**ITEM TITLE:**

*..Title*

Ordinance 25-055, relating to Growth Management, Amending Appendix I of the Countywide Planning Policies for Snohomish County for Regional Center Designation

*..body*

**DEPARTMENT:** Planning and Development Services.

**ORIGINATOR:** Matthew Siddons, Senior Planner

**EXECUTIVE RECOMMENDATION:** Approved by Ken Klein 9/19/25

**PURPOSE:** The purpose of this ordinance is to amend Appendix I of the Countywide Planning Policies (CPPs), and to state the County’s commitment to pursuing regional urban growth center designation for the Mariner and Ash Way Centers with Puget Sound Regional Council (PSRC).

**BACKGROUND:** Snohomish County is submitting applications to designate the Mariner Light Rail Station Area and the Ash Way Light Rail Station Area (Mariner and Ash Way Centers) as regional urban growth centers to Puget Sound Regional Council (PSRC). The County is proposing to amend Appendix I of the Countywide Planning Policies (CPPs) to support the designation process.

3 SNOHOMISH COUNTY COUNCIL  
4 Snohomish County, Washington

6 ORDINANCE NO. 25-055

8 RELATING TO GROWTH MANAGEMENT, AMENDING APPENDIX I OF THE COUNTYWIDE PLANNING  
9 POLICIES FOR SNOHOMISH COUNTY FOR REGIONAL CENTER DESIGNATION

10  
11 WHEREAS, the Growth Management Act (GMA), RCW 36.70A.210(2), requires the legislative  
12 authority of each county which is subject to the GMA’s comprehensive planning requirements to adopt  
13 a countywide planning policy (CPP) framework in cooperation with the cities and towns within that  
14 county, and from which the county, city and town comprehensive plans are developed and adopted;  
15 and

16  
17 WHEREAS, RCW 36.70A.210 also requires that the CPPs govern interjurisdictional consistency of  
18 county and city planning efforts and implementation of GMA; and

19  
20 WHEREAS, the County most recently revised CPPs through Ordinance 23-062, effective  
21 July 31, 2023; and

22  
23 WHEREAS, CPP DP-8 requires that the County and cities shall designate and provide for the  
24 development of local, countywide, and regional centers consistent with the Regional Growth Strategy,  
25 the Regional Centers Framework, and the Countywide Center Criteria contained in Appendix I; and

26  
27 WHEREAS, Snohomish County is proposing to submit applications to designate the Mariner Light  
28 Rail Station Area and the Ash Way Light Rail station Area (Mariner and Ash Way Centers) as regional  
29 urban growth centers to the Puget Sound Regional Council (PSRC); and

30  
31 WHEREAS, Snohomish County is proposing to amend Appendix I of the CPPs to support  
32 designating the Mariner and Ash Way Centers as regional urban growth centers; and

33  
34 WHEREAS, on April 10, 2025, the Planning Advisory Committee (PAC) of Snohomish County  
35 Tomorrow (SCT) was briefed on the County’s proposal to apply to designate the Mariner and Ash Way  
36 Centers as regional urban growth centers with PSRC; and

37  
38 WHEREAS, on May 8, 2025, the PAC of SCT passed motions to confirm that the County’s  
39 proposal to designate the Mariner and Ash Way Centers as regional urban growth centers conforms  
40 with PSRC’s criteria for regional centers framework; and

41  
42 WHEREAS, on May 28, 2025, the Steering Committee of SCT was briefed on the County’s  
43 proposal to designate the Mariner and Ash Way Centers as regional urban growth centers with PSRC;  
44 and

1  
2 WHEREAS, on June 25, 2025, the Steering Committee of SCT passed motions recommending the  
3 Mariner and Ash Way Centers for regional urban growth center designation with PSRC; and  
4

5 WHEREAS, the County Council held a public hearing on \_\_\_\_\_, 2025, to consider the  
6 entire record, including the SCT Steering Committee recommendation to recommend the Mariner and  
7 Ash Way Centers for regional urban growth center designation, to amend Appendix I of the CPPs, and to  
8 hear public testimony.  
9

10 NOW, THEREFORE, BE IT ORDAINED:  
11

12 Section 1. The County Council makes the following findings:  
13

- 14 A. The County Council adopts and incorporates the foregoing recitals as findings as if set forth fully  
15 herein.  
16
- 17 B. PSRC's VISION 2050 includes a Regional Growth Strategy that focuses growth in centers and near  
18 transit, with the goal of creating sustainable urban communities. Population and employment  
19 growth in the region should be accommodated within existing and developing centers that have  
20 access to high capacity transit.  
21
- 22 C. The Comprehensive Plan Population and Employment Element includes 2044 Population Growth  
23 Targets for Cities, UGAs, and the Rural/Resource Area. The growth targets show that the  
24 population of the Southwest Urban Growth Area (SWUGA) is projected to increase from 505,947  
25 residents in 2020 to 730,750 residents in 2044. This is an increase of 224,803 residents and is equal  
26 to 72.9% of total county growth. The Mariner and Ash Way Centers are in the County's SWUGA.  
27
- 28 D. The County is submitting a new regional urban growth center application for the Mariner Center to  
29 PSRC. The application is supported by the Cities of Mill Creek and Everett. The Mariner Center falls  
30 within the municipal urban growth areas (MUGA) boundaries for the cities. If approved by PSRC,  
31 the Mariner Center will become a designated regional urban growth center.  
32
- 33 E. The County is submitting a new regional urban growth center application for the Ash Way Center to  
34 PSRC. The application is supported by the Cities of Mill Creek and Lynnwood. The Ash Way Center  
35 falls within the MUGA boundaries for the cities. If approved by PSRC, the Ash Way Center will  
36 become a designated regional urban growth center.  
37
- 38 F. The amendments to Appendix I - Centers of the CPPs support the County in seeking regional urban  
39 growth center designation for the Mariner and Ash Way Centers with PSRC. The Regional Centers  
40 section of Appendix I is amended to add that the Mariner and Ash Way Centers are being  
41 recommended as candidate regional urban growth centers for consideration by PSRC.  
42

- 1 G. The Regional Center section is also amended to include the addition of the Appendix I – CPP  
2 Snohomish County Regional Growth Centers and Manufacturing/Industrial Centers Map. The map  
3 shows the location of regional growth centers and manufacturing and industrial centers in  
4 Snohomish County. The map also shows the location of the Mariner and Ash Way Centers as  
5 candidate regional urban growth centers.  
6
- 7 H. The Candidate Countywide Centers section is amended to add footnotes that the Mariner and Ash  
8 Way Centers are being recommended as candidate regional urban growth centers for consideration  
9 by PSRC.  
10
- 11 I. The proposed amendments are consistent with the following Multicounty Planning Policies (MPPs)  
12 from Puget Sound Regional Council VISION 2050:  
13
- 14 1. MPP-RGS-9: “Focus a significant share of population and employment growth in designated  
15 regional growth centers.”  
16 The County is following the principles of VISION 2050 and the PSRC Regional Growth Strategy in  
17 directing future population and employment growth in urban areas of the County with access  
18 to high capacity transit.  
19
- 20 2. MPP-RC-7: “Give funding priority – both for transportation infrastructure and for economic  
21 development – to support designated regional growth centers and manufacturing/industrial  
22 centers, consistent with the regional vision. Regional funds are prioritized to regional centers.”  
23 Regional centers serve as priority investment areas for transportation infrastructure to support  
24 growing populations. Having the Mariner and Ash Way Centers designated as regional urban  
25 growth centers will provide more regional funding sources for transportation improvements.  
26
- 27 3. MPP-DP-21: “Provide a regional framework for designating and evaluating regional growth  
28 centers.” PSRC’s Regional Centers Framework provides the eligibility and criteria standards for  
29 the designation of regional centers. The applications to designate the Mariner and Ash Way  
30 Centers follows the framework criteria including existing density, planned target density, size,  
31 transit, and role.  
32
- 33 4. MPP-RC-1: “Coordinate planning efforts among jurisdictions, agencies, federally recognized  
34 tribes, ports, and adjacent regions, where there are common borders or related regional issues,  
35 to facilitate a common vision.” The County is coordinating with the cities of Mill Creek, Everett,  
36 and Lynnwood and is utilizing the SCT process for identification and designation of regional  
37 urban growth centers.
- 38 J. The proposed amendments are consistent with the following countywide planning policy (CPPs) for  
39 Snohomish County:  
40
- 41 1. CPP DP-8: “If applicable, the County and cities shall designate and provide for the development  
42 of local, countywide, and regional centers consistent with the Regional Growth Strategy, the  
43 Regional Centers Framework, and the Countywide Center Criteria contained in Appendix I.”

1 The applications for designating the Mariner and Ash Way Centers follow the policies and  
2 processes outlined in these plans. The County has been partnering with the Cities of Mill Creek,  
3 Everett, and Lynnwood on completing the regional urban growth center applications.  
4

- 5 2. CPP DP-9: "Jurisdictions that have designated regional growth centers and  
6 manufacturing/industrial centers shall direct a significant share of population and employment  
7 growth to those areas through the provision of land use policies and infrastructure investments  
8 that support growth levels and densities consistent with the regional vision".

9 The County is directing population and employment growth to the Mariner and Ash Way  
10 Centers. The Comprehensive Plan includes policies that direct growth to centers with transit  
11 services. The Future Land Use Map (FLUM) includes the Light Rail Community (LRC) Future Land  
12 Use (FLU) designation around the planned light rail station areas at Mariner and Ash Way. The  
13 County is proposing the Light Rail Community (LRC) zone to lands in the Mariner and Ash Way  
14 Centers. The LRC zone supports high density residential, mixed use, and transit oriented  
15 developments. The Transportation and Mobility Subelement of the Urban Core Subarea Plan  
16 identifies transportation investment projects. Projects include improvements to roads,  
17 pedestrian infrastructure, and bicycle infrastructure in the Mariner and Ash Way Centers.  
18

- 19 3. CPP DP-10: "The County and cities shall coordinate the designation and planning of regional,  
20 countywide, and local centers with transit service and other service providers to promote well-  
21 designed and transit oriented developments that enhance economic development opportunities  
22 for all residents, address environmental goals, and reduce vehicle miles traveled and  
23 greenhouse gas emissions from transportation."

24 The Urban Core Subarea Plan Element supports the development of centers near light rail  
25 transit infrastructure. The centers are to be walkable and connected by transit services including  
26 light rail and bus transit. The proposed LRC zone supports pedestrian and transit oriented  
27 development near planned light rail stations. This will reduce the reliance on vehicles for travel  
28 within the center.  
29

- 30 4. CPP DP-14: "The County and cities should promote and focus new compact urban growth in  
31 local centers, countywide centers, regional centers, and transit emphasis corridors."

32 The Comprehensive Plan supports directing growth in population and employment to centers.  
33 The Land Use Element includes policies to seek regional center designation for the Mariner and  
34 Ash Way Centers. The Urban Core Subarea Plan Element includes policies to support new  
35 investments in transportation and infrastructure near light rail.  
36

- 37 K. As explained in the recitals, the proposed amendments are also consistent with Appendix I of the  
38 CPPs, which outlines the process identified by SCT for the designation of a new regional center in  
39 Snohomish County.

40 (a) A local jurisdiction nominates a center;

41 (b) A working group of SCT reviews the proposal for conformity with the criteria in the  
42 Regional Centers Framework;

- (c) If the prospective center is found to be appropriate, the SCT Steering Committee recommends the center for designation; and
- (d) The County Council holds a public hearing and makes the decision whether or not to seek designation of the prospective center and forward the proposal to the Puget Sound Regional Council for consideration.

L. The proposed amendments are consistent with the following Comprehensive Plan policies for Snohomish County:

- 1. LU 3.A.5 “The County will pursue the designation of the Ash Way and Mariner Countywide Growth Centers as Regional Growth Centers under the PSRC’S VISION 2050 plan.”  
The County is submitting applications to designate the Mariner and Ash Way Centers as regional urban growth centers with PSRC. The applications follow PSRC’s Regional Centers Framework provides the eligibility and criteria standards for the designation of regional centers. The designation will provide more regional funding sources for transportation improvements.
- 2. The Comprehensive Plan Urban Core Subarea Element identifies the Mariner and Ash Way Centers as key locations to accommodate future population and employment growth. The Mariner and Ash Way Centers are proposed to accommodate a significant portion of the County’s growth in new housing units and jobs. The Mariner and Ash Way Centers will be served by light rail transit as part of Sound Transit’s Everett Link extension. Sound Transit and Snohomish County are proposing substantial new infrastructure investments in transit, roads, pedestrian facilities, and capital projects in the centers.

M. The proposed amendments comply with the procedural requirements of the GMA, including the public participation provisions in RCW 36.70A.035 and .140.

N. No inconsistencies between the proposed amendments and the GMA have been identified.

O. No inconsistencies between the amendments and the CPPs have been identified.

P. Appropriate public participation has been provided through the SCT process and through a public hearing on this ordinance held after public notice.

Q. SEPA requirements for this non-project action have been met through the issuance of Addendum No. 4 of the PSRC VISION 2050 Supplemental Final Environmental Impact Statement on September 16, 2025.

Section 2. The County Council makes the following conclusions:

- A. The amendments would amend Appendix I of the CPPs by adding text amendments and the Snohomish County Regional Growth Centers and Manufacturing/Industrial Centers Map.

- 1  
2 B. The amendments to the CPPs satisfy the procedural and substantive requirements of the GMA.  
3  
4 C. The amendments are consistent with the policies of the MPPs.  
5  
6 D. The amendments are consistent with the policies of the CPPs.  
7  
8 E. The amendments as set forth in Exhibit A increase consistency between the CPPs and PSRC's VISION  
9 2050 Regional Growth Strategy.  
10  
11 F. The County has complied with the procedural requirements of SEPA.  
12  
13 G. The County has complied with state and local public participation requirements under the GMA and  
14 chapter 30.73 SCC by broadly disseminating the amendments and providing opportunities for  
15 written comments and public hearing after public notice.  
16  
17 H. The amendments proposed by this ordinance do not result in an unconstitutional taking of private  
18 property for a public purpose.  
19

20 Section 3. The Snohomish County Council bases its findings and conclusions on the entire record  
21 of the County Council, including all testimony and exhibits. Any finding, which should be deemed a  
22 conclusion, and any conclusion which should be deemed a finding, is hereby adopted as such.  
23

24 Section 4. Based on the foregoing findings and conclusions, Appendix I of the Countywide  
25 Planning Policies for Snohomish County, last amended by Ordinance No. 23-062 on July 19, 2023, is  
26 amended as indicated in Exhibit A to this ordinance, which is attached hereto and incorporated by  
27 reference into this ordinance as if set forth in full.

28 Section 5. The County Council directs the Code Reviser to update SCC 30.10.050 pursuant to SCC  
29 1.02.020(3).  
30

31 Section 6. Severability and Savings. If any section, sentence, clause, or phrase of this ordinance  
32 shall be held to be invalid by the Growth Management Hearings Board (Board), or unconstitutional by a  
33 court of competent jurisdiction, such invalidity or unconstitutionality shall not affect the validity or  
34 constitutionality of any other section, sentence, clause, or phrase of this ordinance. Provided, however,  
35 that if any section, sentence, clause or phrase of this ordinance is held to be invalid by the Board or  
36 court of competent jurisdiction, then the section, sentence, clause or phrase in effect prior to the  
37 effective date of this ordinance shall be in full force and effect for that individual section, sentence,  
38 clause or phrase as if this ordinance had never been adopted.

Ordinance No. 25-055

Amendment to the Countywide Planning Policies Appendix I – Centers

1 **Appendix I – Centers**

2 Centers are a key feature of VISION 2050 and the Regional Growth Strategy. Centers are mixed  
3 use and industrial locations that attract robust employment and population growth. The Regional  
4 Centers Framework sets up a hierarchy of centers, starting at the regional level and moving  
5 though the countywide level to local centers.

6 **Regional Context**

7 VISION 2050 includes narrative and Multicounty Planning Policies that describe the role of  
8 centers in the Regional Growth Strategy and provide guidance for the implementation of the  
9 centers framework locally. VISION 2050 states:

10 Mixed-use centers of different sizes and scales—including large designated regional  
11 growth centers, countywide centers, local downtowns, and other local centers—are  
12 envisioned for all of the region's cities. Concentrating growth in mixed-use centers of  
13 different scales allows cities and other urban service providers to maximize the use of  
14 existing infrastructure, make more efficient and less costly investments in new  
15 infrastructure, and minimize the environmental impacts of urban growth.<sup>30</sup>

16 Additional policies provide guidance for implementing the regional centers framework  
17 throughout the region including providing guidance on subregional funding allocation,  
18 countywide center designation, and guiding development and growth. The following policies and  
19 actions provide an overview of this guidance:

20 **MPP-RC-8:** Direct subregional funding, especially county-level and local funds, to  
21 countywide centers, high-capacity transit areas with a station area plan, and other local  
22 centers. County-level and local funding are also appropriate to prioritize to regional  
23 centers.

24 **MPP-DP-25:** Support the development of centers within all jurisdictions, including high-  
25 capacity transit station areas and countywide and local centers.

26 **DP-Action-1: Implement the Regional Centers Framework:** PSRC will study and  
27 evaluate existing regional growth centers and manufacturing/industrial centers to assess  
28 their designation, distribution, interrelationships, characteristics, transportation  
29 efficiency, performance, and social equity. PSRC, together with its member jurisdictions  
30 and countywide planning bodies, will work to establish a common network of countywide  
31 centers.

32 **Regional Centers**

33 Regional Centers are identified by PSRC at the regional level. The Regional Centers Framework  
34 outlines the process for identifying new regional centers and provides detailed criteria for the  
35 designation of such areas. There are three Regional Growth Centers and two Regional

13 Snohomish County Tomorrow has identified the following process for designation of a new  
14 Regional Center within Snohomish County:

- 15 1. A local jurisdiction nominates a center;
- 16 2. A working group of Snohomish County Tomorrow (SCT) reviews the proposal for  
17 conformity with the criteria in the Regional Centers Framework;
- 18 3. If the prospective center is found to be appropriate, the SCT Steering Committee  
19 recommends the center for designation; and
- 20 4. The County Council holds a public hearing and makes the decision whether or not to seek  
21 designation of the prospective center and forward the proposal to the Puget Sound  
22 Regional Council for consideration.

 2 **Centers**

3

1 **Countywide Centers**

2 Countywide (~~(center)~~) centers are the middle level of center under the centers hierarchy. There  
 3 are two types of countywide center, growth centers and industrial centers. VISION 2050 requires  
 4 countywide planning policies to include criteria and processes for the identification of  
 5 countywide centers. The Regional Framework provides baseline designation criteria and  
 6 descriptions of the two types of countywide center. However, “depending on county  
 7 circumstance and priorities, countywide planning policies may include additional criteria (such  
 8 as planning requirements or mix of uses) or other additional standards within this overall  
 9 framework.”<sup>((31))33</sup>

10 Countywide Growth Centers are areas that “serve important roles as places for concentrating  
 11 jobs, housing, shopping, and recreational opportunities. These are often smaller downtowns,  
 12 high-capacity transit station areas, or neighborhood centers that are linked by transit, provide a  
 13 mix of housing and services, and serve as focal points for local and county investment.” <sup>((32))34</sup>  
 14 Countywide Industrial Centers are areas that “serve as important local industrial areas. These  
 15 areas support living wage jobs and serve a key role in the county’s manufacturing/industrial  
 16 economy.”<sup>((33))35</sup>  
 17

18 **Countywide Center Criteria**

19 The following criteria must be met for designation of a Countywide Growth Center:

<b>Countywide Growth Center</b>	
Identification	<ul style="list-style-type: none"> <li>• Shall be identified as a Countywide Growth Center in the Snohomish County Countywide Planning Policies.</li> <li>• Shall be identified as a Countywide Growth Center in the local comprehensive plan.</li> </ul>
Prioritization	<ul style="list-style-type: none"> <li>• It is recommended that the locality has developed a subarea plan for the center; and</li> <li>• Clear evidence that the area is a priority for investment, such as planning efforts or infrastructure.</li> </ul>

**5 Identification Process**

6

Initial identification of Countywide Centers shall occur through the process outlined below:

- 1 1. Candidate Countywide Centers are identified in the 2021 update of the Countywide
- 2 Planning Policies for Snohomish County (below).
- 3 2. Jurisdictions determine whether or not to pursue formal identification of Candidate
- 4 Countywide Centers within their jurisdictional boundaries.
- 5 3. Localities choosing to pursue formal identification complete local planning for each
- 6 Candidate Countywide Center as a part of the 2024 GMA Comprehensive Plan Update.
- 7 Local planning shall:
- 8 a. Formalize boundaries;
- 9 b. Identify Center location as a Countywide Center in the local comprehensive plan;
- 10 c. Adopt policies required by the Countywide Center criteria; and
- 11 d. If applicable, complete subarea planning.
- 12 4. Countywide Planning Policies are amended to finalize designation of Countywide Growth
- 13 and Industrial centers that meet the criteria in this Appendix.

14  
15 After initial countywide center designation, new countywide centers can be designated through  
16 the following process:

- 17 1. Prospective center is nominated by a local jurisdiction;
- 18 2. A working group of Snohomish County Tomorrow reviews the prospective center for
- 19 consistency with the Countywide Center Criteria;
- 20 3. If the center proposal is found to be appropriate, the SCT Steering Committee
- 21 recommends the countywide center for designation; and
- 22 4. The County Council holds a public hearing and makes the decision whether or not to
- 23 designate the prospective center as a Countywide Center.

## 24 25 **Candidate Countywide Centers**

26 The following candidate centers were identified during the 2021 Countywide Planning Policies  
27 update. As outlined in the identification process above, these locations will not formally be  
28 designated as countywide centers until local planning has occurred, candidate centers have been  
29 evaluated to ensure they meet the criteria, and the CPPs have been amended to designate the  
30 locations. Jurisdictions will need to complete local planning for each area to ensure it is an  
31 appropriate location for a countywide center in accordance with local plans and complete all  
32 necessary planning to ensure the area meets the countywide center criteria identified above.

18  
19 **Local Centers**

20 Local centers are designated through local planning processes by each local jurisdiction. There is  
 21 no countywide or regional designation process for local centers, but according to the Regional  
 22 Centers Framework, local centers should “play an important role in the region and help define  
 23 our community character, provide local gathering places, serve as community hubs, and are often  
 24 appropriate places for additional growth and focal points for services.”<sup>(34)</sup><sup>38</sup>  
 25 As local centers grow, they may become eligible for designation as a countywide or regional  
 26 center if they meet the designation criteria identified in this document and the Regional Centers  
 27 Framework.

**LID Evaluation:**

**Directions:** In the following table, describe how the new policies or regulations support LID principles and facilities and prevent creation of barriers to LID implementation.

Low impact development (LID) principles and facilities are required to be the preferred and commonly used approach for stormwater management. **New policies and regulations must not directly or indirectly create barriers to use of LID.**

LID principles include: minimize disruption and removal of native vegetation and soils; utilize natural drainage channels and undisturbed soils to conduct and infiltrate stormwater; minimize impervious surfaces; and utilize LID facilities to replicate natural processes for stormwater management.

LID facilities include: flow dispersion and infiltration systems; rain gardens; soil amendments; bioretention; permeable pavement; tree retention and planting; vegetated roofs and walls; reverse slope sidewalks; minimum excavation foundations; rainwater harvesting; and preservation of native vegetation.

Use of LID principles and facilities requires consideration during site design and construction phases (stormwater pollution prevention plans, aka SWPPP), and special provisions for long term maintenance and inspections.

## MEMORANDUM

TO: Snohomish County Council

FROM: Matthew Siddons, Senior Planner  
Planning and Development Services

SUBJECT: Regional Growth Centers Applications for Mariner and Ash Way Centers

DATE: September 17, 2025

**Summary**

Snohomish County is advancing applications for Regional Growth Center designation from the Puget Sound Regional Council (PSRC) for both the Mariner and Ash Way areas, centered around the future Sound Transit light rail stations. The proposed boundaries for the Mariner Center are shown in Schedule A, and those for the Ash Way Center are shown in Schedule B. While “Ash Way Center” currently reflects the preliminary station name used by Sound Transit, the final center name may change as planning progresses, e.g., to Martha Lake Center. The Mariner Center spans Council Districts 2 and 3, while the Ash Way Center extends across Council Districts 2, 3, and 4.

**Importance of Regional Growth Centers**

Regional Growth Centers are central to VISION 2050, the region’s long-range strategy to guide sustainable growth and infrastructure investment. These centers help accommodate concentrated housing, jobs, transit, and services.

Designation offers a range of benefits:

- Eligibility for PSRC’s regionally managed federal transportation funds, including those administered through the Regional Transportation Improvement Program (TIP)
- Priority for infrastructure investments that support housing, employment, and multimodal transportation
- Support for high-capacity transit like light rail and bus rapid transit
- Alignment with regional and local growth strategies, including funding for streetscape, stormwater, pedestrian, and bike improvements
- Stronger partnerships with neighboring jurisdictions, transit agencies, and regional bodies

Both centers are expected to be served by Sound Transit’s Everett Link Extension, with light rail service anticipated to begin in 2037.

**Designation Process**

The PSRC Designation Procedures for new Regional Growth Centers outline a clear multi-step process:

1. Applications are prepared and submitted by the local jurisdiction.
2. PSRC staff conduct a review to confirm eligibility and completeness.
3. The application is presented to the Growth Management Policy Board (GMPB), which makes a recommendation.
4. The Executive Board then considers the GMPB recommendation, the staff report, and the jurisdiction’s presentation before issuing a final decision.

Applications are due to PSRC by September 26, 2025, with designation decisions anticipated in early 2026.

**Snohomish County Applications**

The 2024 Comprehensive Plan Update identifies the Mariner and Ash Way areas as key locations to accommodate future population and employment growth. The Countywide Planning Policies (CPPs) support this direction:

**LU 3.A.5** – *The County will pursue the designation of the Ash Way and Mariner Countywide Growth Centers as Regional Growth Centers under PSRC’s VISION 2050 plan.*

Snohomish County’s applications are being submitted with support from the following partner cities:

- Mariner Center: Cities of Everett and Mill Creek
- Ash Way Center: Cities of Lynnwood and Mill Creek

The designation process follows the [Countywide Planning Policies \(CPPs\) Appendix I](#) and the Snohomish County Tomorrow (SCT) review process.

**Process Milestones**

Project Meeting/Milestone	Date
Briefing at SCT Planning Advisory Committee (PAC)	April 10, 2025
Action item at SCT Planning Advisory Committee (PAC)	May 8, 2025
Briefing at SCT Steering Committee	May 28, 2025
Action item at SCT Steering Committee	June 25, 2025
Council Briefing	September 17, 2025
Application Submission to PSRC	September 26, 2025
Council Hearing and Public Hearing	October 15, 2025

**Council Ordinance**

A Council ordinance is being prepared to formally support the submission of both applications. The ordinance expresses the County’s commitment to pursuing regional growth center designation for Mariner and Ash Way and includes associated amendments to the CPPs. Although the ordinance may be submitted to PSRC after the application deadline, the applications themselves will be submitted by September 26, 2025. The public hearing is scheduled for October 15, 2025.

### **Ongoing Coordination**

Snohomish County staff has worked closely with PSRC staff throughout 2025 to prepare strong, complete applications. On August 21, 2025, PSRC staff participated in an in-depth site tour of the Mariner and Ash Way areas, joined by staff from Everett, Lynnwood, Mill Creek, and Community Transit.

On September 5, 2025, PSRC submitted written feedback on the applications. Key topics included:

- Updated 2024 employment data showing 17 activity units per acre at Ash Way
- Recommendations to enhance jurisdictional coordination and future governance clarity
- Suggestions for improving center boundaries and walkability, especially in relation to I-5
- Timing considerations related to Sound Transit's 2027 alignment decision for Ash Way

On September 11, 2025, County staff met directly with PSRC staff to discuss these comments. Constructive feedback was received, and the County will continue addressing these considerations in partnership with PSRC and local jurisdictions as the designation process advances.

### **Next Steps**

The County is proceeding with submitting both the Mariner and Ash Way applications in the current 2025 cycle. While PSRC staff has provided input on center boundaries, jurisdictional coordination, and activity unit metrics, no obstacles have been identified that prevent the County from moving forward with confidence. Should additional refinements or supplemental documentation be needed during PSRC's review process, County staff will address those in collaboration with PSRC and partner jurisdictions.

  - PSRC's regionally managed federal transportation funds
  - Priority for infrastructure investments
  - Support for high-capacity transit
  - Alignment with regional and local growth strategies
  - Partnerships with jurisdictions, transit agencies, and regional bodies

# Regional Center Designation Process

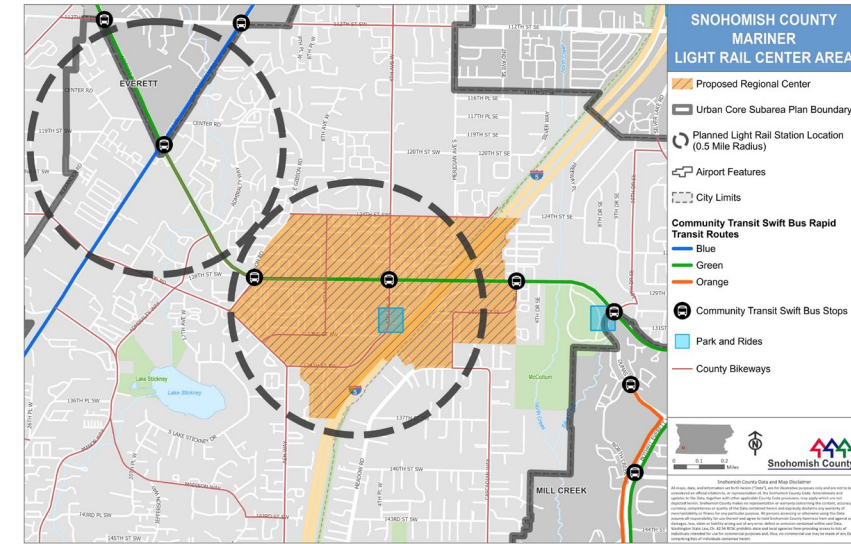

The Countywide Planning Policies (CPPs) outlines the process for designating a new Regional Center within Snohomish County:

1. A local jurisdiction nominates a center;
2. A working group of Snohomish County Tomorrow (SCT) reviews the proposal for conformity with the criteria in the Regional Centers Framework;
3. If the prospective center is found to be appropriate, the SCT Steering Committee recommends the center for designation; and
4. The County Council holds a public hearing and makes the decision whether or not to seek designation of the prospective center and forward the proposal to the Puget Sound Regional Council for consideration.

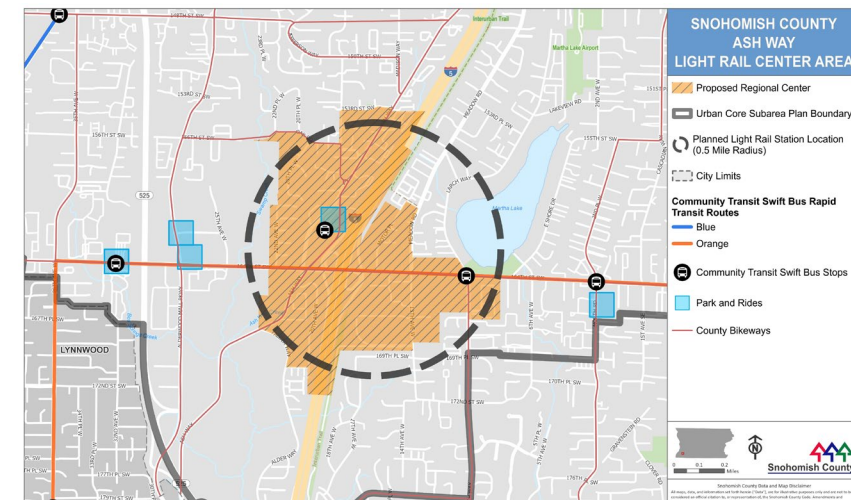

# Snohomish County Applications

**AMENDMENT SHEET 1****ORDINANCE NO. 25-055 (ECAAF 2025-3084)**

**Amendment Name:** Regional Center Designation Ordinance, PSRC Comment Response.

**Brief Description:** Amendments to address PSRC's comments on the applications to designate the Mariner and Ash Way areas as regional urban growth centers. It adds three recitals and modifies two findings to document PSRC's review outcome and the County's intent to revise and resubmit future applications.

**Affected Ordinance Sections:** Recitals  
Section 1 (Findings)

**New Ordinance Recitals, Findings, or Sections to Add:**

Page 2, line 5, insert new recitals as follows:

WHEREAS, on September 26, 2025, the County submitted applications to PSRC to designate the Mariner and Ash Way areas as regional urban growth centers; and

WHEREAS, on October 28, 2025, the County received feedback from PSRC noting that PSRC staff had reviewed the applications and determined they did not meet the threshold for advancement to the PSRC Executive Board for consideration; and

WHEREAS, Snohomish County intends to collaborate with PSRC staff to address the identified deficiencies and strengthen the applications for resubmittal in a future regional growth center designation cycle; and

Page 2, line 28, modify finding 1.D to read as follows:

D. The County submitted a regional urban growth center application for the Mariner Center to PSRC. The application is supported by the Cities of Mill Creek and Everett. The Mariner Center falls within the municipal urban growth areas (MUGA) boundaries for the cities. If approved by PSRC, the Mariner Center will become a designated regional urban growth center. The County was informed by PSRC on October 28, 2025, that the Mariner Center application will not advance to the PSRC Executive Board for consideration at this time. The County intends to continue coordination with PSRC and submit a revised application in a future application cycle.

Page 2, line 33, modify finding 1.E to read as follows:

E. The County submitted a regional urban growth center application for the Ash Way Center to PSRC. The application is supported by the Cities of Mill Creek and Lynnwood. The Ash Way Center falls within the MUGA boundaries for the cities. If approved by PSRC, the Ash Way Center will become a designated regional urban growth center. The County was informed by PSRC on October 28, 2025, that the Ash Way Center application will not advance to the PSRC Executive Board for consideration at this time. The County intends to continue coordination with PSRC and submit a revised application in a future application cycle.
