Partner & Chief Administrative Officer at Markham Investigation & Protection

Everett, Washington, United States

## Summary

With senior management experience, Federal law enforcement, public safety, disaster response and recovery experience and security industry knowledge, I can improve functionality & increase the effectiveness and efficiency of any operation.

Profitable track record (P&L responsibilities in a C-Suite level position) in private security and government contract security operations. My leadership facilitated my employers posting a profit for the first time in many years, while growing their book of business and expanding their operating area.

I have extensive experience in conducting audits, gap analysis and needs assessments, and then in leading change management processes, including policy implementation, staffing & leadership transitions / changes, while identifying how budgets can be profit maximized through cost benefit analysis, waste reduction and identification and maximization of efficiency's.

I have authored Business Continuity plans, Emergency Management Plans, Base / Man Camp Operations Plans, Post Orders, SOP's, General Orders and many other types of governing and operational plans, documents and procedures in governmental, non-profit and non-governmental environments. I have extensive experience in Project Manager / management and Program Manager level roles on disaster response and recovery projects / contracts with both local and deployed personnel on Federal and private contracts.

Change management, continuous improvement processes and high employee involvement initiatives are not just buzz words, but are core concepts that I have initiated, managed and led companies through profitably and successfully in my career.

I am recognized as an industry leader in maintaining situational awareness in disaster and critical incidents (#SMEM) and providing information to clients so they may best adjust their operational postures and allocate resources most effectively. I do this through my All Hazards list, as well as my Seattle News Sources list (for Puget Sound region based events, such as the Oso landslide).
