Information Memorandum

To: All Head Start Recipients

Subject: Fiscal Year 2025 Monitoring Process for Head Start Recipients

Information:

[Section 641A](#) of the Improving Head Start for School Readiness Act of 2007 (the Act) requires the Office of Head Start (OHS) to implement ongoing monitoring of all programs receiving federal funds.

This Information Memorandum (IM) outlines the OHS monitoring process for fiscal year 2025 (FY25). It describes the types of monitoring reviews that recipients may experience, highlighting Focus Area 1 (FA1), Focus Area 2 (FA2), Classroom Assessment Scoring System (CLASS®), Risk Assessment Notification (RAN), and unannounced reviews.

This IM supersedes ACF-OHS-IM-24-02 with updates to the FY25 monitoring implementation format.

* *Monitoring reviews may be conducted with or without prior notification to the recipient. QHS reserves the right to conduct unannounced reviews at any time.*

FA1 Reviews

The FA1 review is an opportunity for recipients to describe their approach and plan for providing high-quality services to children and families. It typically occurs in the first or second year of the grant period. This focus area determines if programs are meeting the requirements of the Head Start Program Performance Standards (the Performance Standards), Uniform Guidance, and Head Start Act. The FA1 informs QHS’ understanding of each recipient’s foundation for program services — staffing structure, program design and governance, education, health and family services, and fiscal infrastructure. The FA1 review also allows QHS to assist recipients in fulfilling application commitments, provide resources to address any identified issues, and support recipients in reaching their goals.

FA2 Reviews

The FA2 review is an opportunity for recipients to demonstrate their implementation of high-quality services to children and families that meet Head Start requirements. It typically occurs in the third or fourth year of a grant period. This focus area broadens QHS’ understanding of each recipient’s performance and determines if programs are meeting the requirements of the Performance Standards, Uniform Guidance, and Head Start Act.

CLASS® Reviews

Section 641A(c)(2)(F) of the Act requires QHS to assess the quality of teacher–child interactions using a valid and reliable observation measure. For the upcoming FY25 monitoring year, QHS will continue to use the 2008 edition of the Classroom Assessment Scoring System (CLASS®) Pre-K Teacher–Child Observation Instrument. Scores from CLASS observations will count toward Designation Renewal System (DRS) determinations using the competitive thresholds established in the [Final Rule on DRS Changes](#).

For FY25, recipients that are scheduled for a CLASS monitoring review will have the option to self-record and submit their own videos (Video Review) or request a traditional on-site review with certified CLASS observers (On-site Review).

American Indian and Alaska Native (AIAN) Head Start programs have the option to do a self-review for the CLASS. QHS will transmit a letter to AIAN grant recipients with additional information on this option.

All recipients will have the opportunity to attend information sessions specifically developed to discuss FY25 CLASS options, including a group of sessions convened specifically for American Indian and Alaska Native recipients.

RAN Reviews

OHS conducts Risk Assessment Notification reviews, as necessary, to address child health and safety incidents. They are initiated when OHS needs to gather more information about significant incidents affecting program participants' health and safety. These reviews have a specific focus on abuse, neglect, inappropriate conduct, inadequate supervision, or unauthorized releases in Head Start programs.

RAN reviews:

- Ensure prompt and accurate reporting of serious incidents
- Investigate contributing program or management factors
- Communicate necessary corrective actions
- Provide feedback to improve program management and prevent future incidents

Other Reviews

Special reviews are conducted, as needed, to explore concerns outside of the typical FA1 or FA2 schedule. OHS reserves the right to conduct unannounced reviews at any time.

Scheduling

Each year, recipients are required to submit an accurate calendar of availability, which is used to schedule monitoring reviews. The availability calendar also gives recipients a way to inform OHS as to when their program is not operational and when children are not in session. Recipients should immediately update their calendars as changes in program availability occur. Please note that OHS has very limited capacity to accommodate requests to reschedule reviews and can only do so under exceptional circumstances.

Monitoring reviews can also be conducted with or without prior notification to the recipient that it will take place.

Communications

Recipients scheduled to receive a monitoring review in FY25 will receive a notification letter 45 calendar days before the start of the event. They can also expect a planning call with their assigned coordinator to discuss their review. During the initial call, recipients should share their program's current service delivery options. OHS Review Reports are typically issued within 60 calendar days of the monitoring review.

If you have any questions regarding the FY25 monitoring season, please contact your regional office.

Thank you for the work you do on behalf of children and families.

Sincerely,

/ Khari M. Garvin /
