1. WHEREAS, the County purchased appraisal, assessment and treasury management software through that certain Contract for Comprehensive Appraisal, Assessment and Treasury System, dated December 16, 1998 (the "Original Contract"). The County has continued to use and procure additional functionality to the software and system since execution of the Original Contract; and
2. Whereas, Thomson Reuters/Manatron provides Support and Upgrade Services for its Appraisal, Assessment and Treasury System; and
3. Whereas, while Marshall and Swift Cost Data Tables are an integral component of the Appraisal, Assessment and Treasury System, they are not included in the pricing for Support and Upgrade Services, because Thomson Reuters/Manatron must periodically re-negotiate the Marshall and Swift end user license fees. Once negotiated, Thomson Reuters/Manatron presents the end user license fees to the customer; and
