-based leaders, to educate community members about strategies for preventing illness

Restrictions listed above continue to apply.

Federal Funding Accountability and Transparency Act (FFATA) (Applies to federal grant awards.)

This statement of work is supported by federal funds that require compliance with the Federal Funding Accountability and Transparency Act (FFATA) or the Transparency Act). The purpose of the Transparency Act is to make information available online so the public can see how the federal funds are spent.

To comply with this act and be eligible to perform the activities in this statement of work, the LHJ must have a Data Universal Numbering System (DUNS®) number.

Information about the LHJ and this statement of work will be made available on USASpending.gov by DOH as required by P.L. 109-282.

Program Manual, Handbook, Policy References: Field Guide (DOH Publication 331-486).

Special References:

Chapter 246-290 WAC is the set of rules that regulate Group A water systems. By this statement of work, ODW contracts with the LHJ to conduct sanitary surveys (and SPIs and provide technical assistance) for small community and non-community water systems with ground water sources. ODW retains responsibility for conducting sanitary surveys (and SPIs and provide technical assistance) for small community and non-community water systems with surface water sources, large water systems, and systems with complex treatment.

LHJ staff assigned to perform activities under tasks 1, 2, and 3 must be trained and approved by ODW prior to performing work. See special instructions under Task 4, below.

Special Billing Requirements

The LHJ shall submit quarterly invoices within 30 days following the end of the quarter in which work was completed, noting on the invoice the quarter and year being billed for. Payment cannot exceed a maximum accumulative fee of **\$7,200 for Task 1**, and **\$2,000 for Task 2, Task 3 and Task 4** combined during the contracting period, to be paid at the rates specified in the Payment Method/Amount section above. When invoicing for sanitary surveys, bill half to BARS Revenue Code 346.26.64 and half to BARS Revenue Code 346.26.65.

When invoicing for **Task 1**, submit the list of WS Name, ID #, Amount Billed, Survey Date and Letter Date for which you are requesting payment.

When invoicing for **Task 2-3**, submit the list of WS Name, ID #, TA Date and description of TA work performed, and Amount Billed.

When invoicing for **Task 4**, submit receipts and the signed pre-authorization form for non-employee travel to the ODW Program Contact below and a signed A19-1A Invoice Voucher to DOH Grants Management, billing to BARS Revenue Code 346.26.66 under Technical Assistance (TA).

Special Instructions

Task 1

Trained LHJ staff will evaluate the water system for physical and operational deficiencies and prepare a Final Sanitary Survey Report which has been accepted by ODW. Detailed guidance is provided in the *Field Guide for Sanitary Surveys, Special Purpose Investigations and Technical Assistance* (Field Guide). The sanitary survey will include an evaluation of the following eight elements: source; treatment; distribution system; finished water storage; pumps, pump facilities and controls; monitoring, reporting and data verification; system management and operation; and certified operator compliance. If a system is more complex than anticipated or other significant issues arise, the LHJ may request ODW assistance.

- No more than **0** surveys of non-community systems with three of fewer connections be completed between January 1, 2022 and December 31, 2022.
- No more than **9** surveys of non-community systems with four or more connections and all community systems to be completed between January 1, 2022 and December 31, 2022.

The process for assignment of surveys to the LHJ, notification of the water system, and ODW follow-up with unresponsive water systems; and other roles and responsibilities of the LHJ are described in the Field Guide.

Task 2

Trained LHJ staff will perform Special Purpose Investigations (SPIs) as assigned by ODW. SPIs are inspections to determine the cause of positive coliform samples or the cause of other emergency conditions. SPIs may also include sanitary surveys of newly discovered Group A water systems. Additional detail about conducting SPIs is described in the Field Guide. The ODW Regional Office must authorize in advance any SPI conducted by LHJ staff.

Task 3

Trained LHJ staff will conduct Technical Assistance as assigned by ODW. Technical Assistance includes assisting water system personnel in completing work or verifying work has been addressed as required, requested, or advised by the ODW to meet applicable drinking water regulations. Examples of technical assistance activities are described in the Field Guide. The ODW Regional Office must authorize in advance any technical assistance provided by the LHJ to a water system.

Task 4

LHJ staff assigned to perform activities under tasks 1, 2, and 3 must be trained and approved by ODW prior to performing work.

If required trainings, workshops or meetings are not available, not scheduled, or if the LHJ staff person is unable to attend these activities prior to conducting assigned tasks, the LHJ staff person may, with ODW approval, substitute other training activities to be determined by ODW. Such substitute activities may include one-on-one training with ODW staff, co-surveys with ODW staff, or other activities as arranged and pre-approved by ODW. LHJ staff may not perform the activities under tasks 1, 2, and 3 without completing the training that has been arranged and approved by ODW.

Program Specific Requirements

Restrictions on Funds:

These funds can NOT be used for local match to federal grants.

Special References:

WAC 246-272A and RCW 70A.110

State funds from the Aquatic Lands Enhancement Account must be used to implement elements and activities of the local on-site sewage management plans that do not conflict with and are consistent with the goals, strategies, objectives, and actions of the Puget Sound Action Agenda.

Definitions:

Failure: A condition of an on-site sewage system or component that threatens the public health by inadequately treating sewage or by creating a potential for direct or indirect contact between sewage and the public. Examples of failure include: (a) Sewage on the surface of the ground; (b) Sewage backing up into a structure caused by slow soil absorption of septic tank effluent; (c) Sewage leaking from a sewage tank or collection system; (d) Cesspools or seepage pits where evidence of ground water or surface water quality degradation exists; (e) Inadequately treated effluent contaminating ground water or surface water; or (f) Noncompliance with standards stipulated on the permit.

Maintenance and Monitoring: The actions necessary to keep the on-site sewage system components functioning as designed. Periodic or continuous checking of an on-site sewage system, which is performed by observations and measurements, to determine if the system is functioning as intended and if system maintenance is needed. Monitoring also includes maintaining accurate records that document monitoring activities.

Billing Requirements:

1. Billings are submitted on an A19-1A form, which is provided by DOH.
2. A19-1A forms may be submitted monthly and must be submitted bi-monthly at a minimum.

Special Instructions:

Period of Performance: January 1, 2022 through June 30, 2022

Statement of Work Purpose: The purpose of this statement of work is to provide funding for commercial tobacco (including vaping products) prevention and control activities.

Note: Commercial tobacco includes any product that contains tobacco and/or nicotine, such as cigarettes, cigars, electronic cigarettes, hookah, pipes, smokeless tobacco, heated tobacco, and other oral nicotine products. Commercial tobacco does not include FDA-approved nicotine replacement therapies.

** PLEASE NOTE: The funding allocations in this statement of work are the estimated unspent funding for FFY21 TOBACCO-VAPE PREV COMP 1 and the actual unspent funding for SFY22 YOUTH TOBACCO VAPOR PRODUCTS and SFY22 MARIJUANA EDUCATION from the 2018-2021 contract and are NOT additional funding for this work. The total 12-month allocation of \$108,689 was awarded in the July 1, 2021 - December 31, 2021 statement of work in the 2018-2021 contract. Estimated funding in this statement of work will be adjusted in a future amendment if necessary upon final closeout of the 2018-2021 contract.

Federal Funding Accountability and Transparency Act (FFATA) (Applies to federal grant awards.)

This statement of work is supported by federal funds that require compliance with the Federal Funding Accountability and Transparency Act (FFATA or the Transparency Act). The purpose of the Transparency Act is to make information available online so the public can see how the federal funds are spent. To comply with this act and be eligible to perform the activities in this statement of work, the LHJ must have a Data Universal Numbering System (DUNS®) number. Information about the LHJ and this statement of work will be made available on [USASpending.gov](#) by DOH as required by P.L. 109-282.

Program Specific Requirements

Program Manual, Handbook, Policy References: Meet requirements outlined in the Commercial Tobacco Prevention Program (CTPP) Work Plan and Reporting Guidebook, Budget Workbook.

Staffing Requirements: Fulfill program administration roles and responsibilities:

- a) The CTPP Regional Contractor shall ensure the DOH has the most current contact information of the local program administrator that is responsible for the performance of this statement of work.
- b) Participate in required conference calls (including quarterly conference calls between MPEP and CTPP contractors), trainings, webinars, and in-person or virtual meetings for Commercial Tobacco Prevention Program (CTPP) contractors according to the schedule provided by DOH.

- c) Submit an Annual Implementation Plan and Budget according to the deadlines in Section E below.
- d) Submit accurate and complete progress reports, budgets, and A19 invoices, using the required guidance, reporting tool or system, and deadlines (see Section E below) provided by DOH.
- e) Act as the fiduciary agent if subcontracting. DOH must be notified and approve of any subcontractors; however, subcontractor performance is the responsibility of each CTPP Regional Contractor.
- f) Meet all requirements outlined in the CTPP Work Plan and Reporting Guidebook provided by CTPP.
- g) Have completed background checks and on file for any staff or volunteer (funded and/or representing a CTPP contractor or subcontractor) who will be with youth and unsupervised. Prohibit any staff with a felony conviction related to their duties from supervising and interacting with minors while performing the duties of this contract. This requirement is consistent with existing statute RCW 9.96A.020.

Restrictions on Funds:

- Subrecipients may not use funds for research.
- Subrecipients may not use funds for clinical care except as allowed by law.
- Subrecipients may use funds only for reasonable program purposes, including personnel, travel, supplies, and services.
- Subrecipients may not use funds to purchase tobacco prevention curriculum for K-12 schools.
- Subrecipients may not use funds for tobacco compliance check inspections.
- Subrecipients may not use funds to pay for Synar or Federal Drug Administration (FDA) compliance monitoring.
- Generally, subrecipients may not use funds to purchase furniture or equipment. Any such proposed spending must be clearly identified in the budget.
- Reimbursement of pre-award costs generally is not allowed, unless the CDC provides written approval to the recipient.
- Other than for normal and recognized executive-legislative relationships, no funds may be used for:
 - Publicity or propaganda purposes, for the preparation, distribution, or use of any material designed to support or defeat the enactment of legislation before any legislative body.
 - The salary or expenses of any grant or contract recipient, or agent acting for such recipient, related to any activity designed to influence the enactment of legislation, appropriations, regulation, administrative action, or Executive order proposed or pending before any legislative body.
- See [Additional Requirement \(AR\) 12](#) for detailed guidance on this prohibition and [additional guidance on lobbying for CDC recipients](#).
- The direct and primary recipient in a cooperative agreement program must perform a substantial role in carrying out project outcomes and not merely serve as a conduit for an award to another party or provider who is ineligible.
- In accordance with the United States Protecting Life in Global Health Assistance policy, all non-governmental organization (NGO) applicants acknowledge that foreign NGOs that receive funds provided through this award, either as a prime recipient or subrecipient, are strictly prohibited, regardless of the source of funds, from performing abortions as a method of family planning or engaging in any activity that promotes abortion as a method of family planning, or to provide financial support to any other foreign non-governmental organization that conducts such activities. See Additional Requirement (AR) 35 for applicability: <https://www.cdc.gov/grants/additional-requirements/ar-34.html>

Definitions: CONTRACTOR – LHJ performing work under this statement of work.

Billing Requirements:

1. All expenditures incurred and reimbursements made for performance under this statement of work shall be based on actual allowable costs in accordance with the Commercial Tobacco Prevention Program (CTPP) Work Plan and Reporting Guidebook, revised 2021.
2. DOH will reimburse the contractor for actual allowable program costs. Billings for services on a monthly fraction of the budget will not be accepted or approved.
3. DOH shall pay the contractor all allowable costs incurred as evidenced by a proper invoice submitted to DOH on a timely basis, insofar as those allowable and allocable costs do not exceed that amount appropriated or otherwise available for such purposes as stated herein, or in subsequent amendments.
4. DOH shall pay for costs under this statement of work up to a total not exceeding the total funding consideration amount. Costs allowable under this statement of work are based on DOH-approved budget for periods of performance: July 1, 2021 to June 30, 2022.

5. Authorized and allowable program expenditures shall be reimbursed upon receipt and approval of the Monthly Progress Report, Monthly Expenditure Report and Request for Reimbursement form (A19-1A) according to Section E of this contract. If the Monthly Progress Report, Expenditure Report and/or Request for Reimbursement form (A19-1A) are not completed within 60 days of the month when expenditures were incurred, DOH may withhold approval and payment, at its discretion, until the 30th of the month following submittal.
6. Final expenditure projections must be submitted by the 10th of July to allow DOH to appropriately accrue funds to make final payments.
7. The final Monthly Expenditure Report and Request for Reimbursement form must be submitted to DOH no later than 45 days following the end of the contract year in order to assure reimbursement of approved costs.
8. Backup documentation can include, but is not limited to; receipts, invoices, billing records, work orders, positive time and attendance records (timesheets), travel vouchers and accounting expense reports. Backup documentation shall be kept on file by the fiscal agent and made available upon request by DOH.
9. Submission of electronic reports, deliverables, and other invoice attachments are preferred; however hard copies are acceptable.

Special Instructions:

1. Timely communications regarding funding amounts and/or funding reductions.
2. An annual calendar of key events required and optional trainings and other key dates.
3. Contract oversight and point of contact for overall project coordination, technical assistance, and facilitation of project communication.
4. Templates for implementation plan, budget workbook, and reporting requirements.
5. Technical assistance on meeting project goals, objectives, and activities related to:
 - a. Adapting required and innovative activities to ensure they are culturally and linguistically appropriate evidence-based or evidence-informed, or promising programs.
 - b. Developing and adapting project materials so they are culturally and linguistically appropriate using Cultural and Linguistically Appropriate Services (CLAS) standards <https://minorityhealth.hhs.gov/omb/browse.aspx?lv=2&lvlid=53>.
 - c. Providing relevant resources and training, as resources permit.
 - d. Meeting performance measure, evaluation, and data collection requirements.
 - e. Interpreting DOH guidelines, requirements, and expectations. This includes making determinations of whether CTPP funds may be used for activities and projects proposed by the LHJ.

Program Administration:

1. The contractor shall perform the requirements and activities defined in this statement of work (SOW) and the Commercial Tobacco Prevention Program (CTPP) Work Plan and Reporting Guidebook, revised 2021. At a minimum, program and fiscal performance will be monitored and evaluated monthly by the assigned DOH staff based on each contractor's Monthly Progress Report, and Monthly Expenditure Worksheet and A19 invoice. CTPP staff will also monitor and evaluate regional program performance during on-site visits [minimum one (1) per biennium] following requirements and protocols provided by CTPP.
2. The contractor shall provide DOH with the program administrator's name, address, telephone number, and any subsequent changes. This contract information will be kept in an internal DOH database, along with the same information of all staff supported in part/full with CTPP funds. Failure of the contractor to perform activities (including those subcontracted to other agencies or organizations) as described in the DOH-approved SOW included herein and subsequent amendments, and in accordance with DOH administrative and Contract Performance Policies, and with any applicable local, state, or federal law or regulation, may result in the reduction of funds, suspension of services, or the termination of this SOW.
3. DOH reserves the right to determine the amount of any reduction to this statement of work, based on contractor's performance. Any reduction shall be based on a review of the contractor's expenditure patterns and actual performance.
4. Make reasonable efforts throughout the period of performance, to identify and leverage resources from private or public entities to support costs under this program.
5. The contractor's annual work plan and budget must be approved by CTPP contract manager prior to implementation. This includes execution of subcontracts within the region. Any changes to either the work plan or budget, must also be approved by the DOH contract manager prior to implementation.

Subcontractor Requirements:

1. When subcontracting with an organization that is leading regional efforts in one or more counties, the Regional Contractor is required to include language in these contracts that reflects the following:

- a. Submit monthly progress reports and invoices that reflect work performed and funding spent using tools provided by DOH or the Regional Contractor. Due dates may be set by the Regional Contractor to ensure they can meet the deadlines in Section E below.
2. When subcontracting with an organization to work directly with youth (ages 0-17), the Regional Contractor is required to include language in these contracts that reflects the following:
 - b. Provide verification that criminal history/background checks have been completed for any staff and volunteers who will work with youth (ages 0-17) and are on file.

Required Plans and Reports:

The contractor shall submit required reports by the date due using required forms according to procedures issued by DOH. These reports and their due dates shall include, but not be limited to:

| <u>Report</u> | <u>Date Due</u> |
|--|--|
| 1. Submit an annual plan and budget | Annually, no later than July 30, 2021, using a template provided by CTPP. DOH approval will occur no later than August 15, 2021. Update as needed on SharePoint. |

Federal Funding Accountability and Transparency Act (FFATA)

This statement of work is supported by federal funds that require compliance with the Federal Funding Accountability and Transparency Act (FFATA or the Transparency Act). The purpose of the Transparency Act is to make information available online so the public can see how the federal funds are spent.

To comply with this act and be eligible to perform the activities in this statement of work, the LHJ must have a Data Universal Numbering System (DUNS®) number.

Information about the LHJ and this statement of work will be made available on [USASpending.gov](#) by DOH as required by P.L. 109-282.

Restrictions on Funds (what funds can be used for which activities, not direct payments, etc.)

CDC Funding Regulations and Policies: <https://www.cdc.gov/grants/documents/General-Terms-and-Conditions-Non-Research-Awards.pdf>

Monitoring Visits (frequency, type)

The DOH program contact may conduct monitoring visits during the life of this project. The type, duration, and timing of visit will be determined and scheduled in cooperation with the subawardee. The DOH Fiscal Monitoring Unit may conduct fiscal monitoring site visits during the life of this project

All work will be performed in accordance with the revised and approved project plans to be submitted to DOH.

Special Billing Requirements

Payment: Upon approval of deliverables and receipt of an invoice voucher, DOH will reimburse for actual allowable costs incurred. Billings for services on a monthly fraction of the budget will not be accepted or approved.

Submission of Invoice Vouchers: The LHJ shall submit correct monthly A19-1A invoice vouchers for amounts billable under this statement of work to DOH by the 25th of the following month or on a frequency no less often than quarterly.

Other: Required activities, deliverables, and funding is for the entire project period: January 2021 through specified date above. Unspent funds and tasks not completed by December 31, 2021 were reauthorized for work in this new consolidated contract term beginning January 1, 2022. It is the LHJ's responsibility to assure that the unspent funding amount carried forward to this statement of work does not exceed the remaining available balance from the 2018-2021 contract.

Period of Performance: January 1, 2022 through August 31, 2022

Statement of Work Purpose: Snohomish County's Opioid Response Multi-Agency Coordination Group (the MAC Group) developed a set of goals focused on reducing the impact that opioids have on the health, safety, and quality of life of people in our communities: 1) reduce opioid misuse and abuse; 2) lessen the availability of opioids; 3) reduce criminal activity associated with opioids; 4) use data to detect, monitor, evaluate, and act; 5) reduce collateral damage to the communities; 6) provide information about the response in a timely and coordinated manner; and 7) ensure the availability of resources that efficiently and effectively support response efforts. These goals are aligned with the strategies and activities proposed within the Overdose Data to Action (OD2A) funding opportunity.

Note: Deliverable due dates prior to January 1, 2022 in this statement of work are for reference only and were included in the 2018-2021 contract.

Federal Funding Accountability and Transparency Act (FFATA) (Applies to federal grant awards.)

This statement of work is supported by federal funds that require compliance with the Federal Funding Accountability and Transparency Act (FFATA or the Transparency Act). The purpose of the Transparency Act is to make information available online so the public can see how the federal funds are spent.

To comply with this act and be eligible to perform the activities in this statement of work, the LHJ must have a Data Universal Numbering System (DUNS®) number.

Information about the LHJ and this statement of work will be made available on [USASpending.gov](https://www.usaspending.gov) by DOH as required by P.L. 109-282.

Program Specific Requirements Restrictions on Funds:

- Subrecipients may not use funds for research.
- Subrecipients may not use funds for clinical care except as allowed by law.
- Subrecipients may use funds only for reasonable program purposes, including personnel, travel, supplies, and services.
- Generally, subrecipients may not use funds to purchase furniture or equipment.
- No funds may be used for:
 - Publicity or propaganda purposes, for the preparation, distribution, or use of any material designed to support or defeat the enactment of legislation before any legislative body the salary or expenses of any grant or contract recipient, or agent acting for such recipient, related to any activity designed to influence the enactment of legislation, appropriations, regulation, administrative action, or Executive order proposed or pending before any legislative body.
 - In accordance with the United States Protecting Life in Global Health Assistance policy, all non-governmental organization (NGO) applicants acknowledge that foreign NGOs that receive funds provided through this award, either as a prime recipient or subrecipient, are strictly prohibited, regardless of the source of funds, from performing abortions as a method of family planning or engaging in any activity that promotes abortion as a method of family planning, or to provide financial support to any other foreign non-governmental organization that conducts such activities. See Additional Requirement (AR) 35 for applicability (<https://www.cdc.gov/grants/additionalrequirements/ar-35.html>).

- Program funds cannot be used for purchasing naloxone, implementing or expanding drug “take back” programs or other drug disposal programs (e.g. drop boxes or disposal bags), or directly funding or expanding direct provision of substance abuse treatment programs. Such activities are outside the scope of this Notice of Funding Opportunity (NOFO).

Monitoring Visits:

DOH program staff may conduct site visits up to twice per funding year.

Billing Requirements:

Billing on an A19-1A invoice voucher must be received by DOH monthly.

Special Instructions:

The following funding statement must be used for media (publications, presentations, manuscripts, posters, etc.) created using OD2A funding:

This publication (journal article, etc.) was supported by the Grant or Cooperative Agreement Number, NU17CE925007, funded by the Centers for Disease Control and Prevention. Its contents are solely the responsibility of the authors and do not necessarily represent the official views of the Centers for Disease Control and Prevention or the Department of Health and Human Services.

Other: These funds are a continuation of contract CLH18261. No new funds were added to original total. A March 2022 amendment will be created to consolidate unspent funds from the previous OD2A contract with this contract.

Federal Funding Accountability and Transparency Act (FFATA)

This statement of work is supported by federal funds that require compliance with the Federal Funding Accountability and Transparency Act (FFATA or the Transparency Act). The purpose of the Transparency Act is to make information available online so the public can see how the federal funds are spent. To comply with this act and be eligible to perform the activities in this statement of work, the LHJ must have a Data Universal Numbering System (DUNS®) number. Information about the LHJ and this statement of work will be made available on [USASpending.gov](#) by DOH as required by P.L. 109-282.

Fiscal Guidance

- i) **Funding** –The LHJ shall submit all claims for payment for costs due and payable under this statement of work by July 31, 2022. DOH will pay belated claims at its discretion, contingent upon the availability of funds.
- ii) The LHJ agrees to reimburse DOH for expenditures billed to the DOH for costs that are later determined through audit or monitoring to be disallowed under the requirements of 2 CFR Part 200 - Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.
- iii) **Submission of Invoice Vouchers** – On a monthly basis, the LHJ shall submit correct A19-1A invoice vouchers amounts billable to DOH under this statement of work. **All invoice vouchers must be submitted by the 25th of the following month.**

The LHJ shall use and adhere to the DOH Infectious Disease Reimbursement Guidelines and Forms when submitting invoice voucher payment requests to DOH.

Federal Funding Accountability and Transparency Act (FFATA) (Applies to federal grant awards.)

This statement of work is supported by federal funds that require compliance with the Federal Funding Accountability and Transparency Act (FFATA or the Transparency Act). The purpose of the Transparency Act is to make information available online so the public can see how the federal funds are spent. To comply with this act and be eligible to perform the activities in this statement of work, the LHJ must have a Data Universal Numbering System (DUNS®) number. Information about the LHJ and this statement of work will be made available on [USASpending.gov](#) by DOH as required by P.L. 109-282.

Program Manual, Handbook, Policy References: Field Guide (DOH Publication 331-486).

Special References:

Chapter 246-290 WAC is the set of rules that regulate Group A water systems. By this statement of work, ODW contracts with the LHJ to conduct sanitary surveys (and SPIs and provide technical assistance) for small community and non-community water systems with groundwater sources. ODW retains responsibility for conducting sanitary surveys (and SPIs and provide technical assistance) for small community and non-community water systems with surface water sources, large water systems, and systems with complex treatment.

LHJ staff assigned to perform activities under tasks 1, 2, and 3 must be trained and approved by ODW prior to performing work. See special instructions under Task 4, below.

Special Billing Requirements

The LHJ shall submit quarterly invoices within 30 days following the end of the quarter in which work was completed, noting on the invoice the quarter and year being billed for. Payment cannot exceed a maximum accumulative fee of ~~\$7,200,10,400~~ for **Task 1**, and **\$2,000** for **Task 2**, **Task 3** and **Task 4** combined during the contracting period, to be paid at the rates specified in the Payment Method/Amount section above. When invoicing for sanitary surveys, bill half to BARS Revenue Code 346.26.64 and half to BARS Revenue Code 346.26.65.

When invoicing for **Task 1**, submit the list of WS Name, ID #, Amount Billed, Survey Date and Letter Date for which you are requesting payment.

When invoicing for **Task 2-3**, submit the list of WS Name, ID #, TA Date and description of TA work performed, and Amount Billed.

When invoicing for **Task 4**, submit receipts and the signed pre-authorization form for non-employee travel to the ODW Program Contact below and a signed A19-1A Invoice Voucher to DOH Grants Management, billing to BARS Revenue Code 346.26.66 under Technical Assistance (TA).

Special Instructions

Task 1

Trained LHJ staff will evaluate the water system for physical and operational deficiencies and prepare a Final Sanitary Survey Report which has been accepted by ODW. Detailed guidance is provided in the *Field Guide for Sanitary Surveys, Special Purpose Investigations and Technical Assistance* (Field Guide). The sanitary survey will include an evaluation of the following eight elements: source; treatment; distribution system; finished water storage; pumps, pump facilities and controls; monitoring, reporting and data verification; system management and operation; and certified operator compliance. If a system is more complex than anticipated or other significant issues arise, the LHJ may request ODW assistance.

- No more than **0** surveys of non-community systems with three or fewer connections be completed between January 1, 2022 and December 31, 2022.
- No more than ~~4~~**13** surveys of non-community systems with four or more connections and all community systems to be completed between January 1, 2022 and December 31, 2022.

The process for assignment of surveys to the LHJ, notification of the water system, and ODW follow-up with unresponsive water systems; and other roles and responsibilities of the LHJ are described in the Field Guide.

Task 2

Trained LHJ staff will perform Special Purpose Investigations (SPIs) as assigned by ODW. SPIs are inspections to determine the cause of positive coliform samples or the cause of other emergency conditions. SPIs may also include sanitary surveys of newly discovered Group A water systems. Additional detail about conducting SPIs is described in the Field Guide. The ODW Regional Office must authorize in advance any SPI conducted by LHJ staff.

Task 3

Trained LHJ staff will conduct Technical Assistance as assigned by ODW. Technical Assistance includes assisting water system personnel in completing work or verifying work has been addressed as required, requested, or advised by the ODW to meet applicable drinking water regulations. Examples of technical assistance activities are described in the Field Guide. The ODW Regional Office must authorize in advance any technical assistance provided by the LHJ to a water system.

Task 4

LHJ staff assigned to perform activities under tasks 1, 2, and 3 must be trained and approved by ODW prior to performing work.

If required trainings, workshops or meetings are not available, not scheduled, or if the LHJ staff person is unable to attend these activities prior to conducting assigned tasks, the LHJ staff person may, with ODW approval, substitute other training activities to be determined by ODW. Such substitute activities may include one-on-one training with ODW staff, co-surveys with ODW staff, or other activities as arranged and pre-approved by ODW. LHJ staff may not perform the activities under tasks 1, 2, and 3 without completing the training that has been arranged and approved by ODW.

Federal Funding Accountability and Transparency Act (FFATA)

This statement of work is supported by federal funds that require compliance with the Federal Funding Accountability and Transparency Act (FFATA or the Transparency Act). The purpose of the Transparency Act is to make information available online so the public can see how the federal funds are spent.

To comply with this act and be eligible to perform the activities in this statement of work, the LHJ must have a Data Universal Numbering System (DUNS®) number.

Information about the LHJ and this statement of work will be made available on [USASpending.gov](#) by DOH as required by P.L. 109-282.

Program Specific Requirements

Restrictions on Funds (i.e., disallowed expenses or activities, indirect costs, etc.):

Coverage of co-administration costs for other vaccines administered at vaccination events does NOT apply to the FEMA Mass Vaccination funding. Coverage of co-administration costs only applies to the vaccine funding (COVID19 Vaccine R4, MI 74310230) allocated for Task 3 of the consolidated contract. FEMA Mass Vaccination funding is only available to cover the costs for COVID vaccine administration and cannot be used for co-administration costs of other vaccines.

Federal Funding Accountability and Transparency Act (FFATA)

This statement of work is supported by federal funds that require compliance with the Federal Funding Accountability and Transparency Act (FFATA) or the Transparency Act). The purpose of the Transparency Act is to make information available online so the public can see how the federal funds are spent.

To comply with this act and be eligible to perform the activities in this statement of work, the LHJ must have a Data Universal Numbering System (DUNS®) number.

Information about the LHJ and this statement of work will be made available on [USASpending.gov](https://www.usaspending.gov) by DOH as required by P.L. 109-282.

Program Specific Requirements

Program Manual, Handbook, Policy References

Emergency Response Plan (or equivalent)
Medical Countermeasure/Mass Vaccination Plan

Billing Requirements:

Monthly invoices must be submitted timely to the regional IMT/Organization for review/approval prior to submission to DOH for reimbursement.
Contract Master Index (MI) Code: 934V0200 General Mass Vaccination
BARS Revenue Code: 333.97.03 Mass Vaccination Reimbursement

Special Instructions:

The LHJ is considered a CONTRACTOR of DOH not a subrecipient for this portion of the statement of work. An allocation of funds is not provided as these FEMA funds are only available as reimbursement of costs associated with implementation of the mass vaccination plan.

Detailed documentation must be maintained as directed by the regional IMT/Organization and DOH to substantiate costs associated with these activities for submission to FEMA upon request by DOH.

Eligible costs from the timeframe of January 1, 2022 through July 1, 2022 include facility rentals, medical and support staff for planning, management, support, and operations; as well as wrap-around services for staff (i.e., meals, travel, lodging). Regular and overtime pay associated with this project is allowable for all staff working under this project and must be billed as a direct charge; timesheets are required documentation and must be available upon request by DOH. Indirect rates are not applicable to these funds. Eligible equipment includes facility infection control measures, personal protective equipment (PPE), storage equipment, coolers, freezers, temperature monitoring devices, portable vaccine units for transportation, supplies such as emergency medical supplies (for emergency medical care needs that may arise in the administration of the vaccine), containers for medical waste, as well as proper storage as needed for canisters of liquid nitrogen or dry ice. Eligible equipment purchase costs should not exceed \$5,000 per piece. Equipment over \$5,000 a piece must be preapproved by the IMT and should be leased rather than purchased. Any diversion from the list of pre-approved expenses will require a narrative on the purchase rationale and will be subject to IMT approval prior to reimbursement. Timesheets are required documentation for all activities related to this project. Staff time-in / time-out must be recorded, as well as a brief description of their activities. A general description of activities is acceptable for those working at the vaccine site; more detailed/specific description is required for those not working at the vaccine site.

Program Manual, Handbook, Policy References:

Exhibit A, Statement of Work Template Created September 2021

Health Services Authorization (HSA) Form
<http://www.doh.wa.gov/Portals/1/Documents/Pubs/910-002-ApprovedHSA.docx>

Restrictions on Funds (i.e., disallowed expenses or activities, indirect costs, etc.):

1. At least 30% of federal Title V funds must be used for preventive and primary care services for children and at least 30% must be used services for children with special health care needs. [Social Security Law, Sec. 505(a)(3)].
2. Funds may not be used for:
 - a. Inpatient services, other than inpatient services for children with special health care needs or high risk pregnant women and infants, and other patient services approved by Health Resources and Services Administration (HRSA).
 - b. Cash payments to intended recipients of health services.
 - c. The purchase or improvement of land, the purchase, construction, or permanent improvement of any building or other facility, or the purchase of major medical equipment.
 - d. Meeting other federal matching funds requirements.
 - e. Providing funds for research or training to any entity other than a public or nonprofit private entity.
 - f. Payment for any services furnished by a provider or entity who has been excluded under Title XVIII (Medicare), Title XIX (Medicaid), or Title XX (social services block grant). [Social Security Law, Sec 504(b)].
3. If any charges are imposed for the provision of health services using Title V (MCH Block Grant) funds, such charges will be pursuant to a public schedule of charges; will not be imposed with respect to services provided to low income mothers or children; and will be adjusted to reflect the income, resources, and family size of the individual provided the services. [Social Security Law, Sec. 505 (1) (D)].

Monitoring Visits: Telephone calls with DOH contract manager as needed.

Billing Requirements: Payment is contingent upon DOH receipt and approval of all deliverables and an acceptable A19-1A invoice voucher. Payment to completely expend the “Total Consideration” for a specific funding period will not be processed until all deliverables are accepted and approved by DOH. Invoices must be submitted quarterly by the 30th of each month following the quarter in which the expenditures were incurred and must be based on actual allowable program costs. Billing for services on a monthly fraction of the “Total Consideration” will not be accepted or approved.

Special Instructions: Contact DOH contract manager below for approval of expenses not reflected in approved budget workbook.

MCHBG funds may be expended on COVID-19 response activities that align with maternal and child health priorities. Examples may include:

- Providing support in educating the MCH population about COVID-19 through partnerships with other local agencies, medical providers, and health care organizations.
- Working closely with state and local emergency preparedness staff to assure that the needs of the MCH population are represented.
- Funding infrastructure that supports the response to COVID-19. For example, Public Health Nurses who are routinely supported through the Title V program may be able to be mobilized, using Title V funds or separate emergency funding, to support a call center or deliver health services.
- Partnering with parent networks and health care providers to provide accurate and reliable information to all families.
- Engaging community leaders, including faith-based leaders, to educate community members about strategies for preventing illness

Restrictions listed above continue to apply.

Federal Funding Accountability and Transparency Act (FFATA)

This statement of work is supported by federal funds that require compliance with the Federal Funding Accountability and Transparency Act (FFATA or the Transparency Act). The purpose of the Transparency Act is to make information available online so the public can see how the federal funds are spent.

To comply with this act and be eligible to perform the activities in this statement of work, the LHJ must have a Data Universal Numbering System (DUNS®) number.

Information about the LHJ and this statement of work will be made available on [USASpending.gov](#) by DOH as required by P.L. 109-282.

Program Specific Requirements

Restrictions on Funds (i.e., disallowed expenses or activities, indirect costs, etc.):

Coverage of co-administration costs for other vaccines administered at vaccination events does NOT apply to the FEMA Mass Vaccination funding. Coverage of co-administration costs only applies to the vaccine funding (COVID19 Vaccine R4, MI 74310230) allocated for Task 3 of the consolidated contract. FEMA Mass Vaccination funding is only available to cover the costs for COVID vaccine administration and cannot be used for co-administration costs of other vaccines.

| 1A | <p>Definition: Mass vaccination clinics defined as those outside of the usual healthcare delivery method such as pop-up clinics, mobile clinics, non-clinical facility (fairgrounds, arenas, etc.).</p> <p>Guidance on vaccination protocols must be followed as provided by DOH and CDC. The Department of Health modeled the State of Washington State Patrol Fire Mobilization framework to quickly implement and carry out the Mass Vaccination effort as outlined by FEMA. This process specifically implements contracting with local jurisdictions once capacity is exceeded to effectively carry out the emergency mission as efficiently, equitably, and quickly as possible on a Statewide basis.</p> <p>The Department of Health contracted with regional incident management teams and/or regional incident management organizations and works in close coordination and cooperation with Local health jurisdiction (LHJ) to support the COVID-19 Mass Vaccination efforts. The LHJ meets with the contract manager at the department a minimum of once a month and has ongoing conversations around planning and scheduling of mass vaccination efforts as needed. DOH will coordinate with the LHJ and regional IMT/IMO around planning and implementation of mass vaccination clinics/sites provided within the county(s) with a regional incident management team/organization as approved by DOH.</p> <p>Request for regional IMT should be submitted through the normal process through WebEOC.</p> <p>DOH will coordinate with the LHJ and regional IMT/IMO regarding carrying out the filed mass vaccination plan within the county.</p> <p>Regional IMT will be under the delegation authority of DOH and they are to provide support and coordination for all efforts around vaccine planning, resource support and general guidance and information sharing in order to regionally coordinate efforts. Federal Funding Accountability and Transparency Act (FFATA)

This statement of work is supported by federal funds that require compliance with the Federal Funding Accountability and Transparency Act (FFATA) or the Transparency Act). The purpose of the Transparency Act is to make information available online so the public can see how the federal funds are spent.

To comply with this act and be eligible to perform the activities in this statement of work, the LHJ must have a Unique Entity Identifier (UEI) generated by SAM.gov.

Information about the LHJ and this statement of work will be made available on USASpending.gov by DOH as required by P.L. 109-282.

Program Specific Requirements

Program Manual, Handbook, Policy References

Emergency Response Plan (or equivalent)
Medical Countermeasure/Mass Vaccination Plan

Billing Requirements:

Monthly invoices must be submitted timely to the regional IMT/Organization for review/approval prior to submission to DOH for reimbursement.
Contract Master Index (MI) Code: 934V0200 General Mass Vaccination
BARS Revenue Code: 333.97.03 Mass Vaccination Reimbursement

Special Instructions:

The LHJ is considered a CONTRACTOR of DOH not a subrecipient for this portion of the statement of work. An allocation of funds is not provided as these FEMA funds are only available as reimbursement of costs associated with implementation of the mass vaccination plan.

Detailed documentation must be maintained as directed by the regional IMT/Organization and DOH to substantiate costs associated with these activities for submission to FEMA upon request by DOH.

Eligible costs from the timeframe of January 1, 2022 through ~~July 1, 2022~~ **September 30, 2022** include facility rentals, medical and support staff for planning, management, support, and operations; as well as wrap-around services for staff (i.e., meals, travel, lodging). Regular and overtime pay associated with this project is allowable for all staff working under this project and must be billed as a direct charge; timesheets are required documentation and must be available upon request by DOH. Indirect rates are not applicable to these funds. Eligible equipment includes facility infection control measures, personal protective equipment (PPE), storage equipment, coolers, freezers, temperature monitoring devices, portable vaccine units for transportation, supplies such as emergency medical supplies (for emergency medical care needs that may arise in the administration of the vaccine), containers for medical waste, as well as proper storage as needed for canisters of liquid nitrogen or dry ice. Eligible equipment purchase costs should not exceed \$5,000 per piece. Equipment over \$5,000 a piece must be preapproved by the IMT and should be leased rather than purchased. Any diversion from the list of pre-approved expenses will require a narrative on the purchase rationale and will be subject to IMT approval prior to reimbursement. Timesheets are required documentation for all activities related to this project. Staff time-in / time-out must be recorded, as well as a brief description of their activities. A general description of activities is acceptable for those working at the vaccine site; more detailed/specific description is required for those not working at the vaccine site.

Statement of Work Purpose: The purpose of this statement of work is for Snohomish Health District to conduct weekly mosquito surveillance for West Nile virus (WNV) in Snohomish County during mosquito season, June through September. The detection of the virus in mosquito populations serves as an early warning of disease risk in the localized area. It alerts the local health department to strengthen educational outreach and mosquito control to minimize the health impact of mosquito-borne disease on communities. In addition, data generated by surveillance advances our understanding of the emergence and spread of vector mosquitoes and pathogens in western Washington.

DOH Program and Fiscal Contact Information for all ConCon SOWs can be found on the [DOH Finance SharePoint](#) site. Questions related to this SOW, or any other finance-related inquiry, may be sent to finance@doh.wa.gov.

FPHS staff from DOH and the Washington State Association of Local Public Health Officials (WSALPHO) will coordinate and communicate together to build and assure common systemwide approaches per FPHS Steering Committee direction and the FPHS framework intent.

- For LHJ questions about the use of funds:
 - Chris Goodwin, FPHS Policy Advisor, WSALPHO – cgoodwin@wsac.org, 564-200-3166
 - Brianna Steere, FPHS Policy Advisor, WSALPHO – bsteere@wsac.org, 564-200-3171
- For other questions:
 - Marie Flake, FPHS Lead, DOH – marie.flake@doh.wa.gov, 360-951-7566

Program Specific Requirements

- The Steering Committee is engaged in a long-term, multi-biennial, phased, building-block approach to full funding and implementation of of FPHS statewide that includes:
- Full funding of FPHS with adequate, dedicated, stable funding that keeps pace with inflation and demand for services
 - Full implementation of FPHS that includes system transformation and modernization to deliver services in the most equitable, effective, and efficient manner possible for the funds available

Foundational Public Health Services Definitions and related information can be found here: www.doh.wa.gov/fphs or [FPHS | Powered by Box](#).

Stable funding and an iterative decision-making process – The FPHS Steering Committee is the decision making body for FPHS. The Steering Committee provides oversight including determination of goals, priorities, budget request, funding allocation and accountability metrics. The Steering Committee relies on FPHS Subject Matter Expert (SME) Workgroups and other FPHS workgroups to ensure a collaborative, systemwide, decision making process. The Steering Committee use an iterative approach to decision making. This means that additional tasks and/or funds may be added to a local health jurisdiction’s (LHJ) FPHS Statement of Work (SOW) as funding decisions are made.

Annual Allocations – The legislature appropriates FPHS funding on an annual basis and the FPHS Steering Committee allocates funds annually through the FPHS Concurrence Process for the State Fiscal Year (SFY): July - June. FPHS funds can be applied retroactively to expenditures within the SFY for which they were allocated even if the expenditure occurred before the Steering Committee made the allocation decision or the agency contract was signed.

- SFYs are named for the year in which they end. The state biennium is named for the year in which it begins and ends.
- SFY22 (July 1, 2021 – June 30, 2022); half of annual FPFS allocation disbursed July 1, 2021 and January 1, 2022
 - SFY23 (July 1, 2022 – June 30, 2023); half of annual FPFS allocation disbursed July 1, 2022 and January 1, 2023
 - SFY 22 & 23 comprise the 2021 – 2023 Biennium (21-23)

The Legislature appropriates FPFS funding amounts for each fiscal year of the biennium. This means that funds must be spent within that fiscal year and cannot be carried forward. Any funds not spent by June 30th each year must be returned to the State Treasury. Funding allocations reset and begin again at the start of the next fiscal year (July 1).

The Consolidated Contract (ConCon) is based on the calendar year and renewed every 3 years. FPFS statements of work may include reference information such as allocations, fund disbursement schedules, deliverable due dates, etc. that fall outside of the current 3-year contract period if they are part of the same state fiscal year. The purpose for including this information in the ConCon is to provide a) historical information from the previous ConCon cycle; and/or b) prospective information about future ConCon cycle, if they are part of the same SFY.

Disbursement of FPFS funds to LHJs – Unlike other ConCon grants, FPFS bill-back to DOH is NOT required. Half of the annual FPFS funds allocated by the Steering Committee to each LHJ are disbursed, each July and January. The July payments to LHJs and access to FPFS allocation for all other parts of the governmental public health system occur upon completion of the FPFS Annual Assessment.

Spending of FPFS funds – The FPFS funds are for assuring FPFS services are available, and as reflected in the SOW. Each agency is responsible for deciding how to spend their funds within the parameters established by the FPFS Steering Committee and the SOW contract. Assurance includes providing the FPFS as part of your jurisdiction's program operations, contracting with another governmental public health system partner to provide the service, or receiving the service through a new service delivery model such as cross-jurisdictional sharing or regional staff.

Deliverables – FPFS funds are to be used to increase the availability of FPFS services statewide. The FPFS accountability process measures how funds are sent, along with changes in system capacity through the FPFS Annual Assessment, system performance indicators, and other data. Each part of the governmental public health system that receives FPFS funds must complete:

1. Routine reporting of spending and spending projections. Process and reporting template are provided by the FPFS Steering Committee via FPFS Support Staff.

Unspent or projected unspent funds may be reallocated by the Steering Committee to other FPFS activities in order to fully utilize funds within the state fiscal year timeframe to deliver services to Washington communities. Any FPFS funds unspent at the end of the state fiscal year (ending June 30) revert to the state treasury. Because LHJs receive funds up front, prospectively, any unspent funds and must be returned to DOH by end of July of each year for DOH to return to the Office of Financial Management.
2. FPFS Annual Assessment is due each July to report on the previous state fiscal year. Process and reporting template are provided by the FPFS Steering Committee via FPFS Support Staff. System results are published in the annual FPFS Investment Report available at www.doh.wa.gov/fpfs.

There are two different BARS Revenue Codes for “state flexible funds” to be tracked separately and reported separately on your annual BARS report. These two BARS Revenue Codes and definitions from the State Auditor’s Office (SAO’s) are listed below along with a link to the BARS Manual. 336.04.25 is the new BARS Revenue Code to use for the Foundational Public Health Services (FPHS) funds included in this statement of work.

336.04.24 – County Public Health Assistance

Use this account for the state distribution authorized by the 2013 2ESSB 5034, section 710. The local health jurisdictions are required to provide reports regarding expenditures to the legislature from this revenue source.

336.04.25 – Foundational Public Health Services

Use this account for the funding designated for the local health jurisdictions to provide a set of core services that government is responsible for in all communities in the WA state. This set of core services provides the foundation to support the work of the broader public health system and community partners. At this time the

Page 8 of 9

funding from this account is for delivering ANY or all of the FPHS communicable disease services (listed above) and can also be used for the FPHS capabilities that support FPHS communicable disease services as defined in the most current version of FPHS Definitions.

Activity Special Instructions:

1. FPHS funds to each LHJ

These funds are allocated to each Local Health Jurisdiction to assure FPHS are available in their own jurisdiction. In coordination with the FPHS Steering Committee and Subject Matter Expert (SME) Workgroups, these funds may be used to provide any of the activities described in the most current version of FPHS definitions for foundational programs and foundational capabilities. Each LHJ is empowered to prioritize where and how to use these funds to maximize equitable, effective and efficient delivery of FPHS to every community in Washington.

Even if FPHS services are provided by another agency through a contract, new service delivery model, or centralized service delivery model (such as the State Public Health Lab), all agencies that receive FPHS funds are responsible for reporting progress on the availability and implementation within their jurisdiction using the FPHS Annual Assessment.

These funds are not intended for fee-based services such as selected environmental public health services, licensing of healthcare facilities, screening of newborn babies for congenital disorders, etc. As state funding for FPHS increases, other funds sources (local revenue, grants, federal block grants) should be directed to the implementation of additional important services and local/state priorities as determined by each agency/jurisdiction.

Use BARS expenditure codes from the list above that most closely align with expenditure made.

Pandemic Response – These FPHS funds are to be used as directed and allocated by the FPHS Steering Committee to deliver FPHS services. As the global COVID-19 pandemic and the public health response to it continues to wane, these FPHS funds can be braided with and used to supplement other short-term pandemic response funding as needed for FPHS activities during this period of performance through 6/30/23. Responding to pandemics, epidemics and public health emergencies are foundational services of the governmental public health system.

2. Assessment funds to each LHJ – (FPHS definition G.2)

These funds are allocated to each Local Health Jurisdiction to assure FPHS are available in their own jurisdiction - Support LHJ assessment capacity with flexible funds to meet locally identified needs. BARS expenditure codes: 562.10 or 11

3. Assessment funds to each LHJ – CHA/CHIP (FPHS definitions G.3)

These funds are allocated to each LHJ to assure FPHS are available in their own jurisdiction -

Support any CHA/CHIP activity or service (e.g., data analysis, focus groups, report writing, process facilitation) and may be used to contract with other agencies for staff time or services. Use BARS expenditure codes: 562.11

4. CD – Hepatitis C (FPHS definitions C.4.o-p)

These funds are to select LHJs to assure FPHS are available in their own jurisdictions – Address Hepatitis C cases per guidance developed by the statewide FPHS Communicable Disease Workgroup, including, but not limited to: shared priorities, standardized surveillance, minimum standards of practice, common metrics and staffing models. Use BARS expenditure codes: 562.24.

The priorities for the 2021–2023 biennium (July 2021 – June 2023):

- Surveillance – entering labs into Washington Disease Reporting System (WDRS), enter acute cases into WDRS.
 - Investigation – focus on acute cases: people aged 35 or younger, newly diagnosed, pregnant women, people seen in the ED/inpatient, Black, Indigenous and People of Color or other historically marginalized population and incorporate Hepatitis B work.
5. **CD – Case investigation Capacity (FPHS definitions C.2, C. 4)**
These funds are to select LHJs to assure FPHS are available in their own jurisdictions - Support LHJ communicable disease capacity to conduct case investigation and follow up to reduce gaps and meet locally identified needs that address notifiable conditions responsibilities. Use BARS expenditure codes: 562.23-29.
6. **CD – TB – Part 2 (FPHS definition C.4.q-v)**
Funding allocated to LHJs with high Tuberculosis (TB) burden - Expand capacity to conduct timely investigation for all infectious TB cases, conduct outreach and evaluation to Class B arrivers and infected contacts, provide education and resources to promote engagement with community providers, and coordinate case management for patients with LTBI. Use BARS expenditure codes: 562.23.
7. **MCH – Child Death Review** (FPHS definitions D.1, F.1, F.2, F.3, J.1, J.2, K.1)
This investment assures LHJs and DOH have adequate staffing to conduct regular Child Death Reviews and use their findings to track fatality data and inform policy recommendations to reduce and eliminate preventable child deaths. Allocations are for staff and operating costs for 9 LHJs. Use BARS expenditure codes: 562.60.
8. **Lifecourse – Infrastructure & Workforce Capacity** (FPHS definitions D, E, F)
These funds are to each LHJ to assure FPHS are available in their own jurisdictions - Infrastructure and workforce investments to each LHJ to meet fundamental needs in three areas: Maternal/Child/Family Health; Access/Linkage with Medical, Oral and Behavioral Health Services; and Chronic Disease, Injury and Violence Prevention. Use BARS expenditure codes: 562.60 or 70 or 80.

Federal Funding Accountability and Transparency Act (FFATA)

This statement of work is supported by federal funds that require compliance with the Federal Funding Accountability and Transparency Act (FFATA or the Transparency Act). The purpose of the Transparency Act is to make information available online so the public can see how the federal funds are spent.

To comply with this act and be eligible to perform the activities in this statement of work, the LHJ must have a Unique Entity Identifier (UEI) generated by SAM.gov.

Information about the LHJ and this statement of work will be made available on [USASpending.gov](https://www.usaspending.gov) by DOH as required by P.L. 109-282.

Program Specific Requirements

Program Manual, Handbook, Policy References
 Emergency Response Plan (or equivalent)
 Medical Countermeasure/Mass Vaccination Plan
[Language Access Planning Tool](#)

Billing Requirements:

Monthly invoices must be submitted timely to the regional IMT/Organization for review/approval prior to submission to DOH for reimbursement.
 Contract Master Index (MI) Code: 934V0200 General Mass Vaccination
 BARS Revenue Code: 333.97.03 Mass Vaccination Reimbursement

Special Instructions:

The LHJ is considered a CONTRACTOR of DOH not a subrecipient for this portion of the statement of work. An allocation of funds is not provided as these FEMA funds are only available as reimbursement of costs associated with implementation of the mass vaccination plan.

Detailed documentation must be maintained as directed by the regional IMT/Organization and DOH to substantiate costs associated with these activities for submission to FEMA upon request by DOH *using CATZ funds for documentation from July 2, 2022 through June 30, 2023.*

Eligible costs from the timeframe of January 1, 2022 through September 30, 2022 include facility rentals, medical and support staff for planning, management, support, and operations; as well as wrap-around services for staff (i.e., meals, travel, lodging). Regular and overtime pay associated with this project is allowable for all staff working under this project and must be billed as a direct charge; timesheets are required documentation and must be available upon request by DOH. Indirect rates are not applicable to these funds. Eligible equipment includes facility infection control measures, personal protective equipment (PPE), storage equipment, coolers, freezers, temperature monitoring devices, portable vaccine units for transportation, supplies such as emergency medical supplies (for emergency medical care needs that may arise in the administration of the vaccine), containers for medical waste, as well as proper storage as needed for canisters of liquid nitrogen or dry ice. Eligible equipment purchase costs should not exceed \$5,000 per piece. Equipment over \$5,000 a piece must be preapproved by the IMT and should be leased rather than purchased. Any diversion from the list of pre-approved expenses will require a narrative on the purchase rationale and will be subject to IMT approval prior to reimbursement. Timesheets are required documentation for all activities related to this project. Staff time-in / time-out must be recorded, as well as a brief description of their activities. A general description of activities is acceptable for those working at the vaccine site; more detailed/specific description is required for those not working at the vaccine site.

Federal Funding Accountability and Transparency Act (FFATA) (Applies to federal grant awards.)

This statement of work is supported by federal funds that require compliance with the Federal Funding Accountability and Transparency Act (FFATA or the Transparency Act). The purpose of the Transparency Act is to make information available online so the public can see how the federal funds are spent.

To comply with this act and be eligible to perform the activities in this statement of work, the LHJ must have a Unique Entity Identifier (UEI) generated by SAM.gov.

Information about the LHJ and this statement of work will be made available on [USASpending.gov](#) by DOH as required by P.L. 109-282.

Statement of Work Purpose: The purpose of this statement of work (SOW) is to specify how state funds for Foundational Public Health Services (FPHS) will be used for the period of performance. Per RCW 43.70.512, these funds are for the governmental public health system to deliver FPHS services statewide in the most effective, efficient and equitable manner possible with the funds available.

The FPHS Steering Committee with input from FPHS Subject Matter Expert (SME) Workgroups and the Tribal Technical Workgroup is the decision making body for FPHS. For SFY22, the Steering Committee is using an iterative approach to decision making. Determining investments for SFY22 (July 1, 2021 – June 30, 2022). This means that additional tasks and/or funds may be added to an LHJ’s FPHS SOW as these decisions are made.

These funds are to be used as directed and allocated by the FPHS Steering Committee. As the global COVID-19 pandemic and the public health response to it continues and begins to abate, these FPHS funds can be braided with and used to supplement other short-term pandemic response funding as needed for FPHS activities during this period of performance through 06/30/22. Responding to pandemics, epidemics and public health emergencies are foundational services of the governmental public health system.

Note:

The total SFY22 funding allocation is for the period of July 1, 2021 through June 30, 2022. The funding allocations will be divided into two six-month lump sum amounts that will be disbursed at the beginning of each six month period as follows: July 1, 2021; January 1, 2022. The July payment will be disbursed upon completion of the FPHS Annual Report.

The SFY22 July 1, 2021 disbursement of funds was completed in the 2018-2021 consolidated contract and is included in this statement of work for informational purposes only. FPHS funds must be spent in the state fiscal year (SFY) in which they are appropriated by the legislature, allocated, and disbursed. Legislative appropriations lapse at the end of each state fiscal year. (RCW 43.88.140)

Spending and spending projections must be reported as required by the FPHS Steering Committee. Funds that are projected to be unspent by the close of the state fiscal year must be reallocated per the process developed by the FPHS Steering Committee to assure that all funds appropriated by the legislature can be spent by the governmental public health system to deliver FPHS within the year that the funds are appropriated. Unspent funds revert to the state treasury and must be returned to DOH by July 15th of each year for return to the Office of Financial Management.

Revision Purpose: Changing Period of Performance end date to June 30, 2022 to reflect this work and funding associated to SFY22. Also removing the funds associated with FPHS-LHJ-PROVISO (YR2) as it's now reflected in the Statement of Work effective July 1, 2022.

Every local jurisdiction in Washington is expected to respond to foodborne illness outbreaks, food safety inquiries and provide preventative education for the general public and technical assistance. • Sewage Safety (FPHS definitions B.3.e-f) – Respond to sewage concerns and public health threats and provide technical assistance that are not appropriately funded to ensure that sewage is handled appropriately to limit potential exposure to sewage. Every local jurisdiction in Washington is expected to ensure sewage is properly managed. On-Site Septic (OSS) permitting, enforcement and providing technical assistance and education to OSS owners are fee funded activities and should be funded through fees or local government who sets the fees. These FPHS funds provide resources to support activities for which a fee cannot be charged such as: responding to OSS failures, surfacing sewage, OSS safety concerns, and similar issues. These funds can also be used for concerns related to large on-site sewage systems, other OSS-related concerns that do not involve locally permittable systems, and other sewage-related issues, regardless of whether they are related to a fee-for-service activity. Examples of activities FPHS funds can be used for: <ul style="list-style-type: none"> ○ Work with partners to educate and inform public on OSS monitoring and maintenance ○ Work with the public, policy makers and partners to assess needs and develop plans and solutions for wastewater management in their communities. ○ Respond to complaints, act as needed, and assure that failing OSS are identified and promptly repaired. ○ Conduct Pollution Identification and Correction (PIC) investigations where water quality is impaired to identify failing septic systems and other pollution sources. ○ Ensure that sewage from both OSS and other sources is adequately handled to create barriers to potential exposure to sewage. | | | |

Special Instructions:

There are two different BARS Revenue Codes for “state flexible funds” to be tracked separately and reported separately on your annual BARS report. These two BARS Revenue Codes and definitions from the State Auditor’s Office (SAO’s) are listed below along with a link to the BARS Manual. 336.04.25 is the new BARS Revenue Code to use for the Foundational Public Health Services (FPHS) funds included in this statement of work.

336.04.24 – County Public Health Assistance

Use this account for the state distribution authorized by the 2013 2ESSB 5034, section 710. The local health jurisdictions are required to provide reports regarding expenditures to the legislature from this revenue source.

336.04.25 – Foundational Public Health Services

Use this account for the funding designated for the local health jurisdictions to provide a set of core services that government is responsible for in all communities in the WA state. This set of core services provides the foundation to support the work of the broader public health system and community partners. At this time the funding from this account is for delivering ANY or all of the FPHS communicable disease services (listed above) and can also be used for the FPHS capabilities that support FPHS communicable disease services as defined in the most current version of FPHS Definitions.

Restrictions on Funds:

1. At least 30% of federal Title V funds must be used for preventive and primary care services for children and at least 30% must be used services for children with special health care needs. [Social Security Law, Sec. 505(a)(3)].
2. Funds may not be used for:
 - a. Inpatient services, other than inpatient services for children with special health care needs or high risk pregnant women and infants, and other patient services approved by Health Resources and Services Administration (HRSA).
 - b. Cash payments to intended recipients of health services.
 - c. The purchase or improvement of land, the purchase, construction, or permanent improvement of any building or other facility, or the purchase of major medical equipment.
 - d. Meeting other federal matching funds requirements.
 - e. Providing funds for research or training to any entity other than a public or nonprofit private entity.
 - f. Payment for any services furnished by a provider or entity who has been excluded under Title XVIII (Medicare), Title XIX (Medicaid), or Title XX (social services block grant).[Social Security Law, Sec 504(b)].
3. If any charges are imposed for the provision of health services using Title V (MCH Block Grant) funds, such charges will be pursuant to a public schedule of charges; will not be imposed with respect to services provided to low income mothers or children; and will be adjusted to reflect the income, resources, and family size of the individual provided the services. [Social Security Law, Sec. 505 (1) (D)].

Monitoring Visits: Telephone calls with DOH contract manager as needed.

Billing Requirements: Payment is contingent upon DOH receipt and approval of all deliverables and an acceptable A19-1A invoice voucher. Payment to completely expend the “Total Consideration” for a specific funding period will not be processed until all deliverables are accepted and approved by DOH. Invoices must be submitted quarterly by the 30th of each month following the quarter in which the expenditures were incurred and must be based on actual allowable program costs. Billing for services on a monthly fraction of the “Total Consideration” will not be accepted or approved.

Special Instructions: Contact DOH contract manager ~~before~~ for approval of expenses not reflected in approved budget workbook.

MCHBG funds may be expended on COVID-19 response activities that align with maternal and child health priorities. Examples may include:

- Providing support in educating the MCH population about COVID-19 through partnerships with other local agencies, medical providers, and health care organizations.
- Working closely with state and local emergency preparedness staff to assure that the needs of the MCH population are represented.
- Funding infrastructure that supports the response to COVID-19. For example, Public Health Nurses who are routinely supported through the Title V program may be able to be mobilized, using Title V funds or separate emergency funding, to support a call center or deliver health services.
- Partnering with parent networks and health care providers to provide accurate and reliable information to all families.
- Engaging community leaders, including faith-based leaders, to educate community members about strategies for preventing illness

Restrictions listed above continue to apply.

| 1A | <p>Definition: Mass vaccination clinics defined as those outside of the usual healthcare delivery method such as pop-up clinics, mobile clinics, non-clinical facility (fairgrounds, arenas, etc.).</p> <p>Guidance on vaccination protocols must be followed as provided by DOH and CDC. The Department of Health modeled the State of Washington State Patrol Fire Mobilization framework to quickly implement and carry out the Mass Vaccination effort as outlined by FEMA. This process specifically implements contracting with local jurisdictions once capacity is exceeded to effectively carry out the emergency mission as efficiently, equitably, and quickly as possible on a Statewide basis. Contracted partners need to be prepared to receive direction and updates at least monthly from <u>COVID-19 Vaccine Information for Healthcare Providers</u> <u>Washington State Department of Health</u> on operational and regulatory guidance from CDC and DOH.</p> <p>The Department of Health contracted with regional incident management teams and/or regional incident management organizations and works in close coordination and cooperation with Local health jurisdiction (LHJ) to support the COVID-19 Mass Vaccination efforts. The LHJ meets with the contract manager at the department a minimum of once a month and has ongoing conversations around planning and scheduling of mass vaccination efforts as needed. Federal Funding Accountability and Transparency Act (FFATA)

This statement of work is supported by federal funds that require compliance with the Federal Funding Accountability and Transparency Act (FFATA or the Transparency Act). The purpose of the Transparency Act is to make information available online so the public can see how the federal funds are spent.

To comply with this act and be eligible to perform the activities in this statement of work, the LHJ must have a Unique Entity Identifier (UEI) generated by SAM.gov.

Information about the LHJ and this statement of work will be made available on [USAspending.gov](https://www.usaspending.gov) by DOH as required by P.L. 109-282.

Program Specific Requirements

Program Manual, Handbook, Policy References

- Emergency Response Plan (or equivalent)
- Medical Countermeasure/Mass Vaccination Plan
- Language Access Planning Tool

Billing Requirements:

Monthly invoices must be submitted timely to the regional IMT/Organization for review/approval prior to submission to DOH for reimbursement.
Contract Master Index (MI) Code: 934V0200 General Mass Vaccination
BARS Revenue Code: 333.97.03 Mass Vaccination Reimbursement

Special Instructions:

The LHJ is considered a CONTRACTOR of DOH not a subrecipient for this portion of the statement of work. An allocation of funds is not provided as these FEMA funds are only available as reimbursement of costs associated with implementation of the mass vaccination plan.

Detailed documentation must be maintained as directed by the regional IMT/Organization and DOH to substantiate costs associated with these activities for submission to FEMA upon request by DOH using CATZ funds for documentation from July 2, 2022 through June 30, 2023.

Eligible costs from the timeframe of January 1, 2022 through ~~September 30, 2022~~ **October 31, 2022** include facility rentals, medical and support staff for planning, management, support, and operations; as well as wrap-around services for staff (i.e., meals, travel, lodging). Regular and overtime pay associated with this project is allowable for all staff working under this project and must be billed as a direct charge; timesheets are required documentation and must be available upon request by DOH. Indirect rates are not applicable to these funds. Eligible equipment includes facility infection control measures, personal protective equipment (PPE), storage equipment, coolers, freezers, temperature monitoring devices, portable vaccine units for transportation, supplies such as emergency medical supplies (for emergency medical care needs that may arise in the administration of the vaccine), containers for medical waste, as well as proper storage as needed for canisters of liquid nitrogen or dry ice. Eligible equipment purchase costs should not exceed \$5,000 per piece. Equipment over \$5,000 a piece must be preapproved by the IMT and should be leased rather than purchased. Any diversion from the list of pre-approved expenses will require a narrative on the purchase rationale and will be subject to IMT approval prior to reimbursement. Timesheets are required documentation for all activities related to this project. Staff time-in / time-out must be recorded, as well as a brief description of their activities. A general description of activities is acceptable for those working at the vaccine site; more detailed/specific description is required for those not working at the vaccine site.

Federal Funding Accountability and Transparency Act (FFATA) (Applies to federal grant awards.)

This statement of work is supported by federal funds that require compliance with the Federal Funding Accountability and Transparency Act (FFATA or the Transparency Act). The purpose of the Transparency Act is to make information available online so the public can see how the federal funds are spent.

To comply with this act and be eligible to perform the activities in this statement of work, the LHJ must have a Unique Entity Identifier (UEI) generated by SAM.gov. Information about the LHJ and this statement of work will be made available on [USASpending.gov](#) by DOH as required by P.L. 109-282.

Program Specific Requirements

All work will be performed in accordance with the revised and approved project plans to be submitted to DOH.

Restrictions on Funds (what funds can be used for which activities, not direct payments, etc)
 CDC Funding Regulations and Policies

Monitoring Visits (frequency, type)

The DOH program contact may conduct monitoring visits during the life of this project. The type, duration, and timing of visit will be determined and scheduled in cooperation with the subawardee. The DOH Fiscal Monitoring Unit may conduct fiscal monitoring site visits during the life of this project

Special Billing Requirements

Page 15 of 45
Payment: Upon approval of deliverables and receipt of an invoice voucher, DOH will reimburse for actual allowable costs incurred. Billings for services on a monthly fraction of the budget will not be accepted or approved.

Submission of Invoice Vouchers: The LHJ shall submit correct monthly A19-1A invoice vouchers for amounts billable under this statement of work to DOH by the 25th of the following month or on a frequency no less often than quarterly.

Other: Required activities, deliverables, and funding is for the entire project period: January 2021 through specified date above. Unspent funds and tasks not completed by December 31, 2021 were reauthorized for work in this new consolidated contract term beginning January 1, 2022. It is the LHJ's responsibility to assure that the unspent funding amount carried forward to this statement of work does not exceed the remaining available balance from the 2018-2021 contract.

Federal Funding Accountability and Transparency Act (FFATA) (Applies to federal grant awards.)

This statement of work is supported by federal funds that require compliance with the Federal Funding Accountability and Transparency Act (FFATA or the Transparency Act). The purpose of the Transparency Act is to make information available online so the public can see how the federal funds are spent.

To comply with this act and be eligible to perform the activities in this statement of work, the LHJ must have a Unique Entity Identifier (UEI) generated by SAM.gov.

Information about the LHJ and this statement of work will be made available on [USASpending.gov](#) by DOH as required by P.L. 109-282.

Program Specific Requirements

Special Requirements:

A report on the specific areas the LHJ partners have spent the ARPA vaccine dollars if the legislature requests this information.
