SPECIFIC TERMS AND CONDITIONS

PUGET SOUND TAXPAYER ACCOUNTABILITY ACCOUNT FUNDS

This INTERLOCAL AGREEMENT (the “ILA”) is entered into pursuant to the provisions of RCW Chapter 39.34 by and between SNOHOMISH COUNTY, hereinafter the “County” and the Institution of Higher Education identified on the Face Page of this ILA, (hereinafter the “IHE”), a public agency. The County and the IHE (collectively, the “Parties”) hereby agree as follows:

I. PURPOSE

The purpose of this ILA is to set forth the duties between the County and the IHE regarding the distribution of Puget Sound Taxpayer Accountability Account (PSTAA) funds. The PSTAA was created as an amendment to the 2015 State Transportation Revenue Package by the Washington State Legislature and is funded by a percentage of sales and use taxes collected from Sound Transit construction projects. PSTAA funds are to be distributed to King, Pierce, and Snohomish counties proportionally based on the population of each county that lives within Sound Transit’s jurisdictional boundaries.

Pursuant to RCW 43.79.520, counties may use distributions from the PSTAA account only to improve educational outcomes in early learning, K-12, and higher education including, but not limited to, for facilities and programs for children and youth that are low-income, homeless, or in foster care, or other vulnerable populations; and to start endowments to provide support for improving educational outcomes in early learning, K-12, and higher education. Snohomish County Council outlined additional guidance for use of PSTAA funds collected in the Snohomish County subarea in its Motion 20-553, and updated guidance in its Amended Motion 21-089 and Amended Motion 22-282.

II. TERMS AND CONDITIONS

As provided by RCW 39.34.040, this ILA shall not take effect unless and until it has (i) been duly executed by both parties, and (ii) either filed with the County Auditor or posted on the County or IHE’s Interlocal Agreements website (“Effective Date”). The ILA shall continue in effect until terminated by either party according to the termination provisions of the Basic Terms and Conditions. Notwithstanding the Effective Date of this ILA, all activities described in the ILA that are performed on or after the start date on the Face Page of the ILA shall be governed by the terms of this Agreement.

A. Compliance with Specific Laws, Regulations, and Agreements

1. Contingent upon allocation of PSTAA funds by the State, the IHE expressly agrees to undertake projects and programs consistent with Puget Sound Taxpayers Accountability Account Act RCW 43.79.520, Snohomish County Council Amended Motion 21-089 and Amended Motion 22-282, and any additional requirements that may be imposed by the Washington State Legislature or the County Council provided such additional requirements by the County Council are not inconsistent with the IHE's duties and responsibilities under existing law.
2. Administrative expenses paid with PSTAA funds under this ILA may not exceed more than 10% of the total annual PSTAA allocation.
3. The IHE shall ensure compliance with all applicable sections of the Revised Code of Washington (RCW) and Washington Administrative Code (WAC) and any RCW and WAC requirements as amended.
4. The IHE also agrees to comply with all other applicable federal and state statutes, regulations, and executive orders.

3. Other applicable federal, State, and local laws, regulations, and policies governing the funds provided in this ILA.

PSTAA funds will be allocated on an annual basis, at the direction of Snohomish County Council, from 2021 through 2036 or until PSTAA funds have been entirely allocated per RCW 81.112.360; or until either party terminates this ILA, whichever is earlier. It is expressly agreed and understood that the total amount to be paid by the County under this ILA shall not exceed the total funds appropriated to the IHE each year and included in an amendment signed by Parties. Annually by May 31, the parties will submit an agreed-upon Services and Expenditure Plan for the upcoming year, for approval by motion by County Council. Upon approval by motion, the Services and Expenditure plan becomes an enforceable part of this ILA.

- C. The Puget Sound Taxpayers Accountability Account Act is created in the state treasury. Moneys in the account may be spent only after appropriation.
1. IHEs shall expend funds in compliance with the Puget Sound Taxpayers Accountability Account Act and any additional requirements that may be imposed by the County Council or the State Legislature, provided such additional requirements by the County Council are not inconsistent with the IHE's duties and responsibilities under existing law.
 2. Funding under this ILA is subject to appropriation by both the State Legislature and the County Council.
 3. The County will not provide funding to continue programs or projects when appropriations from the State Legislature are not made, including when funding ends.
 4. Appropriation percentages, which are based on population, may be revised by the County following the 2020 and 2030 censuses.
 5. In order to allocate PSTAA funds to efforts, programs and/or projects demonstrating the highest level of success in improving educational outcomes, the Snohomish County Council may choose to adjust, on an annual basis, the allocation percentages for distribution based on the fund recipients' performance. The County Council shall provide the IHE advance notice of any planned adjustments affecting the IHE's allocation percentages by no later than May 1 of each year or thirty days before the IHE's annual PSTAA Services and Expenditure Plan (Exhibit D) is due to the County, whichever is earlier.
 6. Appropriated funds unused by the IHE (IHE did not submit reimbursement for the totality of appropriated funds) will remain in the PSTAA account and be included in the available balance to be appropriated in a future program year.
 7. PSTAA funds are intended to benefit residents of the RTA and shall be used accordingly as outlined in Exhibit B – Statement of Work.
 8. PSTAA funds shall be used in accordance with RCW 43.79.520 and any future additional direction of the County Council and the State Legislature, as outlined in the Statement of Work (Exhibit B).

Description of proposed use of funds:

A proven best practice in improving student success is to provide resources and services aimed at supporting students' basic needs so that they stay in school and complete their degrees.

In 2018, Edmonds College opened a modest Food Pantry providing basic food and toiletry supplies at no cost to students who face food insecurities. This was in response to the growing number of students facing food insecurities and the results of the #RealCollege Survey. In 2019, a student basic needs task force was formed bringing together most of the various student emergency assistance programs to better coordinate referrals. Following the example of The Hope Center and other college programs and after receiving grants from the State of Washington, Edmonds College Foundation, and the City of Edmonds, we created a single emergency assistance application and hired a full-time Care Navigator. In January 2022, the Triton Student Resource Hub opened. The Hub and the Food Pantry were moved to a building of its own providing a much-needed larger space for the Food Pantry. The first floor is now the Triton Food Pantry, and the second floor provides student basic needs. In addition to the full-time Care Navigator, a community partner, Verdant Health District is providing a full-time 2-1-1 Community Resource Advocate (CRA) located in the Hub. Services with our Veterans Center, Counseling Center, Career Action Center, and an employment navigator from CARES of Washington are provided space on site on a regular basis.

Supplies/Minor equipment:

Items and resources provided by the Food Pantry meet the growing basic needs of our students, needs that go beyond food and toiletries. The PSTAA funds will be used to purchase: food for Food pantry; equipment and supplies that will enhance the efficiency of food distribution; education and resource information programs including cooking demos, food drive supplies, volunteer supplies and appreciation awards, diet and meal planning, and other enhanced services; basic school supplies; winter clothing including coats, hats, gloves, etc.; and personal hygiene products including feminine hygiene products, soap, shampoo, diapers etc. Funds may be used to expand our freezer needs and storage.

Staffing:

Funds will be used to cover wages and benefits for our Food Pantry Program Specialist who will be the lead in the college food pantry and will coordinate food and hygiene item distribution to our campus population, schedule and assign student staff and volunteers, and provide operational oversight during open pantry hours. Our AmeriCorps member was exited out of the program due to federal cuts to the program. In response, Edmonds College continued this valuable position by funding a food pantry outreach coordinator to mitigate the impact to our outreach efforts. This person will help in overall Hub and Food Pantry operations and offer educational programming like nutrition, diet, cooking demonstrations, eating on a budget, etc., and allow us to expand the hours of operations to allow more students to use the Food Pantry. In addition, the outreach

coordinator will coordinate food drives, food pantry service projects, food donations, and will market our services to students through outreach events.

Miscellaneous travel expenses:

We will also use funds for leasing a cargo van for food bank pickups, donations, food drives, and gleaning. Also included are funds to clean and detail the van, quarterly.

Insurance:

Edmonds College will purchase insurance for the cargo van.

Printing: costs include printing of marketing materials and signage.

Based on counts of unduplicated students served by the Food Pantry, we know that most of our students live in the Snohomish County RTA boundaries, so a majority of those who will receive support from new and added resources and services in the Food Pantry live within the RTA area.

We will continue to enhance the resources in the Food Pantry by increasing the allocation for vouchers for students with high financial need and who live within the boundaries of RTA. Over this past year students have struggled. We have experienced a significant increase in the number of requests for assistance with child care, rent, gas, and basic utilities. The continued voucher allocation will allow us to serve more students so they can buy fresh foods, and to help with expenses such as child care, rent, utilities, gas, etc.

One growing need is housing. If a student is homeless and unhoused, funds are used to rent an apartment in campus student housing, Triton Court, for the remainder of the quarter while working with the coordinated entry system for more long-term stable assistance. The two full-time Care Navigators that are in the Triton Student Resource Hub will manage the process (intake, determining need/priority, duration of stay, etc.). A full time Community Resource Advocate is also found in the hub for access to 2-1-1 and coordinated entry resources. The Triton Court apartments are managed by the college's Housing Program; the college does not own the apartments but manages them as student housing. Providing these continued housing services and basic supports will significantly improve student retention for students facing financial challenges so that they can focus on their classes and studies.

Proposed performance indicators/metrics for measuring educational outcome(s):

Research shows that students who are food and/or housing insecure have increased stress, anxiety and often have academic difficulty which affects their student progress and success (i.e., dropping classes, missing classes, difficulty concentrating, etc.). Additionally, research shows that many college students drop out of their educational journeys due to issues like hunger and homelessness.

We will measure the overall impact of the Triton Student Resource Hub and Food Pantry by implementing a survey instrument related to how the Hub and Food Pantry can or have impacted their personal and/or academic goals. Other metrics will include duplicated and unduplicated visitor counts and the amount of food distributed in total weight and average weight per student.

Please list: Parent operated cooperative preschools are among the lowest cost early childhood opportunities in Snohomish County and are open to families who may not meet the income guidelines for Head Start, ECEAP or other state funded programs. Financial aid and fee waivers are available for families who are low-income.

Description of proposed use of funds:

PSTAA Funds will be used for early childhood curriculum standardization and enhancement in FLED affiliated, low-cost, Parent Participation Preschools throughout Snohomish County. There are eight nonprofits, parent operated cooperative schools serving approximately four hundred families.

Funds will be granted to the nonprofit Lynnwood Meadowdale/Center for Families Cooperative Preschool (CFF) with support and guidance from Edmonds College's department of Family Life Education, funds will be used to purchase early learning curricula, special enrichment activities for the classroom, classroom materials, and professional development and training for teachers. Additionally, expanded educational opportunities for parents and caregivers via guest speakers, learning materials, and workshops may be funded. Special attention will be focused on evidence-based programs that provide extensions from the preschool classroom to the home environment.

One of the strengths of cooperative preschools is the focus on family engagement, as caregivers play an active role in the classroom as teaching assistants. As outlined in the

Early Learning Family Engagement Framework, three of the major definitions of family engagement are central to the mission of cooperative preschool:

- A shared responsibility in which programs are committed to engaging families in meaningful and culturally respectful ways, and families are committed to actively supporting their children's learning.
- Grounded in positive, ongoing goal-oriented reciprocal relationships between educators and families.
- Develop and grows over time, meeting families where they are by providing opportunities and resources to help them move forward, both in their role as their child's first teacher and partner with the school, and in uplifting their own family well-being.

The cooperative preschool serves not only as a vital learning experience for children, but it also provides a laboratory setting for caregivers to develop important skills that will influence their relationship with their children throughout their academic career. While cooperative preschools offer a developmentally appropriate, play based learning environment, teachers and caregivers alike will need additional training and materials to help support social emotional skill development, with a specific focus on literacy and language development. Confidence with these subjects at the preschool level will ensure caregivers will continue to take an active role throughout the child's schooling.

Proposed performance indicators/metrics for measuring educational outcome(s):

FLED affiliated Preschools will adopt evidence based, developmentally appropriate early learning curricula that incorporates Social Emotional learning and Inclusion principles.

- Preschool classrooms will have enhanced learning materials provided and other professional development for 20+ preschool teachers to ensure curriculum standardization.
- Children will have the opportunity to learn and engage at a developmentally appropriate level with a curriculum and environment that supports all dimensions of human differences.
- Caregivers' self-assessments and evaluations that reflect a growing confidence in supporting their child(ren)'s development and learning.
- Research based teaching practices and materials implemented will have positive impact in these areas:
 - Social Emotional Learning: positive social relationships, emotional regulation, and cooperation
 - Enhanced Language and Literacy development for both primary language learners and ELL students
 - Training for the preschool teachers in neurodiversity in the preschool age, with an on-going professional learning community to develop skills in observation and assessment. Additionally, training in working with families of neurodiverse children to ensure a successful preschool experience.
 - Growing engagement with families in meaningful and culturally respectful ways
