Background: The State of Washington Legislature established the PSTAA account pursuant to RCW 43.79.520¹ and Snohomish County is estimated to receive approximately \$79 million between 2019 and 2036.

On March 10, 2021, the Snohomish County Council passed Amended Motion 21-089 providing direction to develop Interlocal Agreements with the school districts and higher education institutions with students located inside the regional transit authority's boundaries.²

On September 22, 2021, the Snohomish County Council approved Interlocal Agreements for each participating school and adopting their proposed Services and Expenditure plans for the 2021-2022 Program Year³.

Motion 22-282⁴, adopted by Council on July 13, 2022, updated the direction for the allocation of revenues making changes to alleviate administratively burdensome components of the funding allocation requirements. Exhibit A to the motion assigns 33% of PSTAA funding to three higher education institutions and divides that funding evenly among them. School Districts receive 67% of the allocation and it is distributed according to their percentage of students residing in the Sound Transit Regional Transit Authority (RTA).

Snohomish County is developing an Interlocal Agreement with the Snohomish School District for the receipt of PSTAA funds. Marysville has few students residing in the RTA and has not developed a PSTAA Interlocal Agreement.

Each Interlocal Agreement requires participating schools to submit a Services and Expenditure Plan by June 30 for the upcoming program year (2023-2024) and a report on the performance of the prior program year (2022-2023) on October 30. A summary of spending plans from 2022-2023 is attached for reference.

Requested Action: Move to GLS on December 13, 2023, for consideration.

		Recipient: Imagine Children's Museum Scope: (1) Design of education hands-on experiences for multilingual learners and their families in STEM (2) support scholarships for multilingual learners in the preschool program as well as low-income scholarships	Hire a multilingual certificated teacher to participate in the early learning assessment team responsible for assessment, evaluation and referrals to developmental preschool services. This position will support families through this process. The goal is to reduce the number of multilingual students qualifying for early learning special education services unless their needs are severe, and to increase the number of students utilizing the district's multi-tiered system of supports (MTSS) to access the appropriate level of services where and when needed without the need for an Individualized Education Plan (IEP). This allows the student to transition into kindergarten within the general education setting. Funding supports 0.3 FTE for 1.5 days/week.
