Why would you like to serve on this board/commission?	I moved to Washington in 2000 and settled in Snohomish County in 2003. As a professional social worker, my values include service, social justice, dignity and worth of the person and the importance of human relationships. These values are also integral to who I am as a person and to the responsibility of caring for the children of our community. I have raised my children here and hope to continue supporting the safety and wellbeing of children, youth and families throughout the community.
Please explain why you are a qualified candidate, including relevant professional experience, to serve on the board/commission.	I have over 20 years in public service. I have worked in Snohomish county as a social worker for the state of Washington focused in child safety and family reunification. I have volunteered at my local food bank and served on the Advisory Board at my local YMCA, among other civic activities, as a way to support positive efforts in the community. I have spent the past 10 years in higher education, most recently at the University of Washington as a Teaching Associate and Field Educator, supporting the educational, professional, and personal development of social work students launching into the field of public child welfare. My experience as a social worker and educator as afforded me the opportunity to see the vast needs of the community and engage with various partners to meet those needs. I would hope that my experience on the Board would complement the wonderful work that Snohomish County is doing for children and families.
