being and quality of life of older adults. Being on the Council on Aging will provide me an opportunity to advocate for policies and programs that enhance the rights, healthcare, and overall living conditions of older adults in our community and allow me to engage with your local community and contribute to making it more inclusive and supportive for senior citizens.

I'm a life-long learner. Involvement in the Council on Aging will help me continue developing my leadership, communication, and problem-solving skills. I see it as another opportunity for personal growth, the development of valuable skills, and provide the chance to learn more about the aging process, healthcare issues, social services, and other factors affecting seniors.

I have an interest in public policy and joining the Council on Aging can offer a platform to influence and contribute to policies that affect the elderly population. Contributing to the well-being of older adults and making a positive impact on the lives of seniors will be personally rewarding. By participating in the Council's initiatives, I can contribute to creating a more age-friendly community where seniors can age gracefully and maintain a high quality of life.
