The granting or denial of an application for classification or reclassification as open space land is a legislative determination and shall be reviewable only for arbitrary and capricious actions. Denials are only appealable to the superior court of the county in which the land is located and the application is made.

Statement of Additional Tax, Interest, and Penalty Due Upon Removal of Classification

1. Upon removal of classification, an additional tax shall be imposed which shall be due and payable to the county treasurer 30 days after removal or upon sale or transfer, unless the new owner has signed the Notice of Continuance. The additional tax shall be the sum of the following:
 - (a) The difference between the property tax paid as "Open Space Land" and the amount of property tax otherwise due and payable for the last seven years had the land not been so classified; plus
 - (b) Interest upon the amounts of the difference in (a), paid at the same statutory rate charged on delinquent property taxes; plus
 - (c) A penalty of 20% will be applied to the additional tax and interest if the classified land is applied to some other use except through compliance with the property owner's request for withdrawal as described in RCW 84.34.070(1).
2. The additional tax, interest, and penalty specified in (1) shall not be imposed if removal resulted solely from:
 - (a) Transfer to a governmental entity in exchange for other land located within the State of Washington.
 - (b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power.
 - (c) A natural disaster such as a flood, windstorm, earthquake, wildfire, or other such calamity rather than by virtue of the act of the landowner changing the use of such property.
 - (d) Official action by an agency of the State of Washington or by the county or city where the land is located disallows the present use of such land.
 - (e) Transfer of land to a church when such land would qualify for property tax exemption pursuant to RCW 84.36.020.

REV 64 0021e (6/26/19)

REV 64 0021 (08/02/17)

Intent to use property under current designation and request for reclassification:

It is my understanding that the property (parcel no. 32052700400200) has been classified as open space agriculture for at least 22 years, and perhaps much longer. Vitruvian Design, LLC purchased the property at a sheriff sale and as no Deed has yet been recorded, has no legal access to the property to determine whether its current utilization comports with its classification. I have no knowledge of the prior use of the property. The property will be maintained in its current state – which appears to be a homesite with open fallow field presently without animals or commercial agricultural use. Under RCW 84.34 et seq, the land currently (i) conserves and enhances natural or scenic resources, (ii) protects streams and water supply, (iii) promotes conservation of soils and wetlands, (iv) and enhances the value to the public of abutting or neighboring parks, forests, wildlife preserves, nature reservations, and other open space.

Therefore, I am requesting to reclassify the property's designation from open space agriculture to farm and agricultural conservation land under RCW 84.34.020(8)(a).

Thank you for your consideration,

M. Alex Toth
