

## Snohomish County Council

**Committee:** Planning & Community Development      **Analyst:** Ryan Countryman

**ECAF:** 2021-1113      **Date:** January 18, 2022

### **Consideration**

Annual County Council briefing and review of the Hazard Mitigation Plan.

### **Background**

The Department of Emergency Management (DEM), along with other County departments, local jurisdictions, tribal nations, and special purpose districts, completes and submits a Hazard Mitigation Plan (HMP) to the Federal Emergency Management Agency (FEMA). Completion of the first HMP was in 2005, with updates in 2010, 2015, and 2020. The process to maintain the plan requires annual progress reports submitted to the County Council for their review. Briefing by DEM staff on January 18, 2022, at Planning and Community Development Committee will satisfy a documentation standards certification process deadline of February 7, 2022, for council review (CRS Section 510).
