Why would you like to serve on this board/commission?	I was introduced to this opportunity by Rob Bodkin, who was kind enough to walk me through what the role entails. It resonated with me immediately — I've been looking for a meaningful way to apply my real estate knowledge in service of my community outside of my private practice, and this feels like a natural fit.
Please explain why you are a qualified candidate, including relevant professional experience, to serve on the board/commission.	<p>My background as a real estate appraiser, combined with my current work in Learning and Development, makes me well-suited for this role. In my day-to-day work, I help appraisers develop more thorough analytical skills and adopt more robust data-driven methodologies — ultimately so they can better serve their clients and the people who rely on their work, including homeowners who may have little familiarity with how real estate valuation works.</p> <p>That last piece feels especially relevant to the Board of Equalization. Property owners who come before the board are often navigating a process they don't fully understand, and having a board member who not only understands valuation deeply but is also practiced at translating complex concepts into accessible, understandable terms can make a real difference in how fairly and transparently those hearings are conducted. I believe I can bring both the technical knowledge and the communication skills this role calls for.</p>
Please list community involvement/volunteer activities	I am currently looking for volunteer opportunities since moving to Snohomish, though in the past I was a very active volunteer at Trinity Episcopal Church (running the youth group programs, member of the vestry, and Stewardship and Sustainability team).
How did you learn of this opportunity?	It was recommended to be by Rob Bodkin who currently sits on the board.
Do you currently serve on a Snohomish County board or commission?*	No
