

SNOHOMISH COUNTY COUNCIL
Snohomish County, Washington

MOTION 21-229

AUTHORIZING THE CREATION OF AN IT DATA MANAGER POSITION WITHIN THE
DEPARTMENT OF INFORMATION TECHNOLOGY

WHEREAS, in the Summer of 2019 a Data Management Steering Committee was formed in response to a HIPAA breach at Snohomish County. The work of this committee resulted in identification and definition of core areas of responsibility for a data management position within the county; and

WHEREAS, data is created every day and directly affects the lives and future of our citizens, while also creating the County's history; and

WHEREAS, a data management position will ensure that information created by Snohomish County enterprise operations is created, stored, retrieved and archived in a way that aligns with local, state and federal rules and guidance; and

WHEREAS, as Snohomish County expands its digital footprint, data creation must be tied to coordinated plans for access, retrieval and retention; and

WHEREAS, through active data management, we serve not only today's residents, but those yet to come, ensuring critical business data is organized, readily accessible, and preserved;

NOW, THEREFORE, ON MOTION, the Snohomish County Council hereby authorizes the reclassification of position # INF4758R to an IT Data Manager position within the IT Department as governed by SCC Chapter 3.68 and 3.69.

PASSED this 14th day of July, 2021.
