RE: Chemical Dependency and Mental Health Program Advisory Board

I am pleased to recommend the reappointment of the following individual to the Chemical Dependency and Mental Health Program Advisory Board (CDMH Board), as nominated by the CDMH Board:

- John Flood represents the Snohomish County Jail. He has been recommended for reappointment to fulfill the remainder of Jamie Kane's vacated term, currently set to expire September 30, 2021. It is recommended that the end date be extended to February 28, 2022 to re-align with the renewal timing of other the other positions.

The CDMH Board serves in an advisory capacity regarding implementation and use of the tax imposed by SCC 4.25.010. It is comprised of 13 members, including two members from the North Sound Behavioral Health Organization (NSBHO) Advisory Board, two members from the Alcohol & Other Drug Advisory Board, one member from the Council on Aging, one member of the Children's Commission, one member of the Veterans Assistance Fund Board, and one member to represent the County Jail, Superior Court, a provider of chemical dependency or mental health services, and law enforcement, and two members to be identified by the board, currently representing clients/families and housing providers.

Pursuant to SCC 2.03.030, I hereby urge Council confirmation of John Flood to be reappointed to the Chemical Dependency and Mental Health Program Advisory Board to serve additional terms.

Thank you for your consideration.
