## **Courthouse Project Update 4.23.21**

WRITTEN UPDATE IN LIEU OF PHYSICAL MEETING MONTHLY MEETING SERIES: next scheduled instance, 4.29.2021 New and/or updated items indicated by bold italics

#### 1. Schedule

#### a. Schedule

#### Current Status:

- COVID-19 EFFECTS: Snohomish County has denied Hoffman Construction's claim for compensable schedule time related to the pandemic but has reached consensus with Hoffman on some COVID-compliance costs. Those costs are reflected in a recent executed change order.
- The County considers the pandemic to be a force majeure event. Both Hoffman and Performance continue to fulfill their contractual obligations in reporting potential cost and schedule impacts, and both continue to follow state guidelines in performing their work.
- Due to the pandemic's impacts upon labor availability and supply chain, building user groups will remain in temporary offices longer than originally scheduled.
- The exact length of any schedule delays is still being calculated and is based on pandemic-related impacts.

### b. Upcoming Activities – see also 5.a-5.b. and 6.a.-6.c.

Complete fireproofing, ceilings, and overhead MEP (mechanical, electrical, and plumbing) in the building; complete and then paint drywall in the reconfigured spaces on Levels 3 and 5, including District Court Probation Urinalysis; install seismic collector plates over Courtroom 5B; complete renovations in the central public corridor of Level 5; continue transforming the former Level 3, 4, and 5 restrooms into family restrooms and janitor's closets; complete drywall in Courtroom 4A and its support spaces; complete transforming the vacated Courtroom C3O4 and nearby rooms into Courtroom 3C and its support spaces; install ceiling grid in the corridor outside Courtrooms 3E and 3F; commission Courthouse elevator cars 1 and 2; complete renovations in and above Courtroom 3E and associated jury room.

### c. Progress to Date

Framed and sheetrocked a new vestibule and jury restroom on Level 3; turned over two renovated Superior Court Commissioner offices and the Sheriff's Office Records bullpen area; completed the south seismic shearwall; installed seismic collector plates on the north side of Level 3; completed demolition and abatement on the fourth and fifth floors and most of the third; framed and fireproofed the future Courtroom 4A and associated spaces; completed the concrete masonry walls for Courtroom 4A's holding area; turned over Courtroom 3F and the new Sheriff's Office public lobby; began installing overhead MEP and in-wall electrical on the top three floors; remodeled the existing Courthouse public elevators.

#### 2. Contract Metrics

- a. Hoffman given Notice To Proceed: 7/30/2018
- b. Phase 1 Completion: 3/12/20
- c. Phase 2 Substantial Completion: Estimated to shift to approximately 6/29/21 due to COVID-related schedule adjustments. The Project Team is working closely with Hoffman Construction and Performance Abatement to minimize COVID-related schedule impacts to the maximum extent possible. However, further adjustments to scheduled completion may be necessary due to continued COVID-related impacts. The Project Team will inform stakeholders when schedule adjustments become necessary and are further refined.
  - Subject to change due to pandemic-related schedule impacts. These are still being measured by Hoffman Construction and Performance Abatement and will then be reviewed and assessed by the Project Team.
  - The current substantial completion date reflects non-compensable time extensions resulting from removal of contaminated soils and the remnants of the old County Detention Home, and from the February 2019 snowstorms.
- d. Original Project Budget (approved by Council 7/30/2018): \$76,579,770
  - Adjustment due to removal of art allowance: -\$441,417
  - Revised Project Budget: \$76,138,353
- e. Work Complete and Invoiced Through 3/31/2021: \$68,422,245

### 3. Changes

None at this time.

### 4. Upcoming Project Decisions Needing Court Input

Due Date	Item

### 5. Stakeholder Concerns

- a. Phase 2 Office Move Plan The general Phase 2 office moves plan has been distributed by Facilities and Fleet Management. Lynn Gray from Facilities is working with each building user group on moving specific offices and individuals at specific times, once their destination spaces are ready. COVID-19 has impacted this schedule and user groups will be delayed moving to destination spaces.
- b. Minimizing Noise Disruptions While most of the project work now occurs in the evening, the Project Team continues to provide advance notice to Superior and District Courts regarding daytime activities which may carry major noise impacts, especially those which must continue in order to maintain schedule.
- c. **Temporary Office Use** Given numerous unforeseen COVID impacts on the project, building user groups have been and will be in temporary offices longer than anticipated. This delay has caused some level of frustration within the user groups as well as for the

Project Team. The Project Team is making every effort to minimize impacts and communicate known estimates and milestones as much as possible.

### 6. Announcements / Action Items

- a. **Central Corridor on Level 3 (Outside Courtrooms 3E and 3F)** Renovations in this corridor will continue through March, completing once the Level 3 segment has been poured. As with the public corridors on Levels 1 and 2, the contractor will provide a walkable route.
- b. **Courtroom 3E** Renovations are starting and will continue throughout April and May.
- c. **Meetings Going Forward** Our next three scheduled meetings are April 29, May 27, and June 24. Per the current public health emergency, we will advise of any alternate meeting / teleconferencing arrangements, or of any cancellations or postponements.

Figure 1: Courtroom Rosetta Stone: Courtroom Assignments – Updated 1/8/2021

	COURTROC	M DESIGNATIO	NS BY FLOOR AND BY JUDGE
NEW	CURRENT	JUDGE	NOTES
5A	Superior Dept 12	Ellis	
5B	Superior Dept 11	Dingledy	
5C	Superior Dept 9	Farris

## **PROJECT DASHBOARD**

Budget Status Summary						
	Project As Approved 07/30/2018	Expended To Date 03/31/2021	Percentage Complete			
Total Project Budget *	\$76,138,353	\$68,422,245	89.87%			
Contingencies & Allowances **	\$4,014,016	\$2,262,761	56.38%			
Project Duration***	152 weeks	140 weeks	92.11%			

#### NOTES:

<sup>\*\*\*</sup> Based on Hoffman Construction's projected substantial completion. Per the most recent accepted schedule, the project duration is 136 weeks.

Schedule Status Summary				
Council Approval / Notice To Proceed	07/30/2018			
Phase 1 Completion	03/12/2020			
Phase 2 Projected Completion*	06/29/2021*			

<sup>\*</sup> Source: Current Hoffman Construction schedule

### **Risks & Closely Monitored Issues**

- 1. Risks to schedule and budget from pandemicrelated labor shortages and social distancing safeguards; see *Coronavirus-Related Impacts* on p. 2 and *Pending Changes* on p. 4.
- **2.** Potential for undiscovered conditions inside the Courthouse during Phase 2 renovations.
- 3. Minimizing disruptions to Superior and District Courts' operations. Communications between Courts and construction field supervision is frequent and well-managed.
- **4.** Site Security: Securing and safeguarding tools / materials, controlling construction access.
- **5.** Maintaining accessible walking routes within or through selected building renovation areas.

	Owner Contingency Usage

	Total:	\$151,139	\$1,125,790					

Hoffman Allowance Usage								
DAC	Allowance Description	Approved to Date (Running Subtotals)	Balance					
6005	Addendum 4 not incorporated into bids	\$150,000	\$0					
6005	Replace existing faulty piping	\$25,000	\$0					
6005	Remove/reinstall items to facilitate work	\$54,133	\$45,867					
6005	MEP temp workarounds not identified	\$112,078	\$17,922					
6005	Non- backchargeable trade damage	\$19,145	\$50,855					
6005	Selective OT to maintain schedule	\$34,126	\$5,874					
6005	Allowance – Existing slab patching/infill not shown	\$1,062	\$13,938					
	Total:	\$395,544	\$134,456					

<sup>\*</sup> Per scope approved by Council 7/30/2018, including removal of the Art Allowance. Scope remains unchanged from that which Council approved.

<sup>\*\*</sup> Contingencies and allowances are included in the Total Project Budget. The total expended does not include the user-funded enhancements itemized to the right of this paragraph.

# Coronavirus-Related Impacts Since previous report

COVID-19 has necessitated extending the duration of the project's owner-controlled insurance program (OCIP). Premiums for this extension are projected to total as high as \$60,060 and are captured in both the Project Dashboard and Appendix A, Budget Status.

The Project Team and Hoffman Construction reached consensus on some COVID-related compliance costs, which are reflected in Hoffman Change Order No. 25 for \$146,441. On September 1, the County denied Hoffman Construction's claim, which Hoffman filed in response to a declined change order for a compensable schedule time extension. Should Hoffman elect to pursue the claim after the project's substantial completion, then, per contract, Hoffman and the County must complete non-binding confidential mediation within 240 days of substantial completion.

The County views the COVID-19 pandemic as a force majeure event. (Other examples of force majeure are natural disasters and unusually severe weather conditions.) Hoffman Construction and Performance Abatement continue to perform their contractual duties.

As a result of pandemic-related impacts to contractors, subcontractors, and suppliers, building user groups will remain in temporary offices longer than originally scheduled. The exact length of schedule delays is still being calculated and is dependent upon available labor.

# Construction Progress

March 2021 and early April 2021

Hoffman Construction and/or Performance Abatement have:

- Completed and turned over the following:
  - Courtroom 5C.
  - Superior Court Commissioner Offices D and E.
  - Clerk Confirmations Office.
  - Sheriff's Office Records Bullpen.
- Continued transforming the east half of fourth floor into Courtroom 4A, its chambers and jury room, a family restroom, the janitor's closet, and associated public and private corridors.
  - Completed drywall in the courtroom and associated chambers.
  - Framed and closed soffits in the courtroom.
  - Installed plumbing connections and hard-lid ceilings in the associated judicial, jury, and family restrooms.
  - Installed plumbing connections in the new janitor's closet.
  - Completed masonry walls and detention-grade furniture for the associated in-custody defendant holding and staging area.
  - Began painting walls in the courtroom.
  - Began installing the ceiling grid in associated corridors and staff elevator lobby.
- Completed the abatement and demolition necessary to begin renovation of Courtroom 3E.
- Prepared to install above-ceiling seismic collector plates in Courtroom 5B.
- Continued reconfiguring the Superior Court Programs office suites on the north side of fifth floor.
- Continued transformation of the old Superior Court Criminal Hearings

Courtroom (C304) into District Court Hearing Courtroom 3C and its support offices.

- Hung and primed drywall.
- Continued overhead MEP (mechanical, electrical, and plumbing) and in-wall electrical and audio-visual.
- Poured floor infills above the demolished stairwell between the second and third floors.
- Completed the demolition and abatement necessary to begin renovations on the north central side of third floor; these renovations will include construction of the District Court Probation Urinalysis Office.
- Continued construction of the family restrooms and janitor's closets on the top three floors of the courthouse.
- Completed overhead installation and MEP reroutes above public corridors on the third, fourth, and fifth floors.
- Began final painting areas undergoing renovations on fifth floor:
  - Superior Court Programs office suite
  - Family restroom
  - Janitor closet
  - Storage room and Court IT office.
- Began construction of a new jury restroom between District Court Courtrooms 3A and 3B.

# **Upcoming Construction Activities April and May 2021**

Hoffman and Performance are actively working on the following:

- Complete courtroom and jury room renovations on the third floor.
- Complete demolition and abatement on the north central side of third floor, to enable completion of overhead fireproofing in the building.
- Complete walls, ceilings, and new MEP connections at the south seismic shearwall on multiple floors.
- Complete Superior Court Courtroom 4A, District Court Courtroom 3C, and their support offices.
- Complete ceilings, tile flooring, and carpet tile on third, fourth, and fifth floors.
- Continue building out the north central side of third floor, including the District Court Probation Urinalysis Office.
- Complete commissioning and adjustment of the renovated existing Courthouse non-custody elevator cars.
- Install above-ceiling seismic collector plates in Courtroom 5B, and then return it to Superior Court.
- Complete ceilings above the public corridors on fifth floor.
- Complete reconfiguration of the Superior Court Programs office suite on fifth floor.
- Complete the new jury restroom, and begin renovations to existing jury deliberation rooms and restrooms, in the District Court portion of third floor.

### **Project Scope**

This project will occur in two phases:

- Phase 1 substantially complete in March 2020.
  - New entry tower to the existing 1967 courthouse, to help right-size the building for the County's needs.
  - Seismic bracing for the existing courthouse via the addition (entry tower).
  - New jury assembly room, new accessible elevators, and a new public entry within the addition.
  - New, accessible restroom core within the existing courthouse.
- Phase 2 is in progress and, subject to change due to COVID-19, completion is estimated to be near the end of June 2021.
  - Renovate the existing courthouse, to provide at least one accessible courtroom on each floor.
  - Seismic bracing via a shearwall on the building's south face.
  - Free up space within the existing courthouse for the limited provision of those separated circulations—public, private/staff, and secure/in-custody—which conform to modern courthouse operating practices.
  - Free up enough space within the existing courthouse to provide a permanent home for an existing superior court judicial seat.
- During both phases, as portions of the existing courthouse become available:
  - Remodel of selected Superior and District Court courtrooms.
  - Refurbish the existing public elevators.

### **Pending Changes**

- Revisions (see Cost Events Approved Within The Last 60 Days, pages 10-11):
  - Hoffman Change Order No. 27 is the most recently approved and executed change order, as of February 15.
- Additional premiums for extending the duration of the project's OCIP / Builder's Risk insurance policy (see Coronavirus-Related Impacts, page 2).
- The project team is reviewing several changes requested:
  - Cooling tower access revisions for the existing Courthouse.
  - Casework revisions for District Court.
  - Wall removal and replacement for fourth-floor electrical room.
  - Lighting control revisions for the existing Courthouse.
  - Additional demolition and abatement to accommodate renovation work.
  - Deleted acoustical glazing.
  - Seismic bracing for the roof mechanical and elevator rooms.

### Communications

Courthouse Project Team members have worked with building users, the Courthouse Security Unit, and the Executive's Communications Office since mid-May 2018 to alert staff and public to the start and impact of construction.

### Methods of communication include:

- Recurring virtual meetings with key building user groups during the current public health emergency.
- Weekly written project update, in lieu of physical meetings, for all building user groups and representatives of the Council and Executive's Office.
- Public Website: <a href="https://snohomishcountywa.gov/4094/Ca">https://snohomishcountywa.gov/4094/Ca</a> mpus-Courthouse
- Snohomish County Connects articles.
- · All Hands emails from Facilities.
- Slideshows on elevator lobby monitors in the administration buildings.
- Temporary signage on Campus and inside the Courthouse.
- Public and Staff Notices, posted to the website or attached to internal emails.
- Meetings with key building user groups to plan office moves for Phase 2.

The Project Team will continue to keep the public and County staff informed of major activities. Furthermore, in addition to the Council archiving this series of Council updates to Granicus, we are also distributing them via email to key building tenant contacts and archiving them to the project's public website.

## **Appendix A: Budget Status**

The budget status for the project is shown in the chart on the following pages. Costs and budgets are through the end of March 2021. Year-end reconciliations for 2020 are included in these figures.

### Items of note:

- The tan-highlighted rows under GCCM Costs and Project Soft Costs / Owner Direct work represent the approved change orders which, at this stage of the project, are now appearing on subcontractor billing and are included in the GCCM Direct Costs. Out of due diligence, as of the May 2019 project status report, we have started tracking billing progress against each approved change order to date.
  - Additionally, as of December 2020, we are tracking the remodel of the Sheriff's Civil / Records area under Architect's Supplemental Instructions (ASI) No. 58 under a new Designated Accounting Code (DAC) suffix for the project (6012).
- The tan-highlighted row for Remaining Owner Project Contingency corresponds to the approved and executed change orders and the contingency status in Sections D and E.
- 3. **UPDATE:** The yellow-highlighted row represents a change in tracking expenditures to date, as building commissioning services are being provided under the aegis of GCCM compliance and project and construction management. The *Expenditures To Date* and *Forecast To Complete* columns reflect this.
- 4. Building User-Funded Project Enhancements, which are externally funded by Courthouse tenant organizations (i.e., not funded by the project budget). This line reflects enhancements approved and included in executed change orders, using project contingencies as a "pass-through" to pay for them and to receive reimbursement funds from user groups. Expenditures and reimbursements will balance without impact on the project budget. Values are illustrated for tracking and overall accounting purposes.

To date, the project has tracked \$543,845 in user-funded project enhancements, which have been reimbursed as of year's-end reconciliation.

# **Appendix C: Photos of Progress Since Previous Report**

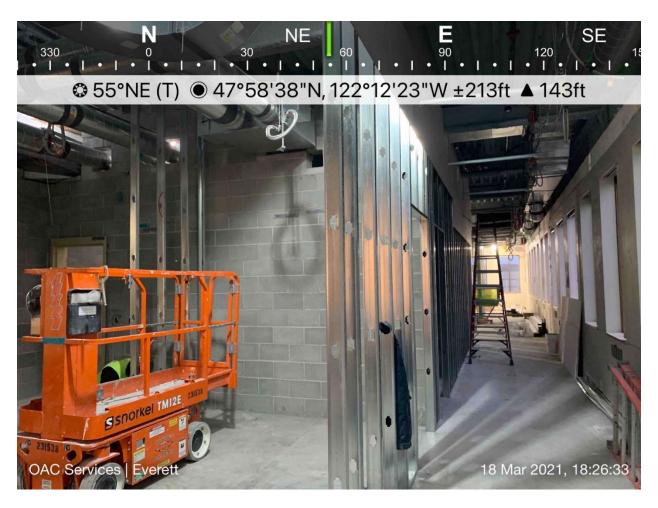

District Court Courtroom 3C in early March.

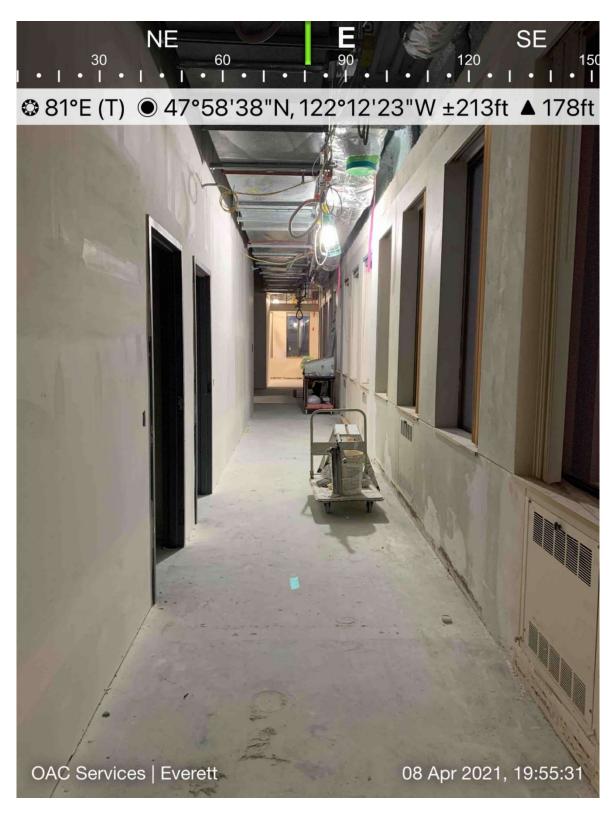

Assembling the bench in Courtroom 3C in late March.

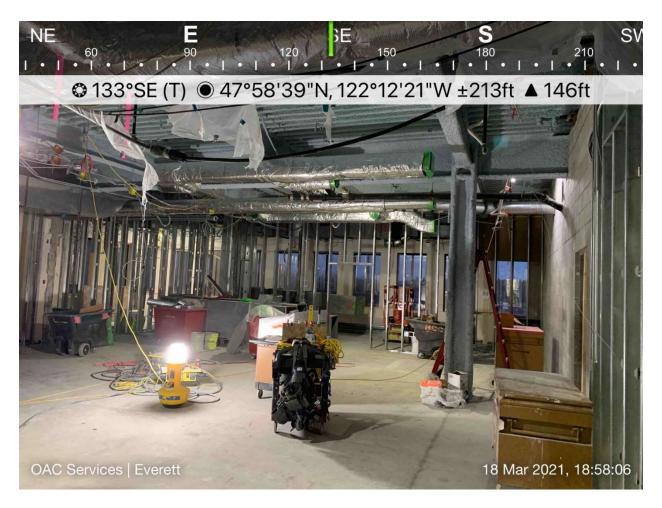

Courtroom 3C in mid-April.

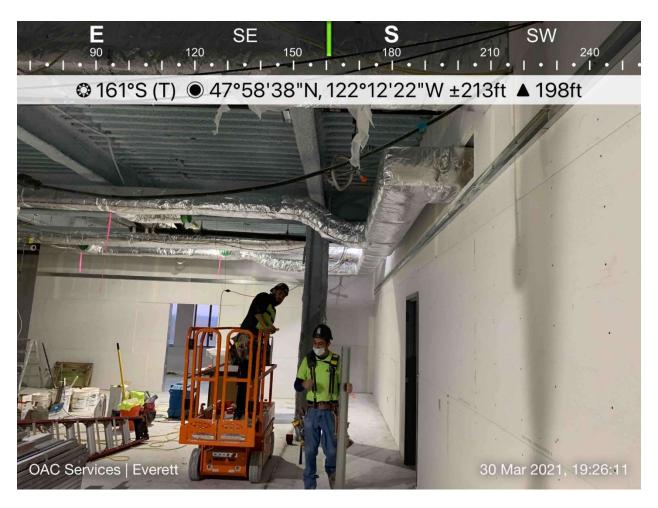

East-west public corridor on fourth floor in mid-March.

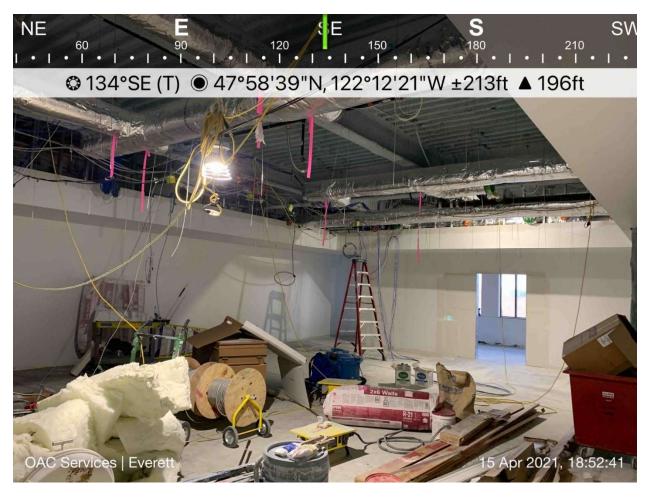

Same corridor in early April.

Courtroom 4A in mid-March. View is from bench entrance to gallery entrances.

Similar view of Courtroom 4A in late March.

Courtroom 4A in mid-April. Vantage point is the same as the two previous photos, but view is across well and gallery toward east gallery entrance and south edge of jury box.
