

NOTICE OF FINAL ACTION
RULE ADOPTION
SNOHOMISH COUNTY
DEPARTMENT OF PLANNING AND DEVELOPMENT SERVICES

The following described rule is adopted pursuant to 30.82.040 Snohomish County Code (SCC)

Notice Date: August 26th, 2024

Rule Title: Rule 24-01: Use of Registered Basic Plans

Introduction: In accordance with Chapter 30.82 SCC and after reviewing and considering any comments submitted in response to the notice of proposed rulemaking, the Planning & Development Services (PDS) Director approved Rule 24-01 on August 21st, 2024, providing additional clarity on the use of registered basic plans.

Rule Summary: Rule 24-01 supersedes Rule 3110 and applies to the acceptance and approval of building permit applications processed under a Registered Basic Plan, as provided in SCC 30.86.400(6). Rule 24-01 does not inventory the Registered Basic Plan submittal requirements and simply references the submittal requirements checklist. This eliminates the need for rule amendments in the event of future submittal requirement changes. Additionally, references to the abbreviation RBP (registered basic plan) have been updated to BP, to avoid confusion with the abbreviation for residential building permit folder in the County's software platform. Furthermore, any language referencing obsolete building and energy code subsections is removed.

Effect: Rules issued in accordance with the provisions of Chapter 30.82 SCC, have the same effect and are enforceable as a provision of Title 30 SCC.

Request for County Council Review: This Rule may be reviewed by the County Council upon written request by an interested person, if such a request is submitted to the PDS Director or the contact person listed below not later than 120 days after rule approval Council review shall determine whether the adopted rule is consistent with the scope of the department's rule making authority. No other formal appeal opportunity is available.
