Required data elements include number of clients served, hours of service, aggregate client demographics, electronic or paper assessment and electronic/paper service/action plan. These guidelines provide two options for maintaining data integrity for this program.

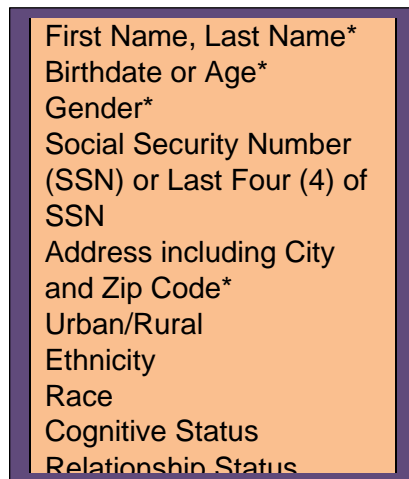

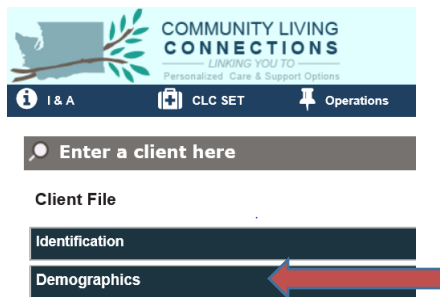

Option 1: Enrolled GetCare Care Transitions Service Recipient Data Recording; or

Option 2: Aggregate CLC GetCare data—electronic/paper Care Transitions Service Recipient Data Recording and Record Retention.

Option 1:

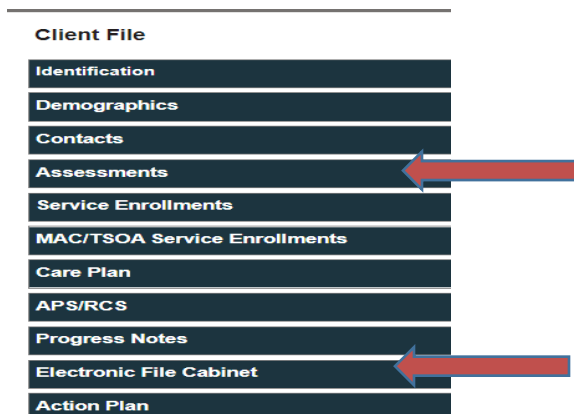

Demographics:

Use the **CLC SET/Client File** to record demographics. Information may also be captured in I&A Contact record. **Demographics** are listed in the orange box below (required demographics have an asterisk to the right)

Assessment:

The Bridge Care Transitions Assessment embedded in CLC GetCare may be utilized as an optional assessment for this grant although the Contractor may utilize other assessment/screens that would encourage positive outcomes for the hospital surge. Assessment/screens not embedded in CLC GetCare may be saved in the electronic file cabinet.
