Background: The 2024 Budget adopted through Amended Ordinance 23-121 allowed for the addition of 5 FTE in the General Fund, and 45 FTE across all other funds countywide throughout the course of the year. Increases in FTE amounts above what was adopted in the budget are subject to Council approval by motion. To date 7.5 non-general fund FTE have either been approved.

Superior Court has received additional grant funding from the North Sound Behavioral Health Administrative Services Organization (NSBHASO) for Assisted Outpatient Therapy in their Recovery Court Division. Since the grant was awarded after the '25-'26 budget development, a friendly amendment will also be requested to add the additional FTE and associated funding in the '25-'26 budget.

Requested Action: For Council to consider taking action.
