

SNOHOMISH COUNTY COUNCIL  
Snohomish County, Washington

MOTION NO. 25-383

CONCERNING THE COUNTY COUNCIL'S POSITION ON A PROPOSED  
DIRECT PETITION METHOD ANNEXATION  
TO THE CITY OF MONROE; BRB FILE NO. 2025-04 – CONNER ANNEXATION

WHEREAS, on July 25, 2025, Snohomish County (the "County") received a second amended notice of intention from the Snohomish County Boundary Review Board (hereinafter "Boundary Review Board") BRB File No. 2025-04, for the City of Monroe (the "City") to annex approximately 1.58 acres of land adjacent to the current corporate boundary, and within the Monroe Urban Growth Area (UGA); and

WHEREAS, the City's annexation proposal (the "Conner Annexation") is pursuant to RCW 35A.14.120 and further described in Washington State Boundary Review Board for Snohomish County (hereinafter "Boundary Review Board") File No. BRB 2025-04, which is incorporated herein as Attachment A; and

WHEREAS, the proposed annexation is subject to Snohomish County Code Section 2.77.040; RCW 35A.14.120; RCW 36.115.050, .060, and .070; RCW 36.93.157, .170, and .180; and RCW 36.70A.020, .110, and .210; and

WHEREAS, the City and County do not have an existing Master Annexation Interlocal Agreement (MAILA) in effect, the 2008 MAILA expired on December 31, 2022; and

WHEREAS, County staff reviewed the Conner Annexation proposal and had no issues or concerns with the proposal except to ensure inclusion of Tester Road with the underlying Washington State Department of Transportation (WSDOT) right-of-way as part of the annexation proposal; and

WHEREAS, the Conner Annexation proposal comprised approximately 1.58 acres with an assessed valuation of \$131,600 which meets the threshold for when Boundary Review Board is not necessary under RCW 36.93.110; and

WHEREAS, the Chair of the Boundary Review Board issued his decision to decline the City's request for a waiver from Boundary Review Board review under RCW 36.93.110, citing that the Conner Annexation proposal includes a WSDOT right-of-way, and therefore, there was a potential for invocation of the Boundary Review Board jurisdiction; and

WHEREAS, the area proposed for annexation is within the Monroe UGA, and the City is the logical provider of municipal services; and

WHEREAS, RCW 36.93.100 establishes a 45-day period during which the County and certain other parties may review the proposed annexation and may choose to invoke the jurisdiction of the Boundary Review Board to hold a hearing on the annexation; and

WHEREAS, under SCC 2.77.040(4), the County Council, at a public meeting, shall determine whether to file a request for BRB review of a proposed annexation and give notice of its decision to the BRB;

NOW, THEREFORE ON MOTION,

1. The Snohomish County Council will not invoke the jurisdiction of the Boundary Review Board.

2. The Council Clerk is directed to file this Motion with the Boundary Review Board, together with a copy of the PDS staff report dated August 6, 2025.

## DESCRIPTION OF PROPOSAL

### BREIF DESCRIPTION & PURPOSE

The applicant is requesting an approximately 1.58-acre annexation for a single property and associated right-of-way located in the City of Monroe Urban Growth Area (UGA). The adopted pre-annexation zoning for the property is Single-Family Residential - 4 Units per Acre (R4).

While this annexation is going through the review and approval process, the City of Monroe adopted its new 20-year comprehensive plan in December 2024 and is updating its development regulations. This includes a citywide rezone that upzones all the Single-Family Residential – 4 Units per Acre are being rezoned Single-Family Residential – 7 Units per Acre. The Monroe City Council is scheduled to adopt Ordinance 006/2025, approving the Monroe 2044 Citywide Rezone on May 20, 2025.

The site is located at 17XXX Tester Road, Monroe, Washington, 98272. The parcel number for the site is 27061000102600. The proposed annexation area includes a total of one parcel (0.91 acres) and associated right-of-way (0.67 acres).

The proposed annexation area is adjacent to the Monroe City limits, east of Tester Road and west of Monroe High School. Per Snohomish County zoning, the proposed annexation area is currently zoned Low Density Multiple Residential (LDMR). The adopted pre-annexation zoning for the subject property is Single-Family Residential – 4 Units per Acre (R4), Ordinance No. 001-2022.

The annexation is being sought by the owners of 100% of the property within the annexation area (Exhibit E) who desire access to sewer. Monroe requires annexation prior to providing public sewer.

On June 12, 2022, the City Council passed Resolution No. 2022-012 (Exhibit D), accepting the Notice of Intent to Commence Annexation for one parcel, encompassing an approximately 0.85-acre parcel, located within the vicinity of Monroe High School, identified as Snohomish County Parcel Number 27061000102600 and commonly known as the Conner Property. After Resolution No. 2022-012 was passed, an updated legal description (Exhibit B) was submitted and later reviewed by the Snohomish County Assessor's Office updating the parcel area to 0.91 acres (Exhibit H).

As identified in the City's Six-Year Annexation Plan (Resolution No. 2009/012) and associated interlocal agreement with Snohomish County, it has been the City's policy to purposefully annex land within the City's Urban Growth Area (UGA) to meet the goals and policies of the Washington State Growth Management Act. There are potential negative impacts for not achieving the annexation plan above. Failure to annex undeveloped parcels within Monroe's UGA may result in development that does not meet City standards and loss of revenue and is inconsistent with the City's Comprehensive Plan and Snohomish County Planning Policies to achieve the 2044 population and housing allocations.

Although the City does not allow the extension of sewer service into the unincorporated UGA, this alone does not prohibit development. If annexation proponents are not able to complete the annexation process, new development can occur but will do so under the County's code requirements. This is problematic when Monroe annexes the same area at a later date and the existing development does not meet city code for things such as roads, sidewalks or housing density. Recent examples include Roosevelt Ridge and the Monroe Woodlands. Both projects were developed to County standards and the County received much of the construction revenue before the area was annexed into the City. There are also issues associated with the City's long-range plan and development assumptions to achieve the housing needs for future population.

The City would like to note that although the existing Master Annexation Interlocal Agreement (MAILA) with the County has expired, the City is working with the County to adopt a new MAILA. In lieu of a formal Annexation ILA, City staff have been working with County staff directly related to this annexation. Eileen Canola, Senior Planner, has been assisting City Staff with connecting to various County departments for review during the Annexation process. Joel Calhoun, GIS Supervisor has reviewed the legal description for the overall new annexation area (Exhibit H). Jay Larson, Transportation Planning Supervisor has reviewed

and approved the annexation right-of way boundary (Exhibit I). Finally, Lee Arthur received a request by Staff to review any issues relating to SWM facilities or problematic easements (Exhibit J).

This annexation meets the criteria of RCW 36.93.110, when review is not necessary by the Boundary Review Board. The subject area is owned by a single property owner, the area is less than ten acres in size, and the assessed value is less than two million dollars.

## RESOLUTION NO. 2022-12

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MONROE, WASHINGTON, CONCERNING THE PROPOSED ANNEXATION OF CERTAIN PROPERTY LOCATED WITHIN THE CITY'S SOUTHWEST URBAN GROWTH AREA, IDENTIFIED AS ASSESSOR'S TAX PARCEL NO. 27061000102600, AND COMMONLY KNOWN AS THE CONNER PROPERTY; ACCEPTING WITHOUT MODIFICATION THE PROPOSED ANNEXATION BOUNDARY FOR SAID AREA AS IDENTIFIED IN THE NOTICE OF INTENTION TO COMMENCE ANNEXATION FILED ON MARCH 8, 2022; REQUIRING THAT SUCH PROPERTY UPON ANNEXATION ASSUME ITS PROPORTIONATE SHARE OF EXISTING CITY INDEBTEDNESS AND BE SUBJECT TO THE ZONING DESIGNATION SET FORTH IN ORDINANCE NO. 001/2022; AND AUTHORIZING THE CIRCULATION OF A PETITION FOR ANNEXATION OF SUCH PROPERTY IN ACCORDANCE WITH THE PARAMETERS HEREIN ESTABLISHED.

---

WHEREAS, on March 8, 2022, the City received a Notice of Intention to Commence Annexation concerning certain property located within the City's Southwest Urban Growth area commonly known as the Conner property, identified as Tax Parcel No. 27061000102600, and legally described in Exhibit A, attached hereto and incorporated herein by this reference as if set forth in full; and

WHEREAS, the Notice of Intention was submitted by the owner(s) of not less than ten percent in value, according to the assessed valuation for general taxation, of the subject property; and

WHEREAS, pursuant to RCW 35A.14.120, the Monroe City Council scheduled and held a meeting with the initiating party(s) on May 10, 2022; and

WHEREAS, following such meeting the City Council determined that it would accept the proposed annexation area boundary as identified in the Notice of Intention without modification; require the subject property to assume its proportionate share of the City's indebtedness upon annexation; acknowledge that the subject property would upon annexation be subject to the zoning designation set forth in Ordinance No. 001/2022; and authorize the circulation of a formal petition for annexation consistent with such parameters; and

WHEREAS, the City Council's determination above was recorded in the formal minutes for the Council's May 10, 2022 regular meeting, the minute entry for which is attached hereto as Exhibit B and incorporated herein by this reference as if set forth in full; and

WHEREAS, the City Council wishes to memorialize its determination regarding the proposed annexation through the passage of this resolution;

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF MONROE, WASHINGTON, HEREBY RESOLVES AS FOLLOWS:

Section 1. Circulation of Annexation Petition Authorized. Pursuant to RCW 35A.14.120 et seq., the City Council hereby authorizes the circulation of a petition for annexation to the City of Monroe of the property identified as Tax Parcel No. 27061000102600, and legally described in Exhibit A, without geographic modification of the proposed annexation area as depicted in the Notice of Intention to Commence Annexation filed with the City on March 8, 2022.

Section 2. Annexation Petition—Form and Content. The form and content of the petition for annexation shall be compliant with all applicable requirements of state law, including without limitation RCW 35A.14.120 and RCW 35A.01.040. Without limitation of the foregoing, said petition shall set forth a description of the subject property according to government legal subdivisions or legal plats and shall be accompanied by a map which outlines the boundaries of such property. The petition shall also indicate that the City Council has required the assumption of a proportionate share of the City's indebtedness by the area to be annexed and that the property shall upon annexation be subject to the zoning designation established by Ordinance No. 001/2022, together with a quotation of the minute entry of such requirements as indicated in Exhibit B. The petitioner(s) shall be solely responsible for ensuring the form and content compliance of such petition and its sufficiency as required by applicable state law.

Section 3. Effective Date. This resolution shall take effect immediately upon passage.

ADOPTED by the City Council of the City of Monroe, at its regular meeting thereof, and APPROVED by the Mayor, this 12<sup>th</sup> day of July, 2022.

#### 6. UNFINISHED BUSINESS

##### 6.1 – Conner Notice of Intention to Commence Annexation: Initial Meeting

Amy Bright, Planner, gave a brief history and description of the proposed annexation and explained that this meeting is one of the required steps. Ms. Bright reviewed the three resolutions Council can direct staff to prepare including: option one - to accept the 10% annexation petition, option two - reject the 10% annexation petition, or option three – to geographically modify the annexation boundary and accept the 10% annexation petition. After discussion, Council chose option one as described.

**Motion:** *Councilmember Davis moved* to direct staff to prepare and return for the City Council's consideration a resolution accepting the annexation boundary of the ten percent (10%) annexation petition for property located in an unincorporated area in the Southwest Urban Growth Area, and to require the assumption of existing indebtedness of the City by the area to be annexed; to authorize the circulation of a petition for annexation of the property, subject to the zoning designation set forth in Ordinance No. 001/2022, and consistent with this motion; to direct the City Clerk to record this action in the official minutes.

*Councilmember Fulcher seconded. Motion passed 5-0.*

## RESOLUTION NO. 2022-12

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MONROE, WASHINGTON, CONCERNING THE PROPOSED ANNEXATION OF CERTAIN PROPERTY LOCATED WITHIN THE CITY'S SOUTHWEST URBAN GROWTH AREA, IDENTIFIED AS ASSESSOR'S TAX PARCEL NO. 27061000102600, AND COMMONLY KNOWN AS THE CONNER PROPERTY; ACCEPTING WITHOUT MODIFICATION THE PROPOSED ANNEXATION BOUNDARY FOR SAID AREA AS IDENTIFIED IN THE NOTICE OF INTENTION TO COMMENCE ANNEXATION FILED ON MARCH 8, 2022; REQUIRING THAT SUCH PROPERTY UPON ANNEXATION ASSUME ITS PROPORTIONATE SHARE OF EXISTING CITY INDEBTEDNESS AND BE SUBJECT TO THE ZONING DESIGNATION SET FORTH IN ORDINANCE NO. 001/2022; AND AUTHORIZING THE CIRCULATION OF A PETITION FOR ANNEXATION OF SUCH PROPERTY IN ACCORDANCE WITH THE PARAMETERS HEREIN ESTABLISHED.

---

WHEREAS, on March 8, 2022, the City received a Notice of Intention to Commence Annexation concerning certain property located within the City's Southwest Urban Growth area commonly known as the Conner property, identified as Tax Parcel No. 27061000102600, and legally described in Exhibit A, attached hereto and incorporated herein by this reference as if set forth in full; and

WHEREAS, the Notice of Intention was submitted by the owner(s) of not less than ten percent in value, according to the assessed valuation for general taxation, of the subject property; and

WHEREAS, pursuant to RCW 35A.14.120, the Monroe City Council scheduled and held a meeting with the initiating party(s) on May 10, 2022; and

WHEREAS, following such meeting the City Council determined that it would accept the proposed annexation area boundary as identified in the Notice of Intention without modification; require the subject property to assume its proportionate share of the City's indebtedness upon annexation; acknowledge that the subject property would upon annexation be subject to the zoning designation set forth in Ordinance No. 001/2022; and authorize the circulation of a formal petition for annexation consistent with such parameters; and

WHEREAS, the City Council's determination above was recorded in the formal minutes for the Council's May 10, 2022 regular meeting, the minute entry for which is attached hereto as Exhibit B and incorporated herein by this reference as if set forth in full; and

WHEREAS, the City Council wishes to memorialize its determination regarding the proposed annexation through the passage of this resolution;

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF MONROE, WASHINGTON, HEREBY RESOLVES AS FOLLOWS:

Section 1. Circulation of Annexation Petition Authorized. Pursuant to RCW 35A.14.120 et seq., the City Council hereby authorizes the circulation of a petition for annexation to the City of Monroe of the property identified as Tax Parcel No. 27061000102600, and legally described in Exhibit A, without geographic modification of the proposed annexation area as depicted in the Notice of Intention to Commence Annexation filed with the City on March 8, 2022.

Section 2. Annexation Petition—Form and Content. The form and content of the petition for annexation shall be compliant with all applicable requirements of state law, including without limitation RCW 35A.14.120 and RCW 35A.01.040. Without limitation of the foregoing, said petition shall set forth a description of the subject property according to government legal subdivisions or legal plats and shall be accompanied by a map which outlines the boundaries of such property. The petition shall also indicate that the City Council has required the assumption of a proportionate share of the City's indebtedness by the area to be annexed and that the property shall upon annexation be subject to the zoning designation established by Ordinance No. 001/2022, together with a quotation of the minute entry of such requirements as indicated in Exhibit B. The petitioner(s) shall be solely responsible for ensuring the form and content compliance of such petition and its sufficiency as required by applicable state law.

Section 3. Effective Date. This resolution shall take effect immediately upon passage.

ADOPTED by the City Council of the City of Monroe, at its regular meeting thereof, and APPROVED by the Mayor, this 12<sup>th</sup> day of July, 2022.

Approved: July 12, 2022  
Effective: July 12, 2022

**6. UNFINISHED BUSINESS**

**6.1 – Conner Notice of Intention to Commence Annexation: Initial Meeting**

Amy Bright, Planner, gave a brief history and description of the proposed annexation and explained that this meeting is one of the required steps. Ms. Bright reviewed the three resolutions Council can direct staff to prepare including: option one - to accept the 10% annexation petition, option two - reject the 10% annexation petition, or option three – to geographically modify the annexation boundary and accept the 10% annexation petition. After discussion, Council chose option one as described.

**Motion:** *Councilmember Davis moved to direct staff to prepare and return for the City Council's consideration a resolution accepting the annexation boundary of the ten percent (10%) annexation petition for property located in an unincorporated area in the Southwest Urban Growth Area, and to require the assumption of existing indebtedness of the City by the area to be annexed; to authorize the circulation of a petition for annexation of the property, subject to the zoning designation set forth in Ordinance No. 001/2022, and consistent with this motion; to direct the City Clerk to record this action in the official minutes. Councilmember Fulcher seconded. Motion passed 5-0.*

## **CERTIFICATE OF SUFFICIENCY**

I, Chris Huyboom, Snohomish County Deputy Assessor, in accordance with the requirements of RCW 35A.01.040, hereby certify that the Petition for the City of Monroe Conner Annexation submitted to the Assessor on September 2, 2022, December 5, 2022 and December 8, 2022 is signed by the owners of property comprising 100% of the total assessed value within the area described in the petition, according to the records of the Snohomish County Assessor. The determination of sufficiency was begun on December 19, 2022.

Dated this 19th day of December 2022.

**RESPONSE TO FACTORS AND OBJECTIVES ON FOLLOWING PAGE**

In accordance with RCW 36.93.170, the Boundary Review Board must consider several factors in reaching a decision on an annexation. The following responds specifically to a series of questions asked of the initiator on pages 2-4 of the NOI format outline (Sections V and VI).

## OVERVIEW

Population of Proposal: 0 % of population to existing entity (County): 0%

Number of Acres: 1.58 acres (includes 0.91 acre parcel and 0.67 acres of right-of-way)

Population Density: 0.00 people per acre

Assessed Valuation: \$131,600 (2025)

Existing Land Use Designation: ULDR – Urban Medium Density Residential

Proposed Land Use Designation (City): Residential 1

## COUNTY'S COMPREHENSIVE PLAN

Supporting County Comprehensive Plan Policies:

### 1. Land use:

LU 1.A.9: Ensure the efficient use of urban land by adopting reasonable measures to increase residential, commercial and industrial capacity within urban growth areas prior to expanding urban growth boundaries. The County Council will use the list of reasonable measures in accordance with the guidelines for review contained in Appendix D of the Countywide Planning Policies to evaluate all UGA boundary expansions.

The county currently has zoned this property for residential purposes. The city, as part of this annexation is proposing a land use designation and zoning consistent with the county.

LU 1.D.2: UGA plans may be undertaken to provide greater detail as to the type and location of future land uses and shall address the following.

This location is not subject to a UGA plan. The area was pre-zoned as Single-Family Residential – 4 Units per Acre (R4); however, the City of Monroe recently adopted a new 20-year comprehensive plan and is close to completing a citywide rezone. Monroe is eliminating the lowest density single-family residential zone and replacing it with the Single-Family Residential – 7 Units per Acre (R7). The Conner Annexation will be zoned R7 upon annexation. A 0.91-acre parcel can yield up to six single-family residential units with the R7 zoning.

LU 2.A.1 Maintain development regulations that will require that new residential subdivisions achieve a minimum net density of 4 dwelling units per acre in all unincorporated UGAs, except (1) in the UGAs of Darrington, Index, and Gold Bar as long as those cities do not have sanitary sewer systems and (2) in areas without sanitary sewers which the sewer purveyor with jurisdiction, or in nearest reasonable servicing proximity will certify are either an unsewered urban enclave or are not capable of being connected to public sewers via annexation within the next six years or by the improvements provided pursuant to its adopted six year capital facilities plan, (3) where regulations for development on steep slopes require reduced lot or dwelling unit yields, or (4) where a lower density is necessary because of the existence of critical areas that are large in scope, with a high rank order value, and are complex in structure and function. Lot size averaging, planned residential developments, sewerage regulations and other techniques may be used to maintain minimum density or to insure later development at minimum densities is not inhibited when sanitary sewers become available.

The annexation area was designated with R-4 zoning, but as stated above the City is in the process of replacing the R4 zone with R7 or seven residential units per acre.. Upon annexation, the property within the Conner annexation will be subject to the City of Monroe's citywide rezone. This meets the County's minimum requirement for at least 6 dwelling units per net acre.

LU 2.A.2: The county shall not support any proposed annexation by a city unless and until an annexation agreement has been signed by the county and said city ensuring the continued implementation of Policy LU 2.A.1 for the area to be annexed.

Although the city and county do not have a current master annexation interlocal agreement, it is not needed in this instance because:

- The zoning to be established by the city is R-4, and will be rezoned upon annexation to R7 for consistency with current zoning within the City of Monroe.
- The City of Monroe requests an exemption from LU 2.A.2. City staff have communicated with County staff during all phases of the annexation process to ensure compliance with County policies. County staff include:
  - Eileen Canola, Senior Planner
  - Joel Calhoun, GIS Supervisor
    - Reviewed legal description and map (Exhibit H)
  - Jay Larson, Transportation Planning Supervisor
    - Reviewed annexation right-of-way boundary (Exhibit I)
  - Lee Arthur, Conservation and Natural Resources Supervisor
    - Received request for issues relating to SWM facilities or easements (Exhibit J)

LU 2.A.3: Any UGA shall provide for a variety of residential densities identifying minimum and maximum allowable. Density ranges shall consider the presence of critical areas.

This proposed annexation has a land use designation and zoning consistent with that presently allowed by the county.

### **Housing:**

HO 1.B: Ensure that a broad range of housing types and affordability levels is available in urban and rural areas.

The proposed annexation area was pre-zoned Single-Family Residential - 4 Units per Acre (R4); however, during the review process for this annexation the City adopted a new 20-year comprehensive plan that resulted in a Citywide Rezone that replaced the R4 zone with the Single-Family Residential – 7 units per acre (R7). The property is currently vacant. Post-annexation, new development will provide additional housing opportunities. The City of Monroe is in the process of adopting regulations in response to Washington Engrossed House Bills 1337 and 1110. These regulations will provide for additional housing types and affordability levels.

HO 1.C.7: The county shall pursue techniques to minimize the displacement of low- and moderate-income households resulting from losses in the county's existing stock of low-cost housing.

There would be no displacement of existing residents nor low- and moderate-income households if development were to occur on this site because of annexation. The current population of the annexation area is zero.

HO 2: Ensure the vitality and character of existing residential neighborhoods.

The impact to adjacent neighborhoods would be minimal if this area is annexed into the city. Any development that would take place within the annexation area would be like development that has already occurred on neighboring parcels within the city limits. Future development of these parcels would require frontage improvements and appropriate road connections, which would benefit existing residents.

HO 2.A: Promote opportunities for all county residents to reside in safe and decent neighborhoods.

Given the current housing crisis in the Puget Sound Region, the annexation is necessary to promote the new housing in Monroe's UGA as the city presently does not extend sewer outside city limits. Annexation is necessary for development to occur in this area.

HO 2.A.4: The county shall encourage development and maintenance of safe and secure outdoor environments, including the development of sidewalks in new subdivisions.

The city's development codes require construction of frontage improvements, including sidewalks. Future development in this annexation area will provide for additional connections to areas which do not currently have access to sidewalks.

**Transportation:**

TR 1.B.2: Types and levels of transportation facilities within the county shall be based on the types and levels of future development intensity adopted in city and county comprehensive plans.

Presently the road network within the annexation area consists of a county road without sidewalks or other frontage improvements. The annexation will facilitate future development and the provision of sidewalks and frontage improvements within this area.

TR 1.B.7: To maintain rural character, major new rural roads and major expansions of existing rural roads should be avoided. Where increased roadway capacity in rural areas is warranted to support safe and efficient travel, measures should be taken to prevent unplanned growth.

The proposed annexation would not require new rural roads or expansions to existing rural roads.

*What Community Plan Governs the Proposal:* Monroe 2044 Comprehensive Plan

*County Plan Classification and Zoning:* UMDR and LDMR

# of lots permitted in classification (County): The 2021 Snohomish County Buildable Lands Report looks at development history within zones. The current LDMR zoning in the county was achieving 10.89 dwelling units per acre while the City of Monroe's R4 zone was achieving 4 dwelling units per acre. With the Monroe 2044 Citywide Rezone, the base density for the property will become 7 dwelling units per acre. With the recently adopted Interim R7 zoning, the based density can be doubled if the property owner chooses to development townhomes on the site.

Relationship/Applicability to Snohomish County Agricultural Plan: NOT APPLICABLE

Relationship/Applicability to County Surface Water Management Plan: NOT APPLICABLE

**PROPONENT'S COMPREHENSIVE PLAN**

1. *Is proposed annexation area in comprehensive plan/will a comprehensive plan need to be adopted:* Annexation is addressed in the current Monroe Comprehensive Plan
2. *When was existing comprehensive plan approved?* 2024
3. *Is area subject to pre-annexation agreement?* The area is not subject to a pre-annexation agreement.
4. *What is the proposed land use designation in your adopted comprehensive plan?* Low Density SFR
5. *When were city's zoning regulations adopted?*  
The current Unified Development Regulations were adopted in 2019 by Ordinance 005/2019.

**REVENUE ESTIMATES**

1. *Estimated Expenditures Affected by Proposal:* The annexation currently has no population and has a small portion of public roadway. Thus, the city anticipates minimal expenditures to provide services. These expenditures would include police and general administrative services. However, as the area is developed, the city expects it will have minimal increased expenditures to provide additional police

services, to operation and maintain a public sewer system, maintain public roads, and provide administrative services.

2. Estimated Revenues Affected by Proposal: Due to the size and lack of population within the annexation area, the city expects minimal revenues until such a time the annexation area is developed. Future development in the annexation will contribute construction sales taxes (one-time), impact/mitigation fees (one-time), on-going retail sales taxes (post-development consumer spending), property taxes (based on increase valuations), per capita state shared revenues (estimated by MRSC to be approximately \$35.18 per capita in 2025), and monthly user fees for sewer and water.
3. Estimate of County Revenue Lost: The county will lose existing property tax revenues to its Road Fund totaling approximately \$103.10 based on the current tax valuation of the area, as well as lose out on minor sales tax revenues associated with at-home spending by the existing residents and an estimated \$6.31 per capita in state shared revenues (liquor profits/excise taxes).
4. Estimate of County Expenditure Reduction: Undetermined. Given the population size and lack of development within the annexation, it is difficult to project how much the County might expend in services to the area in a typical year.
5. Estimate of Fire District Revenue Lost: NOT APPLICABLE
6. Estimate of Fire District Expenditure Reduction: NOT APPLICABLE
7. Estimate of Other Special District Revenue/Loss: NOT APPLICABLE. There is no impact to water, sewer or other special district boundaries.
8. Estimate of Other Special District Expenditure Reduction: NOT APPLICABLE. There are no impacts to water, sewer or other special district boundaries

#### **SERVICES – LAW ENFORCEMENT**

1. Current Law Enforcement Provider: Snohomish County Sheriff
2. Current Emergency/Normal Response Time: County: 15 to 30 minutes, depending on nature of call. City: 5 minutes
3. Initial Police Protection Plan: Based on the size of the annexation and current (zero) population, the annexation area will be initially covered by existing officers and shifts.
4. Back-up Plans (mutual aid, reserves): No changes proposed. City has mutual aid agreements with Snohomish County and other agencies
5. Projected Police Growth Plan: Staffing will continue to be evaluated during the City's annual budget to maintain the established staffing level per 1,000 people in City.
6. Source of Dispatch: No change. Remains Sno911.

#### **SERVICES – FIRE DEPARTMENT**

NOT APPLICABLE. No change to fire district boundaries and services will be the same whether the annexation occurs or not.

#### **SERVICES – WATER**

NOT APPLICABLE. The area is currently served by the City of Monroe. This will not change.

#### **SERVICES – SEWER**

The City of Monroe is the area's future sewer service provider. The city requires annexation prior to connection to the city sewer.

## GENERAL ITEMS

1. *Has an annexation agreement been required to extend services?* No, an annexation agreement has not been required. However, annexation is required to extend sewer services.
2. *Describe the topography and natural boundaries of the area.* The site is generally flat. It currently borders the Monroe High school to the east, State Highway 522 to the west and the Urban Growth Boundary to the south. The proposed boundaries leave existing neighborhoods intact.
3. *How much growth projected for the area?* The annexation is not yet developed. The city anticipates future development of the parcel to be annexed. Although the property was pre-zoned R4, based on the adopted Monroe 2044 Comprehensive Plan and Monroe 2044 Citywide Rezone, the property will be rezoned to R7 or seven dwelling units per acre. Additionally, the R7 zone allows for townhome developments at a density of 14 units per acre. The site has the potential development of between six detached residential units and 13 townhomes.
4. *Other municipal or community services relevant to this proposal?* NO
5. *Will there be any delay in services to the area?* NO
6. *Evaluation of present adequacy of services, costs and rates of service.* Given the annexation area has no existing development, few services will be required at the time of annexation. Additional services (water, sewer, police, fire, etc.) will be needed in the future to serve eventual development.
7. *Evaluation of future needs and costs.* Future development in the annexation will primarily require sewer, water and police services from the city, as well as some general municipal services. However, future development in the annexation will contribute construction sales taxes (one-time), impact/mitigation fees (one-time), on-going retail sales taxes (post-development consumer spending), property taxes (based on increase valuations), per capita state shared revenues (estimated by MRSC to be ~\$35.18 per capita in 2025), and monthly user fees for sewer and water.

8. Comparative property tax and utility costs for homeowner before/after annexation.

	Levy Rate Per \$1,000 (2025)	Utility Tax
Snohomish County	\$6.55	None
Monroe	\$6.66	10% Water & Sewer Utility Tax (City)

**OBJECTIVES (RCW 36.93.180)**

1. *Preservation of natural neighborhoods and communities.*
  - The proposed annexation area consists of a vacant 0.91 acre parcel adjacent to predominantly larger, under-developed and vacant lots. In addition, the property is adjacent to Monroe High School.
  - Adjacent areas are Monroe High School and an existing neighborhood and the annexation area will continue the existing natural neighborhood.
  - Annexation area is not itself an established neighborhood.
2. *Use of physical boundaries, including but not limited to bodies of water, highways, and land contours.*
  - The triangular shaped proposed annexation area uses physical boundaries as follows:
    - The west boundary is the right-of-way between Tester Road and State Highway 522.
    - The eastern boundary is Monroe City Limits and Monroe High School
    - The southern boundary is the edge of the Urban Growth Area and larger single family lots.
3. *Creation and preservation of logical service areas.*
  - The proposed annexation does not impact the service territories of any districts/special districts (e.g. fire district, school district, sewer district, water service, etc.) in the area.
  - This proposed annexation supports logical service as it does not leave any rights-of-way out of the area which should be annexed.
4. *Prevention of abnormally irregular boundaries.*
  - The boundaries are not abnormally irregular as they follow existing property lines, rights of way and Urban Growth Area boundaries.
  - The boundaries are carefully drawn so as not to divide existing neighborhoods.
  - The boundaries are drawn to take in only those areas where owners wish to be within the city limits.
5. *Discouragement of multiple incorporations of small cities and encouragement of incorporation of cities in excess of ten thousand population in heavily populated urban areas.* NOT APPLICABLE
6. *Dissolution of inactive special purpose districts.* NOT APPLICABLE
7. *Adjustment of impractical boundaries.* NOT APPLICABLE

8. *Incorporation as cities or towns or annexation to cities or towns of unincorporated areas which are urban in character.*
  - The proposed annexation area is within the Monroe Urban Growth Area and urban level development is planned to occur. Development of the area is not possible without annexation as the City requires annexation as a pre-condition to the provision of sewer service.
9. *Protection of agricultural and rural lands which are designated for long term productive agricultural and resource use by a comprehensive plan adopted by the county legislative authority. NOT APPLICABLE*

Amy,

The location of the annexation line works for Public Works' purpose for assuring that the section of Tester Rd is annexed. Unfortunately, I am not able to approve the legal description.

Eileen, what process should Amy use to get the legal description reviewed?

Thanks  
Jay

Hi Scott and all,

I just got off a call with Jay Larson at the County. He agrees with the recommendation to set the Conner legal boundary at the fence between SR-522 and Tester Road. He also told me that WSDOT had a budget proviso to give a portion of the SR-522 ROW (including Tester Road) to the County, but it did not pass. The land exchange is still happening, just delay. He stated that the County will ask that WSDOT work with Monroe for the segments of Tester Road within the corporate limits, instead of WSDOT giving the ROW to the County and then the County working with the city. He's reaching out to find a contact for us at the State to begin this conversation. As for the Conner annexation, with the revised legal, it can move forward without this additional step between WSDOT, the County and City regarding the SR-522 ROW.

Do we (Amy or me) need to reach out the Conners, or will Tom respond to them. It sounded like Tom and Tyler had the last discussion with their surveyor.

Hi Scott,

Tom brought this up during today's DRC Meeting. I just sent an email to a colleague at the County asking a few additional questions relating to this situation, attached with response email. I like your suggestion.

The WSDOT ROW raises even more questions for me, but then again, I might be overthinking the whole situation. Based on SCOPI, all of Tester Road and the on/off ramps at W Main appear to be in the same ROW. Do we have an interlocal agreement with the state to Maintain Tester Road and/or Main Street?

Hello Arthur,

The City of Monroe is pursuing annexation of a parcel, the Conner Annexation. There was an issue with WSDOT ROW that has been resolved. Are there any issues for SWM facilities or easements that would require an agreement between the City and County, as the City expressed interest in seeking exemption from BRB review, as it seems to meet the criteria. The City would still need to submit a NOI to the BRB and submit a request for exemption.

Thank you,
