Subject: Engineering Services for Paine Field Runway 16R-34L

Scope: The Snohomish County Airport is contracting with Jacobs Engineering Group Inc., for services related to the rehabilitation of runway 16R-34L.

Motion 26-199 approves the contract for the final phase of engineering for the project, known as Part C. This contract is for construction phase services, including:

- the development of project instructions,
- a project site safety plan,
- project management and administration,
- construction management and site visits,
- quality assurance testing,
- an FAA Format Construction Closeout Report,
- and completed record (as-built) drawings.

Duration: Execution through December 31, 2028, with no new work allowed after December 31, 2027. If necessary, the County may grant additional time on the contract.

Fiscal Impact: Current Year Multi-Year N/A

| Expenditures | Current Year | 2027 | 2028 | 2029 | 2030 | Total |
|--|--------------------|------------------|----------|----------|----------|--------------------|
| 410.521680.4101 - Professional Services | \$1,400,000 | \$268,663 | | | | \$1,668,663 |
| Totals | \$1,400,000 | \$268,663 | 0 | 0 | 0 | \$1,668,663 |

| Revenue | Current Year | 2027 | 2028 | 2029 | 2030 | Total |
|-----------------------------------|--------------------|------------------|----------|----------|----------|--------------------|
| 410.621680.0800 - Fund Balance | \$1,400,000 | \$268,663 | | | | \$1,668,663 |
| Totals | \$1,400,000 | \$268,663 | 0 | 0 | 0 | \$1,668,663 |

Authority Granted: Motion 26-199 authorizes the County Executive to execute a professional services contract for Runway 16R-34L Engineering Services – Part C with Jacobs Engineering Group Inc. not to exceed \$1,668,663.

Background: Snohomish County Airport requires Airfield engineering services in order to accomplish the rehabilitation of the northern 3,500' of the airport's Runway 16R-34L. Jacobs Engineering Group Inc. (Jacobs) was selected on the basis of their qualifications to do the work as identified in RFQ 24-003BC. The project will preserve the useful life of the pavement and bring the runway up to current Federal design standards.
