Until a little while ago, I didn't really think I was a "senior". I would

Why would you like to serve on this board/commission?	like to serve in order to have "senior" concerns heard and resolved. As I get older, I see less opportunities to contribute to society and this is an opportunity to do so. I want to be a part of team that helps those in need, those who may not feel represented, and those who feel forgotten.
Please explain why you are a qualified candidate, including relevant professional experience, to serve on the board/commission.	I have not served on boards or a commission but I have been on several teams leading and being a team member to improve people development, communication, safety, environmental and diversity issues.
Please list community involvement/volunteer activities	I have been a full-time worker and now that I have time I want to help. I have a past of helping with my community in the past but my best and most relevant experience is serving as lead to a building with 1500 employees on safety committees, "green" improvements for the site, creating a safe environment at work and at other locations in the world, and creating and honoring diverse presectives.
How did you learn of this opportunity?	Senior Expo on 3/28/25
