Dave Somers
County Executive

MEMORANDUM

Date: February 7, 2023
To: Council Chair Jared Mead
From: County Executive Dave Somers
Re: **Recommendation for Appointment to Noxious Weed Control Board**

I am pleased to approve the appointment of Robert McCarty to the Snohomish County Noxious Weed Control Board.

Mr. McCarty meets the board member qualifications, and desires to serve as the District 5 representative of the Noxious Weed Board. Pursuant to SCC 2.03.030, I am pleased to recommend the appointment of Mr. McCarty to the Noxious Weed Control Board. Mr. McCarty graduated with a Bachelor of Science in Range Management from Washington State University. He is currently working part-time at Coastal Farm and Ranch; and has retired from the State Department of Transportation and the Liquor Control Board. Additionally, he previously served the City of Monroe Council, representing position 1 for two terms. He is interested in noxious weeds impacts along the river and is working with the City of Sultan to develop a new invasive knotweed policy.

Pursuant to SCC 2.03.030, I recommend Robert McCarty for appointment to the Snohomish County Noxious Weed Control Board to serve a four-year term, expiring 12/31/2026.

Thank you for your consideration.
