Subject: Removing Ziply Fiber copper lines

Scope: Agreement to remove a direct buried copper line owned by Ziply Fiber as part

of the Elliot Road Flood Reduction Project.

Duration: December, 31, 2026

<u>Fiscal Impact:</u> ☐ Current Year ☒ **Multi-Year** ☒ N/A

| Expenditures | 2025-2026 | Total |
|-----------------|-------------|-------------|
| 415 50951384101 | \$35,610.00 | \$35,610.00 |
| Total | \$35,610.00 | \$35,610.00 |

| Revenue | 2025-2026 | Total |
|----------------|-------------|-------------|
| 415 3095131770 | \$35,610.00 | \$35,610.00 |
| Total | \$35,610.00 | \$35,610.00 |

Authority Granted:

Authorizes the County Executive to sign the agreement with Ziply Fiber in the amount of \$35,610 and further authorizes the Director of the Department of Conservation and Natural Resources to approve associated amendments.

Background:

The County has a current active road project on Elliott Road, which will construct a 40-foot clear span bridge near 12512 Elliott Road

Ziply Fiber has direct buried copper cables between MP 0.42 and MP 0.57 which must be removed to accommodate the County's project.

The County and Ziply Fiber have determined it is in their best interest to incorporate the removal of Ziply Fiber's facilities, as requested by Ziply Fiber, into the County's construction plans and contract for the Project.

Snohomish County sees this as a benefit to the County having a single construction contractor doing both the road work and utility work on site.

Ziply Fiber has agreed to reimburse the County for the actual costs the County will incur in the removal of Ziply Fiber's facilities. The estimated cost of the work the County is performing for Ziply Fiber is approximately \$35,610.00

Request: Move Motion 25-408 to GLS on Oct 15th for consideration.
