

LICENSE AND MAINTENANCE AGREEMENT WITH COMMUNITY TRANSIT RELATING TO THE OPERATION AND MAINTENANCE OF CATHCART PARK & RIDE FACILITY

This License and Maintenance Agreement with Community Transit Relating to the Operation and Maintenance of Cathcart Park & Ride Facility (the "Agreement") is made by and between Snohomish County, a political subdivision of the State of Washington, through and on behalf of its Department of Public Works (the "County") and Snohomish County Public Transportation Benefit Area Corporation dba Community Transit ("Community Transit").

RECITALS

- A. The County owns certain real property with an address of 14806 HWY 9 SE, Snohomish, WA (the "Property"). See Attachment A, incorporated herein by this reference, for a demonstrative overhead pictorial view of the Property. See Attachment B, incorporated herein by this reference, for the legal description of the Property.
- B. The County originally purchased the Property in 2015 for use as a future park and ride facility. In April 2020 Snohomish County and Pacific Ridge-DRH, LLC ("Pacific Ridge") entered into a Real Estate Purchase and Sale Agreement wherein County agreed to sell to Pacific Ridge and Pacific Ridge agreed to purchase from County approximately 31 acres of land located at the southwest corner of the intersection of Cathcart Way and State Route 9 in unincorporated Snohomish County, identified as Snohomish County Assessor's Tax Parcel No. 280536001100. As part of the Purchase and Sale Agreement, Pacific Ridge agreed to construct a park and ride facility (the "Cathcart Park & Ride"), including related stormwater facilities, on the Property.
- C. Community Transit provides public transit services throughout Snohomish County, including the operation of numerous park and ride facilities. Community Transit has communicated to the County its intent to maintain and operate the Cathcart Park & Ride on a scale and schedule that matches capacity and market demand for transit service. More specifically, Community Transit will adjust existing transit services operating on Cathcart Way and State Route 9 to serve the Cathcart Park & Ride. At such time as the transit market matures and Community Transit capacity allows, Community Transit will implement high-capacity transit along Cathcart Way, including appropriate supporting upgrades and enhancements to the Cathcart Park & Ride. All of these services will provide a benefit to the residents of Snohomish County in the form of public transportation, traffic relief, lower carbon emissions and more.
- D. On July 15, 2022, Snohomish County, Community Transit and Pacific Ridge entered into a Park and Ride Agreement, included as Attachment D, which describes the project design, phasing, construction guidelines, requirements and procedures for the Cathcart Park & Ride.
- E. The County and Community Transit wish to enter into an agreement that clearly defines each party's roles and responsibilities and sets forth conditions regarding the operation and maintenance of the Cathcart Park & Ride.

AGREEMENT

NOW THEREFORE, for and in consideration of the mutual promises and benefits described below, the parties agree as follows:

1. GRANT OF LICENSE FOR FACILITY USE.

1.1 License. The County hereby grants Community Transit, its agents, employees and contractors, a nonexclusive license (the "License") to enter upon, operate, repair and maintain year-round the Property as a public park and ride facility, commonly referred to as Cathcart Park & Ride, with approximately 150 parking stalls.

Community Transit's authority to use, operate, repair and maintain the Cathcart Park & Ride shall not be considered exclusive possession or control. The County may continue to use the Cathcart Park & Ride for its own purposes and at all times shall be considered the owner and occupier of the Cathcart Park & Ride. No illegal use shall be made on the Property nor shall any property that creates any nuisance or fire, explosive or other hazard be stored thereon. The County may enter the Cathcart Park & Ride at any time to determine whether Community Transit's use is improper or hazardous. Community Transit agrees that it will not interfere or obstruct the County's use of the Property during the term of this Agreement.

This License is personal to Community Transit and grants no interest in the real property. This License is intended to allow Community Transit limited use of the Cathcart Park & Ride only to the extent expressly authorized herein and no other use is permitted or allowed.

Community Transit and County agree that this License is not intended to create any benefit for or in any third party nor is it intended to create any right of action in any third party.

1.2 License Duration. The License shall become effective from the execution of this Agreement until such time that the parties terminate this Agreement as provided in Section 11 below.

1.3 Utilities. Community Transit shall pay all utilities associated with the Cathcart Park & Ride (including for parcel numbers 0040038-000-156-00, 004038-000-141-02 and 004038-000-141-00), including but not limited to Surface Water Management ("SWM") fees, electricity, and water and sewer. If the County adds impervious surface area to the Cathcart Park & Ride, the County shall be responsible for its corresponding percentage of SWM impervious surface fees.

2. COMMUNITY TRANSIT'S RESPONSIBILITIES.

2.1 Improvements.

2.1.1 Community Transit shall be responsible for any and all expenses and labor involved with the improvements, maintenance, and operation of the Cathcart Park & Ride including security cameras. Community Transit may not make additions, changes, alterations, or improvements to the Cathcart Park & Ride, or to any electrical, mechanical, or other systems or facilities located in or otherwise serving the Cathcart Park & Ride (collectively, the "Alterations") without first obtaining the prior written consent of the County. Community Transit shall provide the County with detailed plans and specifications detailing any proposed Alteration(s). Should the County consent to any proposed Alteration(s), such consent shall not be deemed a representation or warranty as to the adequacy of the architectural design or plans for such Alteration(s), and the County hereby expressly disclaims any responsibility or liability for the same.

2.1.2 All such Alterations shall be performed: (a) at Community Transit's sole cost and expense unless otherwise agreed to by the parties; (b) in a good and workmanlike manner, with all materials used being of a quality at least as good as those already in use at the Cathcart Park & Ride; (c)

in accordance with plans and specifications approved by the County pursuant to Section 2.1.1; and (d) in compliance with all applicable laws, including but not limited to those related to prevailing wages (see Chapter 39.12 RCW), retainage (see Chapter 60.28 RCW), bonding (see Chapter 39.08 RCW), use of licensed contractors (see Chapter 39.06 RCW), and competitive bidding (see Chapter 36.32 RCW and Chapter 35.21.278 RCW), and any/all applicable codes and regulations. In addition, the County may require that any or all Alterations be performed under the County's supervision; provided that any such supervision by the County shall not be deemed a representation or warranty as to the adequacy of the design, workmanship, quality of materials, or construction of the Alterations at issue, and the County hereby expressly disclaims any responsibility or liability for the same.

2.1.3 Community Transit shall bear the sole liability for any damage or injury occurring in, on, around, upon, or to the Cathcart Park & Ride due to the acts or omissions of Community Transit, its agents, employees, contractors, invitees, and/or any other persons who may be in, on, around, or upon the Cathcart Park & Ride, with the express or implied consent of Community Transit in connection with the performance of Alterations, and Community Transit shall indemnify and hold the County harmless from and against the same.

2.1.4 Upon the termination of this Agreement, all fixed Alterations shall remain in and be surrendered with the Cathcart Park & Ride as a part thereof, unless, with respect to any Alteration, the County specifies in its consent to the construction of such Alteration that such Alteration must be removed prior to surrender, in which case Community Transit shall, prior to surrender, remove the Alteration in question and repair any damage to the areas caused by such removal.

2.1.5 Community Transit shall keep the Cathcart Park & Ride free from any liens arising out of work performed for, materials furnished to, or obligations incurred by, or on behalf of, Community Transit. Any construction liens filed against the Property for work claimed to have been furnished to Community Transit will be discharged by Community Transit, by bond or otherwise, within ten (10) days after the filing of the claim or lien, at Community Transit's sole cost and expense. Should Community Transit fail to discharge any such construction lien, the County may, at its election, pay that claim or post a bond or otherwise provide security to eliminate the lien as a claim against title, and the cost to the County shall be immediately due and payable by Community Transit. Community Transit shall indemnify and hold the County harmless from and against any liability arising from any such lien.

2.2 Access. Community Transit shall have continuous access to the Cathcart Park & Ride for the duration of this Agreement.

2.3 Maintenance.

2.3.1 Community Transit shall maintain, at its own costs, the Cathcart Park & Ride, including but not limited to pavement overlays, sidewalks, parking stall, security cameras, spot filling with asphalt, sweeping, cleaning and maintenance of catch basins, landscaping, snow removal, collection and disposal of litter and trash, removal of graffiti, repairs due to vandalism, signage, striping, lighting, and any maintenance of other fixtures that support the function of the park and ride area. In addition, Community Transit's maintenance obligations, including all costs associated therewith, include leveling and maintenance of the shelter structures, operator's restroom and amenities, passenger amenities, lighting, utilities, and any other fixtures that support the function of the transit operations area within the Property. Community Transit will report on its maintenance activities to the County annually by January 15 for the previous year (refer to "Maintenance Checklist" Attachment C).

2.3.2 Community Transit shall be solely responsible for providing any on-site security at the Cathcart Park & Ride, as it deems appropriate in its sole discretion, and which may include contracted law enforcement services through the Snohomish County Sheriff's Department.

2.3.3 Community Transit shall keep the Cathcart Park & Ride in a neat and safe condition, and create no fire, health, or safety hazard within the Cathcart Park & Ride.

3. GENERAL.

3.1 If a catastrophic failure occurs, excluding earthquake or other natural disasters, within the Cathcart Park & Ride, including, but not limited to, pavement failure or drainage system failure, Community Transit shall cease to operate the site as a park and ride facility, and this Agreement shall terminate as provided in Section 11 below. The County shall be responsible for all costs in taking appropriate action to assure public health and safety. However, the County will not be responsible to reconstruct the Cathcart Park & Ride or other park and ride facility.

3.2 Community Transit shall observe and obey all applicable state and County laws, rules, and regulations, and amendments thereto in performance of this Agreement.

3.3 Community Transit shall obtain and maintain all permits and licenses required by law for on-going operations or Alterations. By executing this Agreement, the County does not warrant whether any other permits or licenses are necessary or sufficient.

3.4 Community Transit shall obtain and maintain insurance as set out in Section 9.1.

3.5 Community Transit shall remove from Cathcart Park & Ride, on or before termination of this Agreement, all of its personal property. If such property is not removed in a timely fashion, the County shall have the right to remove, store, sell, or otherwise dispose of it at Community Transit's expense. Community Transit expressly agrees that any sale, public or private, may occur not less than thirty (30) days after the date of termination of this Agreement and may occur with or without notice from the County. The County shall not be liable to Community Transit for any loss or damage to Community Transit's property or any other property from theft, fire, or any other cause either before or after termination.

3.6 Community Transit shall comply with all rules and regulations of the County relating to the use of and conduct in the Park & Ride and require that its agents, employees, volunteers, invitees, or participants, comply with all rules and regulations of the County relating to the use of, and conduct in the Park & Ride.

4. MUTUAL DUTIES.

The County and Community Transit shall meet as needed to exchange, review, and discuss policies, development plans, levels of scheduled use, and procedures for Cathcart Park & Ride and to ensure that both parties are adhering to the terms and conditions of this Agreement.

4.2 Media Outreach. Community Transit will work with the County's Public Works

Communications Supervisor and the County's Executive's Office Communications Director to coordinate media outreach, requests for interviews, and media events for all activities at the Cathcart Park & Ride.

5. DISCLAIMER OF WARRANTIES.

PARK AND RIDE AGREEMENT

This PARK AND RIDE AGREEMENT ("Agreement") is entered into this 15 day of July, 2022, between Snohomish County, a political subdivision of the State of Washington ("County"), Snohomish County Public Transportation Benefit Area, a municipal corporation of the State of Washington ("Community Transit"), and Pacific Ridge-DRH, LLC, a Delaware limited liability company ("Pacific Ridge"), collectively referred to herein as the "Parties" and individually as a "Party."

RECITALS

A. Snohomish County and Pacific Ridge previously entered into a Real Estate Purchase and Sale Agreement dated April 15, 2020, with First, Second, Third, Fourth, and Fifth Amendments thereto (the "Purchase and Sale Agreement"), wherein County agreed to sell to Pacific Ridge and Pacific Ridge agreed to purchase from County approximately 31 acres of land located at the southwest corner of the intersection of Cathcart Way and State Route 9 in unincorporated Snohomish County, identified as Snohomish County Assessor's Tax Parcel No. 280536001100 (the "Property").

B. As part of the Purchase and Sale Agreement, Pacific Ridge has agreed to construct a Park and Ride Facility, including related stormwater facilities ("Park & Ride") on County-owned adjoining property with Tax Parcel Nos. 004038-000-156-00, 004038-000-141-02 and 004038-000-141-01 (the "County Property"), in consideration for a reduced purchase price as provided for in the Purchase and Sale Agreement.

C. Pacific Ridge has submitted civil construction plans (the "Construction Plans") to Snohomish County Planning and Development Services ("PDS"), seeking approval of a Conditional Use Permit (application 21-113268CUP) and a Land Disturbing Activity permit (application 21-113267LDA). The Construction Plans are attached hereto and incorporated herein as Exhibit A. Prior to submitting the Construction Plans to PDS, the County's Public Works Department and Community Transit reviewed and approved the Construction Plans for purposes of the Purchase and Sale Agreement.

D. Based on the Construction Plans and pursuant to the Purchase and Sale Agreement, the Parties now seek to memorialize in this Agreement the terms and conditions for the construction of the Park and Ride.

E. Nothing in this Agreement shall be used to alter, amend or otherwise change the terms of the Purchase and Sale Agreement.

The parties therefore agree as follows:

AGREEMENT

1. PROJECT DESIGN AND CONSTRUCTION

1.1 Construction of Park & Ride. In exchange for a reduction in the sale price in the Purchase and Sale Agreement, Pacific Ridge will construct, at its sole expense, the Park & Ride on the County Property, including but not limited to, clearing, grading, installation of utilities, storage of construction materials and equipment, installation of landscaping, mitigating for critical area and/or associated buffer as contained in the LDA permit application No. 21-113267LDA and as amended and as permitted by applicable government authorities, and installation of infrastructure, meaning Pacific Ridge's own construction materials and the materials needed by Community Transit for its bolt-in and above-ground improvements, necessary for constructing the Park & Ride and expanding the Park & Ride to within approximately 100 feet of the southern boundary line of the County Property. The Park & Ride will be constructed consistent with the Construction Plans and the ~~specifications described in Exhibit A.~~ The Park & Ride shall be constructed in accordance with the requirements of this Agreement and with generally accepted practices prevailing in the western Washington region for the design and construction of transit infrastructure. Any materials or equipment used by Pacific Ridge, its agents and contractors, in connection with the construction of the Park & Ride shall be of good quality. Pacific Ridge represents that it is fully qualified to construct the Park & Ride, and the Park & Ride will be constructed in a competent and professional manner. When Pacific Ridge has completed any discrete portion of construction, Pacific Ridge shall verify that the work is free from errors and defects and otherwise conforms to the requirements of the Construction Plans and this Agreement. Pacific Ridge shall receive no additional discount under the Purchase and Sale Agreement for time spent correcting errors.

found in Exhibit A and the specification described in Exhibit B.
ST.

12/17
7/12/22

1.2 Permitting. Consistent with Recital C above, Pacific Ridge, at its sole expense, has submitted for and will obtain the necessary permits and approvals for construction of the Park & Ride based on Pacific Ridge's internal construction schedule. To the extent any other signatures or approvals are necessary from either the County or Community Transit to effectuate any application or permitting materials, the Parties agree to cooperate reasonably and not unreasonably withhold any necessary signatures, approvals or authorizations. In all events, Pacific Ridge shall obtain all permits and approvals, and construct the Park and Ride, prior to obtaining final occupancy permits for Phase 3 as set forth in the "Schedule 2 to Exhibit C Phasing Plan" map contained within the Fifth Amendment to the Purchase and Sale Agreement.

1.3 Temporary Construction Easement. The County shall provide a temporary construction easement, in a form to be mutually agreed upon by the Parties at a later date, to Pacific Ridge to construct the Park & Ride including associated stormwater facilities. The temporary construction easement shall permit construction of the Park & Ride as well as road improvements adjoining the existing 148th ST. SE (unopened ROW) to complete the ultimate road section to the satisfaction of Snohomish County in accordance with the proposed development and

Park & Ride plans submitted by Pacific Ridge. Pacific Ridge shall provide the legal description and easement diagram and shall further pay any recording fees necessary to finalize and record the temporary construction easement.

1.4 Operations and Maintenance Agreement. Community Transit and the County shall negotiate and enter into an Operations and Maintenance Agreement for the Park & Ride at a later date but prior to completion of the Park & Ride. At this time this is anticipated to be approximately March 2025.

1.5 Warranty. Pacific Ridge, on behalf of itself, its agents and contractors, warrants and guarantees for a period of one (1) year, as measured from the date of project completion as defined in Section 3.1 below, to County that all work on the Park & Ride will be in accordance with the Construction Plans and will not be defective. All warranties and guarantees from any materials or products used by Pacific Ridge, its agents and contractors, in construction of the Park & Ride shall run to the benefit of the County. At conclusion of the warranty period, Pacific Ridge shall at its cost promptly make all repairs arising out of defective materials, workmanship or equipment, upon the receipt of notice in writing from the County or Community Transit. During the warranty period, the County, within 30 days of discovery of any defect, shall notify Pacific Ridge of said defect. If Pacific Ridge fails to make or undertake the repairs with due diligence, as defined by the County or Community Transit, the County or Community Transit may make such repairs, and the expenses in connection therewith shall be charged to Pacific Ridge.

1.6 Covenant to Cooperate. During the term of this Agreement, should it become necessary or convenient for Pacific Ridge to enter in, on, over, under or above a right-of-way owned by WSDOT or any utility or impact any equipment owned by WSDOT or any utility, Pacific Ridge shall notify the County, and the County shall cooperate in Pacific Ridge's efforts to coordinate with WSDOT and/or the utility to obtain any required approvals and/or permits authorizing such activity.

2. OTHER TERMS

2.1 Conflicting Terms. Nothing in this Agreement shall be used to alter, amend or otherwise change the terms of the Purchase and Sale Agreement. In the event any term or agreement herein conflicts with the Purchase and Sale Agreement, the terms of the Purchase and Sale Agreement shall prevail.

2.2 Independent Contractor. Pacific Ridge agrees that Pacific Ridge will perform the services under this Agreement as an independent contractor and not as an agent, employee, or servant of the County or Community Transit. This Agreement neither constitutes nor creates an employer-employee relationship. The parties agree that Pacific Ridge is not entitled to any benefits or rights enjoyed by employees of the County or Community Transit. Pacific Ridge specifically has the right to direct and control Pacific Ridge's own activities in providing the agreed services in accordance with the specifications set out in this Agreement. The County shall only have the right to ensure performance.

Pacific Ridge shall furnish, employ and have exclusive control of all persons to be engaged in performing Pacific Ridge's obligations under this Agreement (the "Pacific Ridge personnel"), and shall prescribe and control the means and methods of performing such obligations by providing adequate and proper supervision. Such Pacific Ridge personnel shall for all purposes be solely the employees or agents of Pacific Ridge and shall not be deemed to be employees or agents of the County or Community Transit for any purposes whatsoever. With respect to Pacific Ridge personnel, Pacific Ridge shall be solely responsible for compliance with all rules, laws and regulations relating to employment of labor, hours of labor, working conditions, payment of wages and payment of taxes, including applicable contributions from Pacific Ridge personnel when required by law.

Because it is an independent contractor, Pacific Ridge shall be responsible for all obligations relating to federal income tax, self-employment or FICA taxes and contributions, and all other so-called employer taxes and contributions including, but not limited to, industrial insurance (workers' compensation). Pacific Ridge agrees to indemnify, defend and hold the County and Community Transit harmless from any and all claims, valid or otherwise, made to the County or Community Transit because of these obligations.

Pacific Ridge assumes full responsibility for the payment of all payroll taxes, use, sales, income, or other form of taxes, fees, licenses, excises or payments required by any city, county, federal or state legislation which are now or may during the term of the Agreement be enacted as to all persons employed by Pacific Ridge and as to all duties, activities and requirements by Pacific Ridge in performance of the work under this Agreement. Pacific Ridge shall assume exclusive liability therefor, and shall meet all requirements thereunder pursuant to any rules or regulations that are now or may be promulgated in connection therewith.

2.3 Assignment. Pacific Ridge shall not assign or delegate any of the rights, duties or obligations covered by this Agreement without prior express written consent of the County and Community Transit, such consent not to be unreasonably withheld.

2.4 Adequate Records. Pacific Ridge shall maintain adequate records to the purchase price reduction to the Purchase and Sale Agreement. Said records shall be maintained for a period of seven (7) years after completion of this Agreement by Pacific Ridge. The County or any of its duly authorized representatives shall have access at reasonable times to any books, documents, papers and records of Pacific Ridge which are directly related to this Agreement for the purposes of making audit examinations, obtaining excerpts, transcripts or copies, and ensuring compliance by the County with applicable laws.

2.5 County Non-discrimination. It is the policy of the County to reject discrimination which denies equal treatment to any individual because of his or her race, creed, color, national origin, families with children, sex, marital status, sexual orientation, age, honorably discharged veteran or military status, or the presence of any sensory, mental, or physical disability or the use of a trained dog guide or service animal by a person with a disability as provided in Washington's Law against

Discrimination, Chapter 49.60 RCW, and the Snohomish County Human Rights Ordinance, Chapter 2.460 SCC. These laws protect against specific forms of discrimination in employment, credit transactions, public accommodation, housing, county facilities and services, and county contracts.

Pacific Ridge shall comply with the substantive requirements of Chapter 2.460 SCC, which are incorporated herein by this reference. Execution of this Agreement constitutes a certification by Pacific Ridge of Pacific Ridge's compliance with the requirements of Chapter 2.460 SCC. If Pacific Ridge is found to have violated this provision, or to have furnished false or misleading information in an investigation or proceeding conducted pursuant to this Agreement or Chapter 2.460 SCC, this Agreement may be subject to a declaration of default and termination at the County's discretion. This provision shall not affect Pacific Ridge's obligations under other federal, state, or local laws against discrimination.

2.6 Federal Non-discrimination. The County assures that no persons shall on the grounds of race, color, and national origin as provided by Title VI of the Civil Rights Act of 1964 (Pub. L. No. 88-352), as amended, and the Civil Rights Restoration Act of 1987 (Pub. L. No. 100-259) be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any operation of Snohomish County Public Works. The County further assures that every effort will be made to ensure nondiscrimination in all of its operations, whether those programs and activities are federally funded or not. During the performance of this Agreement, the Parties agree to comply with all of the terms required by Appendices A, D and E, attached hereto and incorporated by this reference at Exhibit C.

2.7 Public Records Act. This Agreement and all public records associated with this Agreement shall be available from the County and Community Transit for inspection and copying by the public where required by the Public Records Act, Chapter 42.56 RCW (the "Act"). To the extent that public records then in the custody of Pacific Ridge are needed for the County or Community Transit to respond to a request under the Act, as determined by the County or Community Transit, Pacific Ridge agrees to make them promptly available to the County or Community Transit, as the case may be. If Pacific Ridge considers any portion of any record provided to the County or Community Transit under this Agreement, whether in electronic or hard copy form, to be protected from disclosure under law, Pacific Ridge shall clearly identify any specific information that it claims to be confidential or proprietary. If the County or Community Transit receives a request under the Act to inspect or copy the information so identified by Pacific Ridge and the County or Community Transit, as the case may be, determines that release of the information is required by the Act or otherwise appropriate, the County's and/or Community Transit's sole obligations shall be to notify Pacific Ridge (a) of the request and (b) of the date that such information will be released to the requester unless Pacific Ridge obtains a court order to enjoin that disclosure pursuant to RCW 42.56.540. If Pacific Ridge fails to timely obtain a court order enjoining disclosure, the County or Community Transit will release the requested information on the date specified.

The County and Community Transit have, and by this section assume, no obligation on behalf of Pacific Ridge to claim any exemption from disclosure under the Act. Neither the County nor Community Transit shall not be liable to Pacific Ridge for releasing records not clearly identified by Pacific Ridge as confidential or proprietary. Neither the County nor Community Transit shall not be liable to Pacific Ridge for any records that the County releases in compliance with this section or in compliance with an order of a court of competent jurisdiction.

2.8 Prevailing Wage. Pacific Ridge and any subcontractors engaged in performing work under this Agreement shall pay all workers, laborers, or mechanics an amount not less than the prevailing rate of wages established for each trade or occupation as established by the Washington Department of Labor and Industries. It is Pacific Ridge's responsibility to ensure compliance with all requirements of chapter 39.12 RCW and to determine the appropriate classifications and verify the applicable prevailing wage rates. A worker, laborer, or mechanic whose type of work is not covered by any of the prevailing wage classifications and rates established by the Department of Labor and Industries shall be paid not less than the rate of wage listed for the classification which most nearly corresponds to the type of work to be performed, or as determined by the Industrial Statistician of the Washington Department of Labor and Industries. Neither the County nor Community Transit guarantee that labor can be procured for the minimum wages provided for in the applicable prevailing wages.

Before commencing work on the Park & Ride, Pacific Ridge and all subcontractors shall file with the County a "Statement of Intent to Pay Prevailing Wages" approved by the Washington State Department of Labor and Industries certifying the rate of hourly wage to be paid each classification of worker, laborer, or mechanic to be employed by Pacific Ridge and any subcontractors. Such rates of hourly wage shall not be less than the prevailing wage rate. Following final acceptance of the Park & Ride, the County must receive from Pacific Ridge and each subcontractor a copy of the "Affidavit of Wages Paid" approved by the State Department of Labor and Industries. Pacific Ridge and each subcontractor shall pay all fees associated with and make all applications directly to the Department of Labor and Industries. Forms may be obtained from the Department of Labor and Industries.

Disputes regarding prevailing wage rates shall be referred for arbitration to the Director of the Department of Labor and Industries. The arbitration decision shall be final and conclusive and binding on all parties involved in the dispute as provided for by RCW 39.12.060.

2.9 Payment and Performance Bond; Retainage Bond. Prior to breaking ground on the Park and Ride, Pacific Ridge shall provide the County with (1) a payment and performance bond consistent with the requirements of RCW 39.08.010, and (2) a retainage bond consistent with the requirements of RCW 60.28.011. Both the payment and performance bond and the surety bond must be in a form and with a surety acceptable to the County. The bonding company (surety) must be registered with the Washington State Insurance Commissioner, appear on the current Authorized List in the State of Washington published by the Office of the Insurance

Commissioner, have a current rating of at least A-VII in A.M. Best's Key Rating Guide, and be included in the U.S. Department of the Treasury's Listing of Approved Sureties (Circular 570). The premium cost for the bonds provided under this Agreement shall be the sole responsibility of Pacific Ridge.

3. TERM AND TERMINATION

3.1 Term. This Agreement shall take full force and effect upon execution and shall remain in effect until the Park & Ride and associated stormwater facilities are completed or as otherwise provided for in the Purchase and Sale Agreement, PROVIDED, that the County's obligations after December 31, 2022, are contingent upon local legislative appropriation of necessary funds for this specific purpose in accordance with the County Charter and applicable law. The Park & Ride shall be completed prior to occupation of any residential structure within the third phase of the Project, as described in Section 1.2 above.

3.2 Termination for Breach. If Pacific Ridge breaches any of its obligations hereunder, and fails to cure the same within thirty (30) days of written notice to do so by the County, the County may terminate this Agreement. Termination by the County hereunder shall not affect the rights of any Party provided under any other section or paragraph herein, including the rights of the County under Section 2.9 above. The County's permitting obligations under this agreement extend only to the assistance Public Works is providing in applying for the permits and does not extend to any kind of guarantee that PDS will approve the permits as submitted. If the County breach any of their obligations hereunder, such as those described in Sections 1.2, 1.3, 1.4, and 1.6 above, and fail to cure the same within thirty (30) days of written notice to do so by Pacific Ridge, Pacific Ridge may seek any available legal remedies to ensure completion of the Park & Ride pursuant to the terms of this Agreement, including but not limited to declaratory judgment, injunctive relief, and specific performance or may terminate this Agreement. Termination does not waive, release or forego any legal remedy, including recovery for specific performance, for any violation, breach or non-performance of any of the provisions of this Agreement.

4. INSURANCE AND INDEMNIFICATION

Pacific Ridge shall ensure that all contractors, subcontractors, and consultants, and all work performed under this Agreement is insured consistent with industry best practices. Pacific Ridge shall obtain indemnification, defense and hold harmless agreements from all contractors, subcontractors, and consultants as provided for under the laws of the State of Washington in a manner so as to indemnify, defend and hold harmless the County, Pacific Ridge, and Community Transit for all work performed to complete the Project.

5. NOTICE

All communications regarding this Agreement shall be sent to the parties at the addresses specified in this Section 5. Any written notice shall become effective upon delivery, but in any event three (3) calendar days after the date of mailing by

registered or certified mail, and shall be deemed sufficiently given if sent to the addressee at the address stated in this section.

6. MISCELLANEOUS.

6.1 Compliance with Laws. The parties shall comply with all federal, state and local laws, rules and regulations throughout every aspect in the performance of this Agreement.

6.2 Nonwaiver of Breach. The failure of a party to insist upon strict performance of any of the terms and rights contained herein, or to exercise any option herein conferred in one or more instances, shall not be constructed to be a waiver or relinquishment of those terms and rights and they shall remain in full force and effect

6.3 Governing Law. This Agreement shall be governed and construed in accordance with the laws of the State of Washington. The venue of any action arising out of this Agreement shall be in the Superior Court of the State of Washington, in and for Snohomish County.

6.4 Dispute Resolution. In the event differences between the parties should arise over the terms and conditions or the performance of this Agreement, the parties shall use their best efforts to resolve those differences on an informal basis. If those differences cannot be resolved informally, the matter shall be referred for mediation to a mediator mutually selected by the parties. If mediation is not successful, either of the parties may institute legal action for specific performance of this Agreement or for damages.

6.5 Attorney's Fees. To the extent not inconsistent with RCW 39.04.240, in any claim or lawsuit for damages arising from the parties' performance of this Agreement, each party shall be responsible for payment of its own legal costs and

attorney's fees incurred in defending or bringing such claim or lawsuit; however, nothing in this subsection shall limit a party's right to indemnification under Section 4 of this Agreement.

6.6 Modification. No waiver, alteration, or modification of any of the provisions of this Agreement shall be valid or binding unless in writing and executed by both parties.

6.7 Severability. If any one or more sections, sub-sections, or sentences of this Agreement are held to be unconstitutional or invalid, that decision shall not affect the validity of the remaining portion of this Agreement and the remainder shall remain in full force and effect.

6.8 Relationship. It is understood and agreed that no agency, employment, joint venture, co-employer or partnership is created by this Agreement. No party shall (i) have the power or authority to act for another in any manner to create obligations or debts which would be binding upon another, and; (ii) be responsible for any obligation or expense whatsoever of another.

6.9 Force Majeure. A party will not be in breach of this Agreement if unable to perform its respective obligations as a result of the occurrence of an event of "force majeure," which shall include, but not be limited to, acts of God, acts of the government of the United States or of any state or political subdivision thereof, strikes, civil riots or disturbances, fire, floods, explosions, earthquakes, wind, storms, hurricanes, lightning or other similar catastrophes or other causes beyond the parties' reasonable control. All work under this Agreement shall commence or recommence at a reasonably immediate time after any event of "force majeure."

6.10 Entire Agreement. The written provisions and terms of this Agreement, together with any attached Exhibits, supersede all prior verbal statements by any representative of the County, and those statements shall not be construed as forming a part of or altering in any manner this agreement. This Agreement and any attached Exhibits contain the entire Agreement between the parties. Should any language in any Exhibit to this Agreement conflict with any language contained in this Agreement, the terms of this Agreement shall prevail.

6.11 Binding Nature. The rights and responsibilities contained in this Agreement shall inure to the benefit of and are binding upon the Parties and their respective successors in interest and assigns.

6.12 Counterparts. The parties may sign this Agreement in several counterparts, each of which will be deemed an original but all of which together will constitute one instrument.

6.13 Effective date. This Agreement will become effective when all the parties have signed it. The date this agreement is signed by the last party to sign it will be deemed the date of this Agreement.

6.14 Corporate Approval of Buyer. Notwithstanding any other provision contained in this Agreement to the contrary, this Agreement shall not be a valid and enforceable obligation of Pacific Ridge unless it is executed by either one of Donald R. Horton, David Auld, Bill Wheat, Michael J. Murray or J. EXHIBIT B - SCOPE OF WORK

Pacific Ridge will construct the Park & Ride described in this Agreement consistent with the Construction Plans and including the following standards, features, and provisions:

1. Pacific Ridge shall coordinate the design of the Park & Ride with Community Transit and the County.
2. The Park & Ride will be designed and constructed in accordance with SCC Title 30 Unified Development Code, the Engineering Design & Development Standards (EDDS) and other applicable provisions of County Code.
3. In the design and construction of the Park & Ride, Pacific Ridge shall utilize Crime Prevention Through Environmental Design principles applicable to a transit park & ride facility.
4. The Park & Ride shall provide a minimum of 150 parking stalls.
5. The Park & Ride shall be engineered by a registered State of Washington Professional Engineer (PE) Civil for site specific transit uses
6. Parking stall and access aisle surfaces shall be even and smooth, with surface slopes not exceeding 2%.
7. The Park & Ride shall include suitable pavement markings and signage for safe and efficient use by all users of the facility, as determined by the County and Community Transit.
8. The Park & Ride shall include cement concrete vertical curb along the facility perimeter, landscape islands and a transit platform, consistent with the Construction Plans. In addition, the Park & Ride shall include a cement concrete rolled curb on the outside of the bus circulation route, so as to provide additional bus clearance.
9. The transit platform shall be raised six (6) inches above adjacent pavement for passenger safety.
10. Pacific Ridge shall design traffic flows circulating within the lot to minimize conflicting movements between modes (vehicular, pedestrian, bus, and bicycle).
11. Parking stalls shall be ADA-compliant and located close to transit platform.
12. Passenger circulation routes shall be ADA-compliant.
13. Parking stalls shall be aligned to facilitate convenient pedestrian movement toward the transit platform, as determined by the County and Community Transit.
14. Except where not feasible as determined by the County and Community Transit, internal circulation shall be two-way with 90-degree parking stalls.
15. Pacific Ridge will provide clear internal circulation signing for all modes (vehicular, pedestrian, bus, and bicycle).
16. Stormwater detention and water quality treatment facilities shall be constructed in accordance with County codes.
17. Pacific Ridge shall design and construct the Park & Ride to provide suitable space and locations, as determined by the County and Community Transit, for passenger transit shelters, transit schedule signage, bicycle racks and trash receptacles, provided, however, that Community Transit shall provide passenger shelters, transit schedule signage and bicycle racks.

18. The transit passenger platform shall be located at the north end of the facility to provide closer proximity to the Pacific Ridge-constructed bus pull-out on the north side of 148th Street SE.
19. Per County Code and EDDS, Pacific Ridge shall construct the Park & Ride to provide sufficient slope for surface drainage to avoid the ponding of water.
20. Pacific Ridge shall provide an appropriately sized concrete pad for Community Transit's portable restroom facility (porta potty).
21. Pacific Ridge shall provide landscaping in accordance with County code. Landscaping may not obscure visibility of passengers on the transit platform or interfere with transit bus movements at the transit loading platform.
22. Pacific Ridge shall design and construct the Park & Ride to avoid mixing of vehicular and bus traffic.
23. Pacific Ridge shall provide illumination for safety and security purposes. Illumination poles must be suitable for mounting of luminaires and security camera devices, provided, however, the County will provide any security camera devices.
24. Pacific Ridge will provide conduits, power and fiber for security cameras/devices and future EV charging stations as follows:
 - Security Cameras – 2" fiber (data) conduit and sufficient continuous power to every light pole within the Park & Ride.
 - EV Charging – 2" home run fiber (data) conduit and sufficient home run continuous power to the parking areas both on the east and west sides of the Park & Ride facility shown as A and B on the map below:

- Off-site 4" fiber conduit with three 1.25" fiber innerducts from the north side of Cathcart Way, south along 87th Ave SE and east along 148th ST SE behind the back of the sidewalk as shown in EDDS drawing 8-020 and the conceptual plan below.
- Place junction boxes at the beginning and end of fiber and power runs. Place metal location wire/tape along all fiber runs to allow for future location/detection.
