BRIEF DESCRIPTION:

The Information Technology Department requests the use of a “piggyback” or “cooperative purchase” under SCC 3.04.22 utilizing a competitive bid issued and awarded by the National Association of State Procurement Professionals (NASPO). An interlocal (ILA) agreement between Snohomish County and NASPO authorizing cooperative purchases was approved pursuant to SCC 3.04.210 by the County Council under Motion 13-245 and is currently in effect.

The Arizona State Procurement Office, in furtherance of the NASPO ValuePoint Cooperative Purchasing Program (NASPO ValuePoint) issued competitive solicitation number BPM002338 for Software VAR Services on September 14, 2020. The RFP contained three categories, with Category I separated into three tiers. The RFP was awarded to three proposers. Issuing a county competition is not expected to result in a difference of supplier, and is anticipated to result in potentially higher pricing.

The purchase of this software and support provides continuous network monitoring and protection for more rapid response to potential security incidents.
