

Snohomish County Council

Committee: LJHS
ECAF: 22-1308
Proposal: Mot. 22-552

Analyst: Heidi Beazizo
Date: January 3, 2023

Consideration

The Executive's Office requests Council consider approving proposed Motion 22-552 which would approve and authorize an Interlocal Agreement between Snohomish County and the Monroe School District for Trauma-Informed Practices Consultation.

Background

Snohomish County acts as an intermediary to several school districts in Snohomish County to facilitate the completion of Trauma-Informed Practices training of district staff. This agreement with the Monroe School District (MSD) was included in the grant work plan, however, the amount of revenue expected is more than \$50,000 over what was included in the grant work plan due to an increased scope of services. MSD has decided to provide this training to all nine (9) schools as well as the district office which increased the expected revenue.

The consultation will be provided by Continua Consulting Group LLC to include staff development opportunities, supporting school administration to adapt and align school policies and procedures to reflect trauma-informed approaches and facilitate the installation of evidence-based, sustainable, trauma-informed best practices within a Multi-Tiered System of Support (MTSS) framework.
