The commander look at me and said, you want to tell someone don't you mike, but you know no one will believe you, they'll think you're crazy or lying, won't they mike? You want to tell them what's going to happen to America and Americans and their economy in 2010 -20 and their population reduction by billions.

The family's of the 20 slaughtered minor Texas school children (by a deranged lunatic ), while the officials where all safe, are all now suing the school and state officials and the state of Texas for \$28,000,000,000.00 (twenty eight billion dollars ) for the loss of their children. But they don't know what's about happen to them.

The Familys of the 20 slaughtered, hacked to death preschoolers in a Taiwan nursery school by a deranged cop, are suing their country and schools for undetermined amounts in the millions of their country's barter currency.

How much is the child abuse of Scarlett ( age 7 ) and Layla Setzer ( age 6 ) worth to Snohomish County, Washington State and all the official's who have been properly informed of the minor children's 7 years of ongoing willful infant and minor child abuse by their mother Jenifer Setzer and left them to be abused ? All documented.

On Sept- 20 -2023 it is alleged that Americans will be told their "money " is worthless, as what was heard in that classified meeting in Germany north of Frankfurt ,58 years ago, is now to happening.

There where a 30 (1993 ), 50 (1973 ), and 100 (1910) year plan, They all end now. Now horrors begin.

Where is the public hearing on Sept-20-2023 to be held.
