I am eager to serve on the board because I have a deep passion

Why would you like to serve on this board/commission?

for supporting law enforcement and the criminal justice system. For the past few years, I have had the privilege of working closely with local law enforcement through my nonprofit organization. As my nonprofit work comes to a close and I transition to focusing on my Peer Support certification, I am eager to continue contributing to my community in meaningful ways. Serving on the board would allow me to do so by supporting the vital work of law enforcement, and by ensuring that justice and fairness remain at the forefront of the system.

Additionally, my personal experience with the criminal justice system has profoundly shaped my dedication to law enforcement and justice. I am 11 years sober, and I firmly believe that the intervention of law enforcement and the criminal justice system played a pivotal role in saving my life. I am deeply grateful for their service to the community, and I want to give back by using my experience, both personal and professional, to positively impact others. I believe I can bring a unique perspective to the board, one shaped by my background in nonprofit work, my commitment to peer support, and my deep respect for law enforcement and the justice system.

Please explain why you are a qualified candidate, including relevant professional experience, to serve on the board/commission.

I am a qualified candidate for the Law and Justice Board Commission because of my extensive experience supporting local law enforcement, my deep understanding of the criminal justice system, and my personal commitment to community service. Over the past few years, I have worked closely with law enforcement through my nonprofit, providing support and advocating for their work in the community. This hands-on experience has given me valuable insight into the challenges and complexities law enforcement faces, and I am passionate about continuing to support them in new and impactful ways.

Additionally, I am currently working towards my Peer Support certification, which underscores my commitment to helping others and understanding the importance of emotional and psychological support in challenging environments. My qualifications are further strengthened by my personal journey—I am 11 years sober, and I credit law enforcement and the criminal justice system for playing a critical role in my recovery. This experience has given me a unique perspective on the intersection of law enforcement, justice, and rehabilitation.

With my background in nonprofit work, peer support, and lived experience, I bring a diverse set of skills and perspectives that would contribute positively to the commission's goals. I am dedicated to serving the community, promoting justice, and ensuring that law enforcement's role in society continues to evolve in a way that is fair, compassionate, and effective.
