Why would you like to serve on this board/commission?	It is my belief that all children and families have the right to safe and supportive communities. As a mom and an educator, I am passionate about creating environments that allow children to thrive. Being a part of this commission would allow me an organized and collaborative space to improve equity in our communities.
Please explain why you are a qualified candidate, including relevant professional experience, to serve on the board/commission.	My background is in education. I taught special education as well as primary education for a combined nine years. In 2014 I earned an MA in Social Justice and Education from University College London in London, UK. The program gave me a historical, philosophical, and sociological understanding of the systems that support or oppress equity, especially for children and families. In 2022, I completed my second MA from UCL in London, UK in Philosophy of Education to understand the underpinning philosophies that shape education around the world. At the same time, I had my first child and became a mom. Now I have two toddlers and I am attempting to be a stay-at-home mom in financially and socially very difficult times. I am having firsthand experience trying to navigate the systems and supports Snohomish County offers for families and children. I feel this perspective will also be valuable for the commission.
Please list community involvement/volunteer activities	<i>Field not completed.</i>
How did you learn of this opportunity?	I learned of this opportunity through Monica Wilson.
Do you currently serve on a Snohomish County board or commission?*	No
